—During the high wind Monday night, the chimney on C. H. Weller's building was blown down.

—Go to Dr. Clary, specialist in eye, ear and throat diseases. Office in Central Block, Chadron, Neb.  
—If you need anything in the way of Eye, Ear or Throat treatment, go to Dr. Clary, specialist, Chadron, Neb.

—If you want the very best terms on farm loans, go to the Bank of Harrison before making application elsewhere.  
—We have added a full line of window glass to our stock. Call and get prices. GRISWOLD & MARSTELLER.

—The church services at the Southworth school house have been postponed from the 13th to the 20th inst. All are invited to be present at the latter date.

—E. A. Weir is having a large portion of his farm just east of town fenced, and will put down a well and erect a windmill to furnish water for stock put into the pasture.

—The entertainment recently given by the boys, was so well received that they have determined to give another of a similar character on the 30th. The program will be given later.

—The cold wave came down from the northwest on Monday night and quite a quantity of snow fell and the high wind proceeded to toss it about in great shape, but spring is again with us.

—From the way some of the gang kick about the remarks made by THE JOURNAL last week relative to the village election, one would infer that such remarks struck close to them.

—Some of the boys have been practicing on brass instruments of late. Why not reorganize the band and practice for a purpose. The instruments are in the town and there is plenty of musical talent.

—In the quo warranto case in the Supreme court of Hull vs. Walker, the motion of Walker to dismiss, was overruled and he will file an answer. The contestants have agreed upon W. H. Fanning, of Crawford as referee and testimony will be taken before him at some date in the near future.

—A new post-office has been established in Sioux county, at the residence of Commissioner Green, in Running Water precinct, with Mrs. Green as postmistress. The office was established through the efforts of Senator Manderson, and will be duly appreciated by the settlers in that locality. In the past, they have had to go about thirty miles to get mail. This is the second post-office in the south part of the county within a few weeks.

—The arrangements are about completed to get the debt which has been hanging over the M. E. church so long fixed up. A loan has been negotiated so that the organization will have a much better footing. In this matter, Rev. Lusk has been very diligent and has had a good many difficulties to overcome, but he has succeeded, with the aid of Chaplain McCabe, of New York, and his efforts should be appreciated by all interested in the welfare of the church. Quarterly meeting will occur two weeks from next Sunday, April, 27th.

—It appears that Sioux county has never been supplied with the necessary government field notes and plats to enable the surveyor to establish a legal corner. This puts matters in rather a bad shape for all the surveying that has been done will have to be done again after the proper plats have been secured, so as to verify the location of the corners. The county board will no doubt be called upon to get the documents as the boundaries of real estate are of too much importance to be permitted to remain in uncertainty.

—For farm loans go to S. H. Jones.  
—Meats at all hours at the restaurant.  
—Good flour at 90 cents a sack at Turner's.  
—18 pounds prunes for one dollar at Turner's.

—14 pounds dried apples for one dollar at Turner's.  
—Any kind of cake desired made at the restaurant.

—For mixed paints, oils and varnishes go to the drug store.  
—Remember the school meeting Thursday afternoon.

—When you want a nice clock call on Griswold & Marsteller.  
—A good breaking plow for sale. Inquire at THE JOURNAL office.

—12 pounds granulated or 14 pounds C sugar for one dollar at Turner's.  
—SPECIAL BAKE—Friday, 10 a. m.—Jelly buns, 15 cents per dozen, at the restaurant.

—Mrs. J. A. Snyder has received a nice stock of fancy goods and notions which she is selling very cheap.  
—When you want a farm wagon, plow, harrow, or anything else in the implement line call on Griswold & Marsteller.

—We have the biggest stock of hardware, implements and furniture ever shown in Sioux county. Come in and look us over. GRISWOLD & MARSTELLER.

—H. A. Cunningham is about to establish a harness shop at Harrison. The people of Sioux county will find Mr. Cunningham an agreeable gentleman to do business with.—*Rushville Sun*.

—HARNESS SHOP.—I will, within the next thirty days, open a first-class harness shop in Harrison and endeavor to give you satisfaction in work and stock. Soliciting your patronage, I remain Respectfully,  
H. A. Cunningham.

—A good many entries for land are being contested in Sioux county. It is reported that numerous entries have been made in fictitious names, so that money could be obtained for the relinquishment, but the settlers are investigating such matters and securing rights by contesting.

—In a private letter to one of our citizens, Judge Kinkaid stated that he would be in Harrison on next Monday morning so as to be ready to open court on the day set. All jurors and others interested should be sure to be present by 9 o'clock a. m. on Tuesday so that the business of the court need not be delayed.

—During the past week THE JOURNAL office has been unusually crowded with job work and we have been obliged to devote a part of the time needed on the paper to job work in order to meet the demands of our patrons. This office is rapidly gaining a reputation for doing first class job printing of all kinds and we hope to continue to merit a liberal patronage in this line. Come and see us when in need of any thing in this line.

—The minstrel entertainment on last Thursday evening was a decided success in every respect. There was a large attendance and a great deal of fun. The jokes and hits were given and received in the best of humor. Those who took part feel well satisfied with the result and those who attended express themselves as well repaid. The music by the Harrison orchestra added to the pleasure of the evening. After the close of the minstrel performance, dancing was in order and kept up until a late hour.

—The arrangement of the railroads to ship in grain for seed and feed for the settlers in the new counties free of freight, is being taken advantage of by a great many of the farmers. When they can get corn for fifteen or sixteen cents, it proves a great saving to them, and the liberality of the railroads will be duly appreciated by them. The same thing is being done for the farmers of Dawes, Box Butte and other counties which are just being settled. The prospects are that it will not be necessary to ship grain into Sioux county for the indications are that a good crop will be harvested at harvest time.

—A few days ago, an execution was issued by H. Merrifield, justice of the peace, against George Walker to satisfy a judgment of about \$90. The papers were placed in the hands of Constable Columbia of Bodarc precinct, and he proceeded to the residence of Mr. Walker and took something over fifty head of cattle and a span of horses. It appears that the stock belonged to Mrs. Walker, the brand being registered and advertised to that effect. Mrs. Walker reclaimed the stock in an action begun in the district court and Sheriff Reidy took the cattle and returned them to the owner. It looks as if this was another plan of the gang to harass County Attorney Walker for no other apparent reason than to keep him in hot water so as to prevent his giving his attention to his official duties. It is a queer proceeding that the property of one person should be taken to pay the debts of another and it is pretty apt to become interesting for the officer who did the work, unless he is protected by a good indemnity bond.

—Weir & Co. received an immense invoice of thread a few days ago.  
—The residence property of County Clerk Lindeman is being painted in nice style.

—A new girl arrived at the home of O. A. Garten last week. Everything is booming in Sioux county.

—E. A. Bigelow reports the arrival of a boy at his home a few days ago. Thus is the county becoming populated.

—Let every one see how many new settlers they can induce to come to Sioux county between now and January 1, 1891.

—Andrew Proconier, of Little Cottonwood has become tired of bachelor life, and has taken unto himself a wife. His friends wish him much happiness.

—On account of the storm on Tuesday the mail from Montrose did not arrive at Harrison until late and did not start on the return trip until Wednesday morning.

—It is reported that the war on White River has again broken out between the Shay and Mason families. It is to be hoped that an end will come to these difficulties after a while.

—J. B. Bradley was in Harrison on Saturday. He says he has his wheat all in and the ground is in excellent condition, so that it will take but a few days for the grain to sprout.

—A boiler formerly in use at Fort Laramie was taken to Fort Robinson, passing through here the first of the week. The men in charge of it report it a hard thing to haul across the country.

—While in Omaha a short time ago Deputy County Treasurer S. H. Jones tried the civil service examination and the report from Washington states that he passed a satisfactory examination. Mr. Jones did not do this with the expectation of securing appointment, but simply to see what the examination was, but should be appointed to a position the government would secure a good man.

—H. T. Merriam was in Harrison on Monday and called at our office. He reports that his wheat is up and growing nicely. Mr. Merriam is one of the best gardeners and small fruit growers in the northwest and has a large variety of fruit already started. He says they are all doing finely and that he believes strawberries will do exceedingly well in this locality.

—Every one who has mentioned the subject of county finances to us, express themselves in favor of getting on a cash basis as soon as possible, and all recognize that the only way to do that is to vote bonds enough to pay off the floating debt of the county. If it can be done prior to the time of making the levy there is no reason why a reduction in the levy could not be made. It would be a good plan if the taxpayers would get up petitions asking the county commissioners to submit a bond proposition at once, large enough to pay off all outstanding indebtedness at the time of issuing the bonds. Then the matter could be settled and when the levy is made it can be made as low as the actual needs of the county demand.

—The county commissioners will meet to-morrow (Friday) for the transaction of county business. County Attorney Walker has been devoting considerable time to getting his report ready. The report will not be complete, but will show that a large amount of county funds have been misappropriated, and will place the commissioners in possession of facts which will enable them to give him further instructions. It is quite evident that it will be necessary to employ an expert in order to get the matter settled so that it will be satisfactory to the people. As it is now the people cannot know just how the matter stands, or how much they have been defrauded out of by unscrupulous officials and hangers-on. It is quite likely that there will be some prosecutions ordered.

—For a number of years I have been subject to violent attacks of inflammatory rheumatism which generally lasted about two months. On the first of this month I was attacked in the knee and suffered severely for two days, when I procured a bottle of Chamberlain's Pain Balm and it relieved me almost instantly. I therefore most cheerfully recommend it to those who are similarly afflicted everywhere.—R. D. Whitley, Martindale, N. C., Feb., 1888. Mr. Whitley is a very prominent man in this place and his disease was very widely known as he suffered such severe pain.

—W. M. Houston & Co., Merchants, Martindale, N. C. 50 cent bottles for sale by C. H. Andrews.

—Remember THE JOURNAL clubs with almost any paper in the United States and when you want anything in the line of papers or periodicals call and see us and we can save you some money.
