Now is the time to subscribe for THE JOURNAL.

Wood taken on subscription at THE JOURNAL office.  
Do not fail to take advantage of our combination offer.

Summer hats and trimmings, at cost, at Mrs. Loutzenhiser's.  
We want a number of loads of wood on subscription at THE JOURNAL office.

Good town property for sale or rent cheap by W. M. SCHONBAUM.  
Do not fail to call on THE JOURNAL if you want a nice job of printing done.

Don't forget that THE JOURNAL is prepared to do all kinds of job printing in a neat and tasty manner, on short notice.

Conley, Reidy & Pollard have plenty of money to loan on improved farms at the most reasonable rates of any firm in Sioux county.

If you procure a loan of Conley, Reidy & Pollard you can pay it off and procure a larger loan next year without additional cost.

Remember THE JOURNAL clubs with almost any paper in the United States and when you want anything in the line of papers or periodicals call and see us and we can save you some money.

In the advertising columns of this issue appears the professional card of Dr. F. D. Burgess. He arrived here on last Thursday and has come here to stay and be one of us. He has had a number of years of experience as a physician and our people will find him a pleasant gentleman, and we welcome him to Harrison. His office is one door east of the Commercial Bank.

Send the names of your friends in the East who wish to visit you, or who are seeking new locations, to J. R. Buchanan, Gen'l Passenger Agent of the Fremont, Elkhorn & Missouri Valley R. R. Co., Omaha, Neb., that he may send them information relative to the "One-Fare Harvest Excursions," which occur August 6th and 29th, September 19th and 24th, and Oct. 8th.

On last Monday a body of United States troops passed through Harrison on their way to Fort Robinson. The companies from Fort Bidger and Fort Douglas made up the party and numbered about 600, and included a battery of light artillery of four rifled 10-pounders. This battery was under command of Capt. Kinzie. The infantry was under the command of Col. Andrews. Only a short halt was made here as they were anxious to reach their destination. The soldiers expect a big time at the encampment but also look for some pretty active work and strict discipline.

C. L. Tubbs has disposed of his blacksmith and carriage business and leased the building. The new proprietors are recently from Knox county and the business will be conducted under the firm name of Truax, Snyder & Co. They have the appearance of being thorough mechanics and we believe they will prove a valuable acquisition to the town. They expect soon to have their families here and make this their future home. It is the intention of the firm also open a restaurant in the rooms north of the carriage shop, so that the town will be the gainer of one new business enterprise. We extend best wishes to the new firm for success and prosperity.

County Treasurer Lockwood has just made his semi-annual statement of the monies collected and disbursed by him from January 1, 1889 to July 1, 1889. The state fund has received \$642,377. County general fund contained on Jan. 1, \$1420.35 and \$1834.88 has been collected and after deducting what has been paid out there remains \$1064.87. Of the Bowen precinct court house fund \$4354.20 has been collected and paid out on vouchers. There was \$924 of the court house bond sinking fund on hand and \$793.39 has been paid out. There is in the school fund \$202; in the bridge fund \$251.65 and small amounts to the credit of the various school districts throughout the county.

Since the last issue of THE JOURNAL we have learned some more facts in regard to the conduct of the affairs of the village. The village clerk receives a salary of \$150 per annum, and the city treasurer a salary of \$75 per annum. This is the highest salary we ever heard of being paid for such services and if such extravagance is kept up we will have a hard row to hoe for a good while. With the village in need of better water works, and sidewalks, crossings, etc., it looks as if the officials could be induced to come down in the matter of salaries. In addition to the regular salary the city marshal received \$9 for work on the streets and \$2 for killing dogs last month, so we are informed. It is out of the question for the town to improve as it should unless economy is practiced. It is to be hoped that the board and tax payers will look after these unnecessary expenses and see if the money cannot be saved or put to a more needed use. If a good start is once made there will be no trouble to keep the town progressing, but if such a levy is made every year as was made for 1889, there will be plenty of breakers to run against.

## PERSONAL.

James M. Daniels, of Hat creek, was in Harrison last Thursday and made a pleasant call at our office.

Dr. Stowitts came up from Rushville last Thursday in answer to a call for his professional services.

Miss Lillie Thomas is quite sick at present.

Miss Lillie Maine is suffering from an attack of diphtheria.

Mrs. Charles Clark returned from Chadron on last Saturday.

John Ragland was in Harrison on Saturday and called at our office. He says homesteading in Sioux county beats renting a farm in the east.

Robt Parrish returned on last Friday from Hot Springs, Dak. He reports a good time and thinks the mineral springs a great health renewer.

Clem Wells went to Chadron on Tuesday and expects to return to-day.

B. Rosa returned Tuesday from Chadron, where he spent Sunday with his family.

W. O. Patterson was in Harrison the first of the week.

Miss Emma Weir has been quite sick for a few days, but is improving, and will soon be all right.

Ed. Weir has so far recovered as to be able to travel and left yesterday for a visit to relatives at Rushville.

Arthur E. Callihan, assistant cashier of the State Bank of Crawford, is in Harrison on business.

T. T. Trimbur, C. F. Stingerland and W. H. Davis went to Fort Robinson on Monday and returned Tuesday.

Levi Pollard, father of Nelson Pollard and Mrs. H. T. Conley, arrived in Harrison on Wednesday. It was a surprise to his son and daughter as he had sent no word of his coming.

A. E. Andrews left on last Monday for his home in Binghamton, N. Y., well pleased with his visit to Sioux county.

L. Gerlach was in the county seat the first of the week.

E. B. Price was in Harrison yesterday.

C. H. Weller went to Fort Robinson last Saturday.

J. H. Warn has moved his meat market into the building on Second street formerly used for that purpose. This gives him a better room in which to do business.

The question has been asked: "Has there been any money refunded to the county in the cases where the bills have been allowed by the commissioners and appealed to the district court and appeal sustained?" For the information of the readers of THE JOURNAL we will state that under the law county warrants cannot be issued until the expiration of thirty days after the bill has been allowed by the county board. A taxpayer is allowed ten days in which to take an appeal to the district court, so that if the district court sustains the appeal no money is drawn except the amount allowed by the court and the balance remains in the treasury. There is nothing to refund for it has never been drawn, unless the warrants have been drawn illegally.

At the meeting of the county board on Tuesday Commissioners Weir and Burke were present. The resignation of James T. Mason, as justice of the peace for White River precinct, was accepted to take effect as soon as the vacancy is legally filled. J. W. Pratt's resignation as road overseer of Andrews road district was treated in the same manner. Petitions for a couple of consent roads were granted and a number of bonds of minor officials approved and in one case a new bond asked for. In the matter of the applications for license to sell liquor in White River precinct, the board decided that they would grant the licenses as prayed for, provided that in each case the applicants file a bond as required by law, said bond to be approved by the county board, and the payment into the county treasury of the sum of \$500 for each license asked for. In the matter of the impeachment proceedings against E. D. Satterlee as county attorney, the board ordered that summons issue, citing the defendant to appear at the court house at 1 o'clock, p. m., on Sept. 5th to answer the charges made against him. The board will meet again on Aug. 28th. It is presumed that the board placed the construction on the law in regard to the granting of license so that if a crime was committed in one of the saloons during the encampment there would be no grounds for any one to bring action against them to recover costs because of their granting license illegally. The law has never been passed on, to our knowledge, by the supreme court, so that the board was obliged to use their own judgment in the matter. It is reported that some of the applicants will attempt to run without a license and take the risk of being prosecuted. Should this be done it is to be hoped that the officers will do their duty.

Fresh brown and white bread, cakes, pies, and cookies at the restaurant.

While engaged in a friendly scuffle a few days ago Clem Wells got pushed against a pane of glass in one of the doors. The glass broke and a fragment penetrated his right arm below the elbow to quite a depth. The doctor probed the wound for particles of glass but found none and the arm is getting along all right. He escaped quite fortunately.

On last Saturday John F. Schultz made a pleasant call at this office. He informed us that a short time ago he received a letter from relatives in Stanton asking if he had raised any crop which would keep him and his family from starving. For answer Mr. Schultz gathered a bundle of wheat and oats from his fields and sent it to the writer that he might see what Sioux county can produce. That was a good plan. The exhibits of the products of a locality cannot be contradicted and will go far towards giving the people in eastern places confidence in the crop producing qualities of Sioux county soil.

On last Tuesday Commissioner Burke informed us that he believed that the people in his vicinity would take hold of the matter of getting a good road up the canyon in dead earnest as soon as they had the matter properly presented to them. Personally Mr. Burke is very much in favor of getting the road fixed up and it is to be hoped that all the people will join him in the effort. Now the business men of Harrison should prepare so that when the railroad company makes a proposition to them they will be ready to contribute liberally to the project. Nothing can be done that will be better for the future of Harrison than to get good roads from the north part of the county to this place. A united effort will accomplish a great deal, and now is the time to make the effort.

Boggy Items.  
Still warm weather.

A. Orton has his oats in the stack.

John Coffee visited C. F. Coffee last Sunday.

Mr. Bowser was visiting at T. Holley's last Sabbath.

G. Greger is hauling lumber to Harrison for side walks.

Miss Meinhart is staying at C. F. Coffee's at present.

A sprinkle of rain on Sabbath.

A. Southworth is cutting grass for hay on Price's farm.

M. Hill has his house up and will soon have it finished.

Mr. Hovey will go to the divide this week to make hay for Smith Bros.

The People's Convention went off all right and every body is well pleased except some few that were left out in the cold.

The people of these parts are very much in need of a few cross roads. It is necessary to go several miles in order to get a few.
