

THE SIOUX COUNTY JOURNAL.

HARRISON, NEB., JULY 4, 1889.

NO. 42

THE SIOUX COUNTY
JOURNAL.

Simmons & Patterson, Proprietors.

Time Table.
F. E. & M. V. Ry., Passenger.
Going west leave Harrison at 10:35 A. M.
Going east leave Harrison at 2:51 P. M.

Harrison Market.

Butter, 8c.
Eggs, 10c.
Poultry, per doz. \$2.40 to \$3.
Oats, per 100 lb. \$1.40
Corn, per 100 lb. 65c.
Bran, per 100 lb. \$1.10.
Feed, chopped, per 100 lb. \$1.35.
Potatoes, per bu. 25c.
Sorghum, per gal. 50c.
Onions, per bu. \$1.50.
Beans, per bu. \$1.00.

Oats for sale at the lumber yard.
Ice cream at the Restaurant every Wednesday.

Fresh strawberries and lemons at Rosa & Thompson's.

Those "High Proof" cigars are the best in the market—found at the Restaurant.

If THE JOURNAL is not quite as good this week as it ought to be, just charge it to the 4th of July.

The train from the east did not arrive on Tuesday until 2 p. m., owing to delays east of Chadron.

Don't forget that we can furnish you everything in our line, at fair prices, at the Ranch Supply House.

Mrs. R. K. Post has moved her millinery stock into the room formerly occupied by the county judge's office.

It is reported that a brick business building is projected for this place, but the matter has not been definitely settled.

The people are compelled to still drive over the ditch which winds through Main street. A little work judiciously applied, would be greatly appreciated.

A number of fine shade trees have been put out along the business streets during the past week, which adds much to the comfort and appearance of the place.

H. T. Conley has let the contract for a new residence on his land which joins the town on the north. This piece of land is one of the most valuable pieces in the vicinity.

E. G. Hough has the house on his claim well toward completion and expects his family here in a few days. He has a nice piece of land and will make a fine farm out of it.

W. R. Smith has put in a fine double-acting force pump and can attach a hose to it and throw water all over his own building and those adjoining. It would prove of much value in case of a fire.

Marshal Trimbur announces that all dogs found running loose within the incorporated limits of Harrison on and after next Saturday, upon which the tax has not been paid, will meet a sudden and fatal accident. Dog owners take notice.

Among our advertisers this week appears John Thornton, telling the farmers that he has the Old Reliable Buckeye harvesting machinery. These goods need no recommendation to those who have used them, and if you want a machine call on Mr. Thornton.

We would suggest to the authorities that it would be a good plan to have the boys to keep out of the trough at the town pump. Horses do not like to drink out of a dirty trough and the boys frequently get into the water with their feet, which ought to be stopped.

If a general cleaning up was made around the streets of Harrison it would improve the appearance of the place very much. Sticks, stones, pieces of tin, etc., lying in the street do not look well and are a constant danger to teams as they are driven about town. Let the streets be cleaned up.

On last Saturday a little excitement was created by the attempt of a farmer's team to run away. They got out a few rods, however, before they were stopped. Later in the day Thornton's team attempted to run away with a load of shingles, after dumping the driver off as they crossed the railroad track. By a little sharp running on the part of Mr. Thornton and his assistant they were stopped, having done no damage except to drop a few bunches of shingles.

Sheriff Pfost informs us that he has received word from Judge Kincaid to the effect that he would come here as soon as possible and dispose of the horse under trial in this county. This is good news for the tax payers of Sioux county as it will save a good sum of money. The cost of keeping a prisoner until the regular term of the district court is saved, and Sheriff Pfost will be relieved of the responsibility of having to keep a prisoner in such a coop as the cooler of this place.

Oats for sale at the lumber yard.

Now is the time to subscribe for THE JOURNAL.

Ice cream at the Restaurant every Wednesday.

Do not fail to take advantage of our combination offer.

For the best flour in Harrison go to Ross & Thompson's.

Mrs. J. T. Weir has her new house ready for occupancy.

Dry Goods, Groceries, Boots and Shoes at Rosa & Thompson's.

Good goods at reasonable prices at the Ranch Supply House.

Be careful to bet on the right horse at the races this afternoon.

113 years ago to-day the declaration of independence was signed.

ROSA & THOMPSON'S

See their store when you go to Harrison.

Be careful and do not burn your fingers with fire crackers to-day.

Two papers for the price of one is what we offer. Be sure and get them.

Sheriff Pfost has been improving his residence property with paint and decorations.

Miss Clara Redd fell from a horse which she was riding last Sunday, but escaped without injury.

By the way people keep coming to Sioux county it will not be long until government land will be at a premium.

All accounts due me must be settled by July 15th or the same will be put in the hands of a collector.

A. Hart.

The little daughter of S. L. R. Maine who has been very sick is slowly improving and the prospects are that it will not be long until she will be completely recovered.

Every one should use all possible care to prevent a fire as the result of the celebration. With all the buildings of wood it would be a bad thing for the place should a fire get started.

The base ball boys did some good work on their grounds, in the past few days and have got them in pretty good shape. It will take a good deal more work to put them in first class condition.

The children of the editor of THE JOURNAL have been battling with a siege of the mumps, which makes them look as if they had a "plut take," but they have suffered but little, and will soon have one less disease to fear the balance of their lives.

School district No. 24 has contracted for the erection of a fine, new school house. The indications are that Sioux county intends to keep up with the record of the older settled counties in line of schools and school buildings. Nebraska stands in the front rank in educational matters.

Several of the boys paid a visit by way of the hand car route to the V. T. ranch last Sunday. After taking a much needed bath in the waters of the dam and accepting the hospitality of the ranch in the shape of a square meal, they "pumped" their way back in the dusk of the evening.

A good deal of work has been put in on the race track during the past week and it is in shape so that the horses ought to make some interesting sport this afternoon. A large number of horses have been entered and we expect that no accidents will occur.

On last Saturday Marshal Trimbur received word from Converse county, Wyoming, to look out for a couple of men who had carried some saddles away that did not belong to them. He sighted his game and took them in. Sheriff Williams and Deputy Huff, of Converse county, came down and recovered the saddles and the men were allowed to go free.

Sheriff Pfost was down to the Lower 33 ranch the first of the week to reprove a drifter for which the people there had traded, and which was claimed by a man by the name of Lyons. It looks as if the animal had been stolen and the officers are looking for the man who traded the mule at the ranch. If he stole the mule we would like to see him brought to justice.

Ed. Maine has his new house almost completed and it is one of the neatest farm residences in the vicinity. It is 14 by 22 with a wing 14 by 18. The ceilings are 10 feet high and a neat bay window adds much to the appearance.

One thing in connection with it is especially worthy of mention and that is that it is all native lumber, except the siding.

There are few counties in Nebraska that can produce the material to put up a house.
