THE Brompton hospital for consumptives, London, England, published a statement that 52 per cent of the pa-tients in that institution had unsuspected kidney disease. Every drop of blood in the system passes thousands of times through the lungs in each twentyfour hours. The same blood passes through the kidneys for purification. If the kidneys are not in a healthy con-dition or able to expel the poisonous or waste matter the acids return to the delicate tissues of the lungs and pro-duce irritation, which results in the symptoms of what is known as con-sumption. This explains why 52 per cent of the consumptive patients have unsuspected kidney disorder. Warner's Safe Cure puts the kidneys in a healthy condition taking the acids from the blood which vitiate the lungs and cause consumption.

At the January drawing of the Louisiana State Lottery Co. it was found that the ticket numbered 40,789 had

drawn \$100,000. One-tenth of this ticket was held by a Boston gentleman, W. H. Nagle, of Farrell, Nagle & Power, wholesale dealers in wool, Hathaway building, 620 Atlantic ave. Mr. Nagle lives in a large brown

wooden dwelling on the corner of Main and Ellery streets, Cambridge. A Record reporter called on him last evening to learn if the report as to his good luck had a good foundation, and was assured that it had. Mr. Nagle sent \$1 about two months ago to M. A. Dauphin, New Orleans, La., and a short time ago he received by express a check from that gentleman for \$10,-000, on which he got the money.

Mr. Nagle had not decided what disposition he should make of his suddenly gained good fortune. He said that he has so many calls for money

Deafness Can't Be Cured

Deafness Can't Be Cured By local application, as they can not reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condi-tion of the mucus lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperiect hear-ing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be de-stroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus sur-faces.
