—E. M. Carrier is erecting a building on the lot belonging to E. A. Weir and will open a blacksmith shop in a few days. Bert is well known as a blacksmith and will, without doubt, get a liberal patronage from the people.

—On account of the number in town to attend court some had quite a time to find sleeping accommodations, but the most of our people are used to taking life a little rough and made some kind of a shift to secure sleep.

—E. A. Hasselquist who arrived here from Iowa a few days ago and located on a place a few miles west of town, informs us that two colts, one yearling and one two-year old have strayed from his place. Neither were branded.

—On last Tuesday H. A. Cunningham arrived in Harrison and has rented the building north of Weir & Co's store. He expects his stock here in a few days and then he will be ready to take care of the wants of all the people in the harness line.

—Commissioner Green's team ran away a few days ago while the family were on their way home from town. The occupants of the vehicle were thrown out and Mrs. Green somewhat bruised, but the others escaped unhurt.

—In dismissing the grand jury the court stated that there was no bar to the county attorney beginning action in the lower courts against any parties who have violated the law, and we are informed that County Attorney Walker will begin action against some parties in the near future on criminal charges.

—County Superintendent Southworth handed us a letter from the state superintendent urging that a lesson on April 23d, that being Arbor Day, on the "care and protection of small trees" be given in every school house in the county and that the afternoon of that day be devoted to the practical work of planting trees. It is hoped that the teachers of Sioux county will give this matter the proper attention.

—On last Saturday snow began to fall and continued a great portion of the time until Tuesday night. The air being warm the snow melted almost as fast as it fell so that no great depth of the beautiful at any one time lay on the ground. The result is that the soil is thoroughly soaked, the farmers are happy and the prospect for an excellent crop and general prosperity make all the people rejoice.

—When you want a farm wagon, plow, harrow, or anything else in the implement line call on Griswold & Marshall.

—Don't forget that THE JOURNAL is prepared to do all kinds of job printing in a neat and tasty manner, on short notice.

—WANTED—500 good posts wanted on subscription for which we will allow 10 cents apiece. A good chance to get THE JOURNAL without any outlay of cash.

—It would be a good plan if the county commissioners would provide for improving the grounds around the court house a little. The cost of having a few trees put out on the lots would be small and would greatly improve the appearance of the county property. The sooner the trees are set out the sooner they will become large enough to be of some benefit.

—The reversal of the action of J. W. Hunter, as county judge, in the case of Brookshire & Co. vs. Ross & Thompson, is certainly an indication that justice can be secured in just courts. The order of the district court is that the property be returned to Ross & Thompson, the costs are taxed up to Brookshire & Co., and the attachment is vacated. The attorneys for Brookshire & Co. asked leave to file amended petitions and the court granted leave to do so, but indicated that as the case was disposed of such petition would be of no force. Perhaps Brookshire & Co. will not think their attorney is so much of a "good boy" as they once supposed.

—The route of the F. E. & M. V. railroad through Sioux county will be greatly increased in the near future. J. C. Northrop informs us that through trains from the east to Denver will be running by July 1. The work of building a line to close the gap between the F. E. & M. V. and the U. P. is being pushed rapidly and will be completed as soon as possible. With such connections the trains on this line will be still more improved and it will all assist to build up this section of the country. It will also give our people an opportunity to get California goods direct, so that they will not have to pay express or freight to some eastern point and back.

—That L. O. Hull is anxious to serve Sioux county is evidenced by two bills on file in the office of county clerk, signed by Mr. Hull. One is for \$125, first quarters salary as county attorney, and the other is office rent for the months of February, March and April, amounting to \$7.50; three loads of wood amounting to \$6.25, and to cutting the wood \$3. Thus the county is asked to pay \$141.75 to Mr. Hull, before it is decided by the supreme court that he has any right to the office. Should that be decided in his favor there is no provision to our knowledge authorizing the payment of bills contracted without orders from the county board for office rent and expenses.

—The special school meeting on last Thursday afternoon was not largely attended. The call stated that the meeting was to accept or reject a proposition from the village board to furnish a permanent water supply on the school grounds and thus settle the debt of the village to the school district. W. R. Smith, chairman of the village board, was the only member of that body present, and he had no proposition to submit. Not one of the petitioners for the meeting were present. A motion was made to instruct the school board to cancel the indebtedness of the village to the school district, and the motion was defeated by the unanimous vote of those present. A resolution endorsing Asa Davis' action in declining to give up the school when requested to do so by some of the residents of the district was passed and the meeting adjourned. Thus the matter rests just where it has been all the time. It is simply putting it off and a settlement will have to be made sometime.

### DISTRICT COURT.

#### Walker Recognized as County Attorney. The Grand and Petit Juries Discharged on Account of Illegality.

On last Tuesday district court for Sioux county opened. There were a large number of people in attendance and a good deal of interest shown.

When the time came to call the criminal docket L. O. Hull assumed to represent the county. This brought up the question of the attorneyship, and the contestants presented their cases. Huff's claims were presented by A. W. Crites and Walker's interests were looked after by A. Bartow.

After a review of the facts in the case Judge Kinkeid decided that Walker being recognized by the county commissioners and the clerk of the district court, was the one that would be recognized as the county attorney. In his decision the court stated that as a quo warranto case was pending in the supreme court and should be permit Hull to act the supreme court would be apt to reverse it and that would make all his acts fruitless, and as a result there was no other way for him to do than to recognize Walker.

Later when Walker made a motion in a case Hull took a hand in it, when the court promptly informed him that Mr. Walker had charge of the case, and Mr. Hull subsided.

When the call of the grand jury was ordered by the court, Attorney Jencks presented a plea in abatement signed by L. O. Hull. This set up that the juries were not legally drawn, and also contained charges against individual members of the jury. The latter allegation was withdrawn later, except in one instance. The claim made was that the jurors were not properly distributed throughout the various precincts of the county. The objections to the jury were prosecuted by Jencks and Crites of Chadron, and Hull and Satterlee of Harrison, while the legality of the jury was defended by county attorney Walker, assisted by H. T. Conley. After the taking of considerable testimony the court held that the jury list should have been selected from all the precincts according to the abstract of the vote cast at the last election and as it was not so proportioned the jury was held to have been illegally drawn and was discharged. In making the decision the Judge stated that it was frequently the case that juries were illegally drawn but the question was seldom raised, but should be permit the venire to stand any action taken by it could be taken to the supreme court and a reversal secured. He also stated that the county board was not censurable as it was an error frequently made in older established counties. He made an order directing the sheriff to immediately summon twenty-four men to act as a petit jury.

In the case of L. O. Hull vs. J. A. Green and Chas. U. Green for damages, for not permitting him to act as county attorney, A. W. Crites asked leave to file an amended petition within ninety days. The interests of the commissioners were looked after by C. E. Holmes and H. T. Conley. The court remarked that he did not see what good could result from an amended petition.

The following is the disposition of cases as far as the record is made up:  
CRIMINAL DOCKET.  
State vs. Geo. Cobb, defendant discharged.  
State vs. Henry Wasseriberger, same as above.  
State vs. Conrad Hattick, same as above.  
State vs. Jerry Mahoney, same as above.  
State vs. Nelson Pollard, same as above.  
State vs. Joseph Stastny, same as above.  
State vs. John Pratt, continued.

CIVIL DOCKET.  
Henry Brundige vs. Lave Lyon, continued.  
Buffalo Gap Lumber Co. vs. The Trustees of the Cora Memorial M. E. Church, dismissed without prejudice.  
Tollerton & Stetson Co. vs. Boris Rosa, et al., issues not joined.  
Furnam E. Carley vs. Joseph F. Pfost, continued at request of defendant.

A. W. Emery vs. Grant Guthrie, continued.  
W. S. Hays vs. Elmer McFarling, dismissed at plaintiff's cost.  
W. A. McMann vs. Lizzie McMann, continued.  
L. O. Hull vs. John A. Green, et al., demurrer sustained; 90 days to amend petition, 30 days to answer.

Patrick K. Murphy vs. F. E. & M. V. railroad Co., dismissed without prejudice.  
Buffalo Gap Lumber Co. vs. Co. The Trustees of the Cora Memorial M. E. Church, stricken from the docket.

In the application of a number of the taxpayers of the village of Harrison for an injunction restraining the county treasurer from collecting the village taxes levied in 1889, the court granted a temporary injunction and the question

of making it permanent will come up at the September term.  
The court will probably complete its work to-day or to-morrow.
