We are informed that G. W. Hester will commence work on the engine house as soon as he can get the lumber from the mill.

The dance announced in our last issue to take place at the residence of Jacob Marking on the evening of Jan. 2, 1890, has been indefinitely postponed.

A good acreage of barley is likely to be sown in Sioux county next season. It has been demonstrated that that is an excellent crop to grow here, both for quantity and quality produced.

By an oversight in the make-up on the third page of this issue the date line was printed bearing date of Dec. 19th, instead of Dec. 26th, but this being Christmas week all such things are excusable.

It would be a good plan at this time of year if the hose was taken off the town pump every evening and put in some of the places of business, so it will not get filled with ice and inconvenience those who want to use it.

R. Wilson has completed a house on his place just southwest of town and now occupies it with his family. He arrived here only a couple of months ago, and now he has it arranged so he will soon have a quarter section of land from Uncle Sam.

Tell your friends in the east to come to Sioux county if they want to live in a place where they have nice, pleasant weather the greater part of the year. It would be hard to find a place where finer weather prevails than the people of Sioux county enjoy.

The report that the mountains west and north of here are full of snow is good news to the people of this section of country, as it insures a plentiful rainfall during the coming season. Every indication points to a prosperous future and good times for Sioux county.

A number of the farmers are expressing their intention to put out quite a quantity of sugar beet seed. This will give an opportunity to see just how much an acre of land will produce and a thorough test of the sugar yield can be made. The beets make excellent feed for stock.

Mrs. J. T. Weir received the sad intelligence a few days ago of the death of her mother, Mrs. Susan Taylor, which occurred at Woburn, Mass., on Dec. 19, 1889. The deceased at the time of her death was past 80 years old, thus having exceeded the three score years and ten allotted to members of the human family by nearly a score of years.

It would be a good plan for our people to begin to take some action in regard to getting a flouring mill located here. A large amount of wheat will be grown in this locality next season and the farmers cannot afford to pay freight both ways on the breadstuff they use. Now is the time to look up such matters so as to have it ready to take care of the crop as soon as it is ready for milling.

Another chapter relating to the Rosa & Thompson stock was recorded last week by the filing of papers in a suit of B. F. Carley against J. F. Pfost, sheriff, and his bondsmen, for \$2,600 damages claimed to have been done Carley by disposing of the goods. The summons has been issued and the case will be tried in the district court. Alfred Bartow, of Chadron, and C. E. Holmes, of Harrison are the attorneys in the case. We understand that another suit will probably be filed in the same matter before long.

THE JOURNAL force indulged in a Christmas "lay off" and consequently this issue is a day late.

Don't forget that THE JOURNAL is prepared to do all kinds of job printing in a neat and tasty manner, on short notice.

Rev. Wilkinson, a Baptist Missionary, spent last Sunday at Harrison and occupied the pulpit at the M. E. church morning and evening.

The Christmas tree and entertainment at the hall on Tuesday evening was well attended, and everything passed off satisfactorily.

WANTED—500 good posts wanted on subscription for which we will allow 10 cents apiece. A good chance to get THE JOURNAL without any outlay of cash.

Remember THE JOURNAL clubs with almost any paper in the United States and when you want anything in the line of papers or periodicals call and see us and we can save you some money.

Don't forget the meeting of the teacher's association, Jan. 2nd and 3rd, 1890. The program is prepared to be interesting to all who may attend. A good attendance will do much to encourage the teachers in their work.

On last Friday the school was given a treat by the teacher, Asa Davis. The good things were brought to the school house without the scholars having any idea of what was in store for them. The affair was highly enjoyed by all, and tends to make good feeling between the teacher and scholars.

Elsewhere in this issue appears the advertisement of the St. Louis Globe-Democrat. This is one of the leading republican papers of the nation, and in all public matters it takes a most fair minded position. In addition to this its columns are filled with a good class of news and reading matter, making it a very desirable family paper.

In another column of this issue appears an extract from the statutes relating to estrays. A comparative few of the people are in possession of the law on this subject and the change made last winter makes it necessary to file some papers within forty-eight hours after the animal is taken up, so it will be well for all to be informed on the subject.

On last Friday the attention of the county court was occupied by a suit wherein A. W. Emery was plaintiff and G. Guthrie defendant, the suit growing out of a settlement for cutting the flax of the latter by the former. The case was tried to a jury which gave a verdict in favor of the plaintiff. The case will be taken to the district court on appeal.

The land and loan office of Jones & Verity has been moved into the new quarters recently built adjoining the Bank of Harrison, and it makes them a very neat and pleasant place in which to do business. The Commercial Bank has been moved from its former location to the room recently vacated by Jones & Verity, which has been fitted up nicely for banking purposes.

The B. & M. has changed the time of arrival and departure of trains at Crawford so as to make it convenient for passengers going this way. The train going east does not leave until 7:30 p. m. and the train going west arrives at Crawford at 5:20 a. m. This makes it so that parties desiring to go west from Crawford have plenty of time to catch the west bound Elkhorn train and those desiring to go south on the B. & M. do not need to lose any time.

A single page in a single issue of the Century taken for advertising purposes costs \$500; in Harper's \$400; in other prominent magazines from \$100 to \$340. A yearly advertisement of one column in the Chicago Tribune costs \$26,000; in the New York Tribune \$29,000 for the lowest and \$35,950 for the highest rate; in the New York Herald \$36,200 for the lowest and \$39,500 for the highest priced column. These papers are never at a loss for advertisements to fill up their columns. These figures will doubtless be of interest to the man who invests \$10 and flatters himself with the idea that he is a liberal advertiser.

Married.

NEISON—GILBERT—At the M. E. parsonage in Harrison, on Friday, December 20, 1889, by Rev. I. F. Lusk, Mr. Ira Nelson and Miss Blanche Gilbert, both of Sioux county, Nebraska.

LIVERMORE—BEITEL—At the M. E. parsonage in Harrison, Neb., on Wednesday, December 25, 1889, by Rev. I. F. Lusk, Mr. E. E. Livermore, of Harrison, Neb., and Miss Agnes Beitel, of Lusk, Wyo.

The groom is one of the enterprising men who is making a home for himself in Sioux county by earnest labor, and the bride is an estimable lady who will greatly aid him in his efforts. The friends of the newly married pair extend hearty congratulations and good wishes for a long and happy journey through life.

Little Cottonwood Items.

The first meeting of the literary society in district No. 3 was on Saturday night, December 21.

An epidemic is going the rounds of the neighborhood having all the symptoms of whooping cough except the whoop.

Chas. Grove was unable to assume his duties as teacher last week on account of having a severe cold.

Church services were held in the school house in district No. 3 by Rev. Currens on December 15. Subject of discourse, "The good of Sunday schools." There were services held by the same gentleman on the evening of the same day at the school house in district No. 4. The Sabbath School at the latter place was reorganized.

Report of school taught in district No. 3 for the month ending December 13, '89. No. of scholars enrolled 28; No. not absent during the month 12; those neither absent or tardy Emma and Maggie Dove; whole number of days attendance 464; average daily attendance 20.

CHAS. GROVE, Teacher.

FOR RENT.—Good house, 14x26, two rooms and cellar. Enquire of Conrad Landman.

We received a communication from Squaw creek last week, but the writer neglected to sign his name. It is a rule that cannot be broken, that we cannot publish any communications unless the name of the writer accompanies it, not necessarily for publication, but as a guarantee of good faith. Our friends will please bear this in mind in future.

The trouble in one of the northern precincts mentioned in our last issue grew out of a claim held by young Bannan, and contested by Dave Rands. The latter was building a house on the land and Bannan tried to prevent him from doing so and a row ensued. Albert Rands, a constable, ordered a cession of hostilities in the name of the law and attempted to take a knife away from Bannan, and as a result got quite a severe cut across the hand. It is likely the matter will have to be settled in the courts. It was fortunate that no more physical injuries were inflicted.

On last Tuesday a couple of the members of the school board of school district No. 7 were arrested, charged with embezzlement. The case grows out of the school board letting the board of trustees of the village of Harrison have some money, which has not been paid back to them. The proceedings were dismissed as the action was not brought in proper shape. The school officers may be liable for the amount if they fail to get it from the village, but it is a mystery how the charge of embezzlement can be made out of it. The complaint was sworn out by H. Merrifield.

The long-looked for and much desired passenger train on this line is now a fact. On last Monday morning the first train of the new service passed up the road. It is a nice train, consisting of a combination mail and express car, smoker, day coach and sleeper. This gives the people along this line an opportunity to travel rapidly and comfortably and in making a trip to Omaha or return they can get into the sleeper and not have to change at all during the trip. The passenger train going west arrives here at 8:31 a. m., and going east arrives at 6:30 p. m. The freight going west arrives at 11:35 a. m. and going east arrives at 2:45 p. m. This makes it possible for parties desiring to make homestead entries to go to Chadron, make their entry in the evening and return next morning arriving here before nine o'clock. Of course to do this they would be obliged to go down on the freight, but that would be better than to have to remain at Chadron two nights. The putting on of this train is another indication that the line will be extended in the near future. There is no question but that, at present, the passenger train will fall far short of paying a profit to the company, but it was necessary in order to protect the through business of the road, and as they cannot afford to run the train at a loss for any length of time, it is quite probable that they expect to extend the line further west, possibly to the Yellowstone Park.
