—Feed and grain for sale at Smith Bros. livery barn.

—Harness made to order out of No. 1, oak leather, at Cunningham's.

—We want a large number of people to take advantage of our new clubbing offer.

—Call and see the complete line of harness, saddles, whips, lap-dusters, etc. at the harness shop.

—If you want the very best terms on farm loans, go to the Bank of Harrison before making application elsewhere.

—By taking advantage of our new clubbing offer you can get a large amount of good reading for a small amount of cash.

—G. W. Hester has his windmill and pump running in good shape and says he would rather have it than to have a running stream on his place.

—HORSEMEN—my fine stallion "Norman" can always be found at my farm 1 mile southwest of Harrison.

R. WILSON.

—Fixtures from the abandoned forts pass through here quite frequently on the way to Ft. Robinson.

—We are informed that a lady will be here in the near future to open a millinery and dressmaking establishment. We have not learned the exact date.

—SEASONED LUMBER: We have a good supply of seasoned lumber constantly on hand at our mill on West River.

ALBERT BROS.

—A sort of a neighborhood row occurred in the southeast part of the county last week and a number of arrests were made and suits commenced, but the result was that all the cases were settled.

—The surveyors of the Sioux City & Ogden railroad came here from the south part of the county yesterday, and in the afternoon played a game of ball with our boys. Of course the strangers were defeated and a good time had by all. They are a nice lot of fellows and we hope they will come again.

—The B. & M. arranged to take a few of the leading newspaper men of the state up into the region through which their line of road has just been built. The party left Lincoln on Saturday, June 14th, and was under the special care of J. Francis, general passenger agent, and A. C. Zeimer city ticket agent at Lincoln and Dr. F. W. Tucker of Lincoln. The following is a list of the members of the party and the papers they represented: Seth P. Mobley, Grand Island Independent; J. A. Creeth, Hastings Nebraska; C. V. Cole, Beatrice Democrat; A. C. Jordan, Beatrice Express; F. G. Simmons, Seward Reporter; R. B. Walquist, Hastings Democrat; Geo. F. Corcoran, York Democrat; A. B. Knotts, Plattsmouth Herald; John M. Cotton, Lincoln Call; H. D. Hathaway and C. H. Gere, Lincoln Journal; L. Wessel, Jr., and Fred Benzinger, Lincoln Courier; Col. Hyde, Lincoln News; A. C. Foots, Atchison Patriot; Rice Eaton, Kearney Hub; S. T. Woodbridge, Omaha World-Herald; Victor Rosewater, Omaha Bee; J. J. Steadman, Omaha Illustrated West; W. Morton Smith, Omaha Republican; W. P. Cutler, Kansas City Journal; J. C. McNeil, Kansas City Globe; S. Wessel, Sr., guest of the road. On Tuesday the party arrived at Crawford on the return trip and arrangements had been made to stop there about three hours. On the arrival of the train the party entered carriages which were in waiting and were driven to Fort Robinson. On the return to Crawford they were taken to Barron & Souther's hall, where an elegant banquet was spread. After doing justice to the good things, a number of short speeches were made by members of the party and citizens of Crawford, and at the appointed time the train left, all feeling that they had been royally treated. The trip was not made to boom the B. & M. road, but to give the representatives of the press an opportunity to see what regions of undeveloped country was opened for settlement. There is no question but that the notoriety given this portion of the great northwest in this manner will be beneficial to all portions of the locality.

—For farm loans go to S. H. Jones.

—A party of four from the State University at Lincoln, passed through Harrison to-day in search of botanical specimens for the University.

—Tell your friends in the east that if they come here to locate they can get lumber a great cheaper than they can in most parts of the state. The sawmill men report a good supply of lumber on hand.

—A warrant has been issued for the arrest of a German residing in the north part of the county, charging him with shooting a horse belonging to Aug. Wunselman. We did not learn the particulars.

—The judgment in the school district case against ex-Treasurer Lockwood was received by the clerk of the district court from Judge Kinkaid on Tuesday. It is against Mr. Lockwood and is judgment for \$231.96 with interest amounting to \$37.55 and costs \$68.10, making a total of \$337.61.

—Lusk is preparing for a big time on July 4th. A barbecue is to be a feature of the occasion. As the base ball boys of Harrison have "done up" everything in the state of Nebraska, west of Andrews, and are looking for more worlds to conquer, it might be that a game could be arranged with Lusk for that day.

—The September term of the district court will, without doubt, be the largest and most important one ever held in the county. Cases are being certified to that court at a rate which will make a much larger docket than was ever ready at the convening of court here. A large number of the cases will be for jury trial and will consequently make the term in September quite protracted.

—We are informed that a man near Laramie Peak wants a hundred men and teams to work for him. It is about 60 miles from here and he will have work for them for three or four months. Those of our farmers who have their crops growing and nothing to do may wish to avail themselves of such an opportunity to secure employment for a time.

—Some one has been making a raid to secure a supply of harness. On last Thursday night J. W. Scott had half a dozen harness, a collar and a stallion bridle stolen from the barn on his farm, and on Friday night a set of harness complete, except bridles and one collar, were taken from the barn of Sheriff Reidy. If the perpetrator of such petty thefts is found it will not be very pleasant for him.

—The board of county commissioners have got their work on the assessment books done, but have not yet received the railroad valuation from the state auditor. The assessment of the real and personal property in the county shows a total of \$294,365.86. Last year the F. E. & M. V. railroad assessment was \$164,400 in Sioux county, and the B. & M. in the county is estimated at about \$62,000, which would give a grand total of \$520,765.86. The low valuation agreed on by the assessors and the dropping of improvements on claims not proved up on holds the assessed valuation quite low. If enough can be collected on that sum to conduct the affairs of the county the amount saved to the farmers by reduction of assessment can be used to pay their debts and improve their farms.

—It is time for the people of Sioux county to take active steps toward organizing an agricultural society. It is necessary in order to organize under the law to have not less than \$50 paid into the treasury. Now if fifty persons will signify their willingness to become members of such a society and pay one dollar each for a membership ticket, the matter can be started, or if half that number will pay two dollars each for a membership ticket the law will be complied with. All who wish to see an agricultural society organized are requested to notify S. H. Jones, Harrison, Neb., either by letter or in person of their willingness to take hold of the matter. In giving him this information please state if you are willing to pay either one or two dollars. Putting money into an organization of this kind is a good business investment, for an agricultural society can do more to attract people to a county than anything else. It is to the interest of every one to get as many people here as possible for as soon as the land is all taken up it increases the value of all the land around it and the result is that the property of every one is made more valuable. New people also bring in capital and furnish employment for the laboring classes. A society once organized and officers elected will be a power for good to the county. It is hoped the people will take hold of the matter in earnest, and that double the number required by law will notify Mr. Jones of their desire to assist in the formation of an agricultural society in Sioux county.

Ayer's Serraparilla requires smaller doses, and is more effective, than other blood medicines.

A few dollars will buy a nice suit of clothes at Beach Supply House.

Why not buy a straw hat? Some nice ones very cheap at Beach Supply House.

The result of the contest for the position of sergeant-at-arms of the United States senate was that ex-Congressman Valentine, of West Point, Neb., was the successful candidate. There were eight candidates presented and it is quite a victory for Nebraska that one of her citizens was the choice of the republican members of the senate. Judge Valentine is well qualified to fill the position, his six years service as congressman from this district giving him a large acquaintance at the national capital. The selection of Judge Valentine demonstrates the fact that Nebraska senators have some standing with their colleagues. He will assume the duties of his office on July 1st.

—On Tuesday an alternative writ of mandamus was placed in the hands of Sheriff Reidy and served on the board of county commissioners, issued by Judge Kinkaid, commanding the board to order the county clerk to issue warrants for the amounts of various claims issued by the old board, together with interest at the rate of 7 per cent per annum from the time such claims were allowed. The date of hearing is fixed for June 24th at Chadron, as the district court will be in session there at that time. Attorney C. E. Holmes represents the parties holding the claims, and the commissioners will be represented by County Attorney Walker, and some of the taxpayers and parties interested in the financial transactions of 1890 will be represented by Attorney H. T. Conley. This question has been discussed to quite an extent during the past six or eight months and this action will probably settle the point as to whether the claims are to be paid in rotation or whether the expenses of each year are to be paid out of the levy of that year, and that too, with little trouble and expense.

—It is hoped the county commissioners will take early action on a number of important matters. The re-districting the county for commissioner districts is a matter which should be attended to at the earliest date possible. It is also important that some changes be made in the boundary lines of some of the voting precincts in order that it may be as convenient as possible for the voters and also that an election may be held in every precinct in the county. It should be so arranged so that every legal voter in the county can have an opportunity to vote. It is also stated that some changes in the polling places in some precincts are desired. If these matters are attended to in time, the people will have an opportunity to know of any changes made prior to the day of election. Another matter which it would be well for them to see to is the condition of the cistern at the court house. A large cistern was fitted up and all that is needed now is to be cleaned out and a cover put over it and the connection made with the spouting on the court house and a good supply of water could be kept on hand ready for use in case of a fire or for other use about the county building. There would be little expense attached to any or all of these arrangements and there is no reason why they should not be attended to.

### A Reminder.

We need money, expect soon to order more goods and then will need more money so everybody indebted to us will please settle at once either by cash or secured note. Ranch Supply House.

Everybody admires beautiful hair, and every one may possess it, by using Ayer's Hair Vigor. Keeps the hair soft, pliant and glossy.

### Cottonwood Items.

Small grain is suffering for want of rain. Sunday school in Dis. No. 4 has again revived.

Rev. Mr. Good has been circulating a subscription paper for building a church on Little Cottonwood. We understand he has been quite successful.

Mr. Wm. Dove has purchased J. B. Koozer's claim and Geo. A. Dove has purchased Ed. McBowle's claim. This move is evidence that these gentlemen are pleased with the country and that they expect to make this their future home. We are glad to welcome them as neighbors as they are gentlemen in every respect.

On last Wednesday, June 11th, the people of this neighborhood were shocked when the sad news was borne to them of the sudden death of Mrs. Hall.

### As a Rule,

It is best not to attempt to remedy constipation by the use of saline or drastic purgatives. When a cathartic medicine is needed, the most prompt and beneficial is Ayer's Pills. Their effect is to restore the regular action of the bowels, without weakening them. Being sugar-coated, these Pills retain their medicinal virtues for a long time, and are easy to take.

"I can recommend Ayer's Pills above all others, having long proved their value as a cathartic for myself and family."—J. T. Hese, Edithville, Pa.

"In 1820, by the advice of a friend, I began the use of Ayer's Pills as a remedy for biliousness, constipation, high fever, and cold. They served me better than anything I had previously tried, and I have used them in attacks of that sort ever since."—H. W. Hersh, Judsonia, Ark.
