Nov. 5, 1889.

When you vote on Nov. 5th, remember the returns from Running Water precinct in 1888.

All persons knowing themselves indebted to the firm of Warn & Brooks please call and settle at once.

C. H. Weller has recently brightened up his billiard hall by putting new carpet and decorations on ceiling and walls.

Don't forget that THE JOURNAL is prepared to do all kinds of job printing in neat and tasty manner, on short notice.

Voters, do you want a man to have charge of the affairs of the county who is a member of the election board in Running Water precinct in 1888?

J. W. Hunter loaded the remainder of his household goods on last Monday and moved them to his farm in Bodarc precinct where he will make his home in future. He has a fine farm and we wish him prosperity.

S. L. R. Meane's new residence is nearly completed. The outside work is all done and it will not be long until it will be ready for plastering. It will be one of the finest residences in town when completed.

A good shower of rain is falling this morning. The idea of it never raining in the fall is being clearly proven to be erroneous. The prospects for good crops and good times here next year are growing brighter every day.

Do not allow any one to mislead you, but vote the straight republican ticket, for by so doing you will cast your vote in the interest of every taxpayer of Sioux county. Vote it straight and you will not regret it.

Reidy & Pollard received their new typewriter a few days ago. It is a Calligraph of the most improved pattern and will be a great convenience to the firm in their business. Mr. Pollard is an experienced hand in the manipulation of typewriter keys.

The indications are that the laws relating to the landing of immigrants will receive some much needed attention from congress during the next session. It is becoming more apparent every year that citizenship in the United States is held at too low an estimate.

Rev. Lusk, the new pastor of the M. E. Church, arrived last week and held services at the church last Sabbath and regular services will be held by him in future. His family will be here in a short time and we hope all will be pleased with their new western home.

If you do not want the offices of the county run by a clique or ring, vote the straight republican people's ticket. The fundamental principles of the government is that one man shall have as much to say as to the conduct of public officers as another and that cannot be when a few men run the whole county.

Messrs Scott and Stephens are furnishing a well put down on their farms south of town. A German had a well dug a few days ago and secured an abundant supply of water at a depth of twenty-five feet. There is no question as to the supply of good water in Sioux county when the settlers go to putting down wells.

At the people's precinct caucus on Monday evening the following candidates were placed in nomination for the various precinct offices: Assessor, Amos Davis; for justices of the peace, S. L. R. Meane and J. H. Bartel; for constables, J. J. Truax and Winford T. Moore; for road overseer, P. L. McCrea; for judges of election, J. M. Robinson, Henry Snyder, John Corbin; for clerks of election, W. A. Weir and W. E. Patterson.

The next contest for the Demorest prize medal will occur at the church on Friday evening, Oct. 1st. The program was handed in too late to appear in this issue.

Dr. Oliver Fisher has located at Crawford. It was expected that he would come to Harrison, but he informed us a short time ago that people were too healthy in this locality to warrant him in coming here at present. It will not be long until some physician will be here to open an office.

Street commissioner Brooks has been laying the sidewalk as ordered toward the depot. The lots belong to the townsite company and the work was done under the direction of S. H. Jones. The lumber is on the ground for the walk to the court house and it will probably be laid in the near future.

The Greenfield, Iowa, Transcript has the following to say of the candidate for county surveyor of Sioux county, on the republican people's ticket: "Bert Dew is a candidate for county surveyor of Sioux county, Neb. Mr. Dew was surveyor of Adair county years ago, and was considered a very efficient officer."

We are informed that G. W. Hester is the successful bidder for the contract to erect a house to shelter the steam pump and that it will be put up in the near future. It is getting to be the time of year when the people must prepare for winter and it was necessary that the pump be covered before winter set in.

The following is what the Rushville Sun has to say of the candidate for county judge on the republican people's ticket: "S. Barker, formerly of Rushville, has been nominated for county judge by the 'people's' republican convention of Sioux county. Mr. Barker is eminently fitted in many ways for the important position."

The farmers are making arrangements to do a good deal of well digging during the fall and winter. Two or three chip in and get a rope, buckets and windlass and then by working together each will get a good well at but a small expense. The settlers are demonstrating the fact that they prefer to develop their own water.

W. J. Lunsford showed us a mountain rat which he killed in a cellar on a farm belonging to Asa Davis a short distance from town. The animal had dug and stored a pretty good quantity of potatoes in the cellar ready for winter use, the potatoes being found nicely wrapped in dead grass. It is said these animals will carry off almost everything they can get hold of, and become great pests.

The Bank of Harrison has let the contract for a building to cover the vacant space between the bank building and the hardware store of Griswold & Marsteller. The room will be occupied by Jones & Verity as a loan and land office. W. E. Porter has the contract for furnishing the material and putting up the building and is to have it completed, ready for occupancy by the 1st of December, 1889. We are pleased to note such evidences of improvement.

NOTICE—To the voters in Antelope precinct. You are hereby requested to meet at the residence of S. R. Story, in Antelope precinct, on Saturday, Oct. 26, 1889, at 7 o'clock p. m., for the purpose of placing in nomination the following precinct officers: One assessor, two justices of the peace, two constables, one road overseer, three judges and two clerks of election, and to transact such other business as may properly come before the meeting. J. W. LANGDON, Member people's central committee.

A people's caucus for War Bonnet precinct will be held at the school house in district No. 15, near Charles Biehle's residence, on Wednesday, Oct. 30, 1889, at 3 o'clock p. m., to place in nomination candidates for the following offices: One assessor, two justices of the peace, two constables, two clerks and three judges of election and overseers for the various road districts in the precinct. CHAS. BIEHLE, JERRY H. WELLS.

In another column appears the report of the democratic county convention which was held on Wednesday, Oct. 23, 1889. At the convention only six precincts were represented and after hunting around there were but ten delegates who participated in the deliberations of the body. It is hard to tell what the object of the convention was. It was said by some straight democrats that the convention was called to put up a straight democratic ticket, but when the time came no such action was taken and the Davis' demo-republican ticket was endorsed. The convention was called to order by C. H. Rigdon, one of the candidates put up at the fusion convention. D. H. Griswold, the candidate for treasurer of the fusion ticket was elected chairman of the democratic central committee, and J. W. Earnest, another candidate of the fusion ticket was elected a delegate to the democratic representative convention. Taken as a whole the democratic county convention of Sioux county for 1890 may well go down into history as a farce, and good democrats do not, as a rule, appreciate that method of dishing up party matters.

PERSONAL.

John A. Green, the candidate for county commissioner from the third district on the republican people's ticket, was in town on Wednesday. He says the republican people's ticket is going to win in the south part of the county.

C. F. Govey was in Harrison last night and made a call at this office.

Henry Wassenburger and Wm. Up-hoff, of Montrose precinct, were in the county seat Monday and made a short call at this office.

M. J. Daniels was in Harrison on Tuesday.

C. F. Coffee was at the county seat Monday.

W. B. Wright is recovering from his recent severe illness. His little girl is still quite low and it is hardly likely that she will ever regain as good health as she had prior to her last attack of sickness.

Miss Ida Hester came up from White river Saturday to spend Sunday with her parents.

E. J. Wilcox was in Harrison on Wednesday. He says the republican people's ticket is a winner.

Henry Breese, of Lower Running Water precinct, was in Harrison Tuesday. He says that in his locality the republican people's ticket will get a big majority of the votes.

John Gryhart was in Harrison for a few hours on Tuesday.

Martin Gayhart, the winner in the race for county treasurer, was in Harrison the first of the week and called at this office. He is confident that the entire republican people's ticket will be elected.

Conrad Lindeman, who is putting in the most of his time among the farmers of the county, was in Harrison the first of the week. He says he is confident that every man on the republican people's ticket will be elected by a good, big majority.

S. R. Story was in Harrison last Saturday and called at THE JOURNAL office.

Proceedings of the Democratic County Convention.

HARRISON, OCT. 23, 1889.

Convention called to order by C. H. Rigdon, and on motion L. D. Harmon was elected chairman.

Motion made and carried that L. O. Hull be elected secretary.

On motion the chairman appointed the following committee on credentials: C. H. Rigdon, George H. Turner, Theodore Trimbur.

Motion made and carried that there be ten minutes recess to give the committee time to make up their report.

Recess.

Called to order and committee on credentials reported White River, Running Water, Cottonwood, Andrews, Antelope and Bowen precincts represented. Report on motion was adopted.

Motion made and seconded that we adopt the ticket nominated by the republican county convention which was held in Harrison October 4, 1889. Motion carried.

Moved that D. H. Griswold be elected chairman of the county central committee. Carried.

Moved and carried that S. W. Cox be secretary of the county central committee.

The following were elected delegates to the senatorial convention: L. O. Hull, L. D. Harmon, E. D. Satterlee.

The following were elected delegates to the representative convention: C. L. Tubbs, A. C. Pratt, J. Wilkes Earnest.

Moved that the present county central committee be re-elected and that said committee have power to fill vacancies. Moved and seconded to adjourn. Carried.

L. O. HULL, Chairman.
S. W. COX, Secretary.

A Map Free.

THE JOURNAL has made arrangements whereby it can offer an inducement to the getter up of clubs. Any person who will secure for us four new subscribers who pay for a year in advance we will give them one of Rand, McNally & Co's new sectional maps of Nebraska. The map is not a small, cheap affair, but is 31x54 inches, on heavy paper, mounted on rollers. It is the latest map issued, bearing date of June 1, 1889, and is corrected so as to show all the new counties, towns and railroads. Now is the time to secure one of these maps FREE. The selling price of these maps is \$2.00, and should any one desire to purchase one of them we will order it for them. A sample of the map can be seen at this office. See your neighbors and get them to subscribe for THE JOURNAL and assist you to get a map. All subscribers in clubs will also receive our premium paper, the American Farm News, without extra charge.

From Cottonwood.

The incomparable egotism of some of the persons who compose the demo-republican party is becoming more apparent every day. Nothing equals it save the brass which accompanies it. These people would seek to smirch the "father of his country" and lay hands on the very archangel of divine light and healing if the fate of their party, or faction, was being weighed in the balance. Poor deluded little dwarfs! who vainly cry from the summit of their puny ant hills: "Lo! we see the whole country follow us; we will lead you." "Where?" we would ask. "To victory" they reply, out "O! in our mind" would be a more appropriate reply. But all who stand out in the broad light of the sun of truth and common sense will heed them not but learn to read the needs of the hour from the open pages of facts which have appeared from time to time in the only paper which has championed the cause of the farmer, THE SIOUX COUNTY JOURNAL.

Now brother farmers and co-workers let these angry, would-be leaders paw the ground in their rage. These tools who cry "thief" to distract the masses from their own political records, a record which is shameful in Sioux county. Thanks be to Brother Walker for exposing those would-be who champion the noble cause of humanity for base and unholy ends, and stand in the way of reform. What can the very worst they may say avail against the people's ticket, or, if you choose, the Mud ring ticket? What! can such puny mutterings avail and keep back the many movements tending to open the eyes of the tax payers to the danger that threatens them. The voters of Sioux county are coming to a full understanding of their wrongs and there is no power on earth able to prevent them from finding a remedy. Let those who have been feeding so gluttonly from the county crib howl. Truth is a sword and when it cuts its way into the darkened and selfish minds of such craven hearts they are going to cry, and the louder they cry the more sure we are of the potency of its work.

If a person who is "onto" all the county doings will read those resolutions taken to Harrison by the demo-republican (more demo than republican) delegates from Cottonwood precinct, he will probably get a meaning something like the following:

First, that we received injustice at their hands by not being nominated for some office.

Second, that they retain men as party leaders who exposed the frauds at the county seat.

Third, that they would not pledge themselves to the old outfit to rob the tax payers.

Fourth, be it resolved, that we, advocating trustworthy men for office, concur that there should be improvement in the administration of county affairs (that is, instead of hatching 63 votes out of 12 that we hatch 223) but should this people's party attain power we should expect a general reform and overhauling of books and some of the old time frauds would probably get it in the neck.

Resolved, that we unite in supporting men that can get away with the most bootle, such as meresham pipes, boots, knock kneed horses and buggy, ten dollar bills and etc., as tips. Such men, in our opinion, will make good and responsible officers and will conduct a good (wholesale) government. Yours, A. GRANGER.

Boggy Chat.

Peoples' ticket on top with fair deal and fair count.

Come to the Hat creek cow boys' concert every night and morning.

Bud Watson is on a trade with C. F. Coffee for beef cattle for his claim.

Hovey and son have gone on a hunt to the hills.

W. H. Price has returned to the valley for a while. He arrived on Monday with a bunch of cattle.

T. Holly is still making hay.

Five Points is all right on the goose question and also on the people's ticket. It will get there.

The saw mill on West Boggy will be ready to run in a few days.

After the 5th you will hear something drop.

—Sioux county wants men to have charge of the affairs of the county against whom no charges of fraud or dishonesty can be made. The candidates on the republican people's ticket are all clean, straight men and no one need hesitate to cast a vote for the entire ticket. No need to scratch a man off that ticket but it can be voted straight from top to bottom, and when the men who are on that get control of affairs all may rest assured that not one dollar of the public money will be expended unless full value is received therefore. In the interest of the taxpayers of Sioux county vote the republican people's ticket.
