THE EXPERT ACCOUNTANT FILES HIS REPORT.

A Battling Among the Dry Bones.

The last issue of THE JOURNAL stated that the expert was nearly through with the investigation of the county records and it proved that he got along better than he anticipated and his report was filed with the county clerk on last Saturday. He went over the books of all the officers from the organization of Sioux county up to the first of January, 1891, and the result was that he found that those who have had charge of the affairs of the county are indebted thereto to the amount of \$2,677.50.

That is a larger shortage than it was expected would be found and it is owed to the county by the various parties as follows:

C. C. Jameson	\$794 26
Ed. C. Lockwood	643 95
E. D. Satterlee	631 50
A. McGinley	151 75
D. Klein	130 60
Geo. Walker	126 56
J. W. Hunter	86 15
Don M. Weir	44 40
Conrad Lindeman	27 48
J. A. Green	23 80
Chas. U. Grove	17 05

Ex-Commissioner J. G. Morris has a balance due him of \$23.00, and the books of all the other officials, past and present are reported as correct.

The work of the expert occupied just twenty days and his bill is for \$110.00, and the bill of his assistant is for \$54.00, so that the total cost to the county will be \$164.00. Whether or not it was a paying investment THE JOURNAL leaves the taxpayers to decide.

The report of the expert does not touch upon the matters of the court house contract nor road and bridge contracts, neither does it take up the matter of illegal, exorbitant or duplicate bills having been presented by private parties and allowed, nor debts contracted in excess of the levy. Such matters will have to be reached through another channel.

It is an easy matter for an officer to get things mixed. It has been claimed by their friends that all the men in the above list are honest. If that be true they will all walk up and re-imburse the county treasury and that will end the matter.

Highest price paid for hides at the harness shop.

Spring stock of millinery just received at Mrs. H. A. Cunningham's.

The shipment of two hundred tons of cattle is expected to begin over this line about May 1st.

County Superintendent Southworth asks us to remind the people that April 23d is Arbor Day.

We are informed that Mary J. Hunt, who formerly resided in this county, died recently in Iowa, of heart trouble.

On last Monday the new elected board of village trustees held a meeting and organized by the election of S. L. R. Maine, chairman, S. Barker, village clerk, G. Guthrie, village treasurer.

On Tuesday James Farnam went to Vorhees, to take charge of a railroad section during the temporary absence of J. W. Langdon, who came down to build a new house on his farm in the north part of this county.

The relief committee want all applicants for seed wheat to call and get it not later than noon, on Tuesday, April 21. Any who do not call on or before that date will be considered as not intending to take their share, and the committee will act accordingly.

J. A. O'Connor has a few sugar beets for sale to parties desiring to plant them for raising seed. They are the beets from which those were taken which yielded 23.2 per cent of sugar, so there is no question as to the quality of the beets.

In another column appears the advertisement of Barbarin, the imported Percheron horse belonging to A. W. Mohr. This is one of the finest draft horses in northwest Nebraska and is greatly admired by all who see him.

On last Monday Julius Sievers arrived from Iowa with a car loaded with stock, farming utensils, household goods, etc. Among the horses was a fine gray Canadian-Norman stallion, which is quite an addition to the list of fine horses in this county.

Cattle and horses pastured on the Weir place, east of town. Plenty of grass and water of good quality. Milch cows will be taken from town to the pasture in the morning and brought home in the evening without extra charge. Apply to W. C. O'Connor or S. H. Jones.

PERSONAL.

Robert Neece was in town Saturday. Mrs. J. A. Brill and children left Monday evening for Illinois.

A. W. Mohr contributed on subscription last Monday.

H. T. Zerbe was at the county seat on Saturday.

T. M. Thornton was up from Crawford on Saturday.

G. E. Lausford has taken his family to J. W. Ernest's for the summer.

Miss Mabel Robinson came up from Glen Saturday to visit her parents.

Frank Nutto called on Monday and gave us a lot of cash on subscription.

B. E. Brewster arrived Saturday from Cheyenne to look after his interests in Sioux county.

S. H. Jones left on Monday evening for Pine Ridge to assume his duties under Special Agent Cooper.

A. G. Brugh left Saturday evening for his home at Fremont. He made many pleasant acquaintances while here.

J. C. Shipley, J. J. Allcorn and H. C. Tuggle were up from Lower Running Water precinct yesterday and called at this office.

Mrs. E. P. Maine, accompanied by her son and daughter, arrived from Wisconsin last week, and Mr. Maine returned from Valley county on Tuesday.

C. E. Verity, cashier of the Bank of Harrison, left on Monday for Portland, Oregon, on business. He will be absent about thirty days.

David Bartlett went to Chadron last Friday to meet his wife and daughter who were on their way from Iowa. His many friends extend a welcome to his family.

M. J. O'Connell has closed his school at Montros and returned to his farm in Five Points precinct. He was in town the first of the week and called and gave us some cash on subscription.

It is reported that the "moon dive" near Ft. Robinson, known as the "Handy ranch" is again running in full blast. It will be remembered that that is the place where the killing of Tate by Coker took place, and the result was that the taxpayers of Sioux county have to pay the expenses a murder trial. Some steps should be taken to rid the county of the institution, as a row will occur sooner or later another big expense put upon the county.

Messing & Heckman, the windmill men of Montros, were in Harrison a short time on last Tuesday. They have recently put up a mill and tank for H. Konrath and will lay a lot of pipe soon to conduct the water to his house and barn. Mr. Heckman took material home with him for a windmill tower which he will put up on his own place. They report the farmers in good spirits and the prospects excellent for good crops.

The third quarterly meeting of the Harrison charge will be held on Saturday and Sunday, April 25th and 26th, 1891. The presiding elder will be with us and will preach at the Southworth school house on Saturday evening, after which the quarterly conference will be held. He will preach on Sunday at the Bodare school house at 11 o'clock a. m., and in Harrison at 7:30 p. m. All are requested to be present. E. E. E. ROBBIE, Pastor.

The clash of opinion yesterday demonstrated that it would be a good plan to have a grade established for sidewalks, streets and gutters so there may be some system in regard to work thereon. It is almost always the case that in new towns that the side walks and crossings are put down in an irregular, haphazard manner, for the simple reason that no grade has been established. A good deal of trouble and expense can be saved by fixing a grade and a good deal added to the appearance of the town.

STRAYED—From my farm 6 miles south of Harrison on or about April 9, 1891, two 2-year-old heifers, 1 polled-angus bull 2 years old, one 2-year-old steer, one red cow 4 years old and five last springs calves. The cow branded "M" on right hip, and one heifer had a bell on and the other heifer had a tin weaner in her nose, and steer had a rope around his neck. Information leading to their recovery will be suitably rewarded.

CHARLES CAMMENZIND, Harrison, Neb.

It has been suggested that it would be a good plan for school districts to make a small levy for the creation of a fund with which to establish a circulating library for the district. One great disadvantage people have in the country is a lack of good books for both parents and children. A district library composed of well-selected books, even though few in number, would prove a great benefit to all the people of the district. It would be well for the people to investigate the matter and when the annual school meeting occurs the matter can be discussed intelligently.

GEORGE ENGER & CO., CINCINNATI, OHIO

A RELIABLE FAMILY NEWSPAPER.

That is the Character Almost Universally Given to

THE WEEKLY INTER OCEAN.

So great is its popularity that for years it has had the LARGEST CIRCULATION of any Chicago weekly newspaper.

It is ably and carefully edited in every department with a special view to its usefulness in THE HOME, THE WORKSHOP, and THE BUSINESS OFFICE.

It is a Consistent Republican Newspaper.

But discusses all public questions candidly and ably. While it gives fair treatment to political opponents, it is bitterly OPPOSED TO TRUSTS AND MONOPOLIES as antagonistic to both public and private interests.

THE LITERARY DEPARTMENT of the paper is excellent, and has among its contributors some of the MOST POPULAR AUTHORS of the day. THE FOREIGN AND DOMESTIC CORRESPONDENCE, SERIALS AND SHORT STORIES are the equal of those of any similar publication in the country.

The Youth's Department, Curiosity Shop, Woman's Kingdom, and The Home ARE IN THEMSELVES EQUAL TO A MAGAZINE.

In addition to all this the NEWS OF THE WORLD is given in its columns every week. In all departments it is carefully edited by competent men employed for that purpose.

THE PRICE OF THE WEEKLY INTER OCEAN IS \$1.00 PER YEAR.

THE SEMI-WEEKLY INTER OCEAN is published each Monday and Thursday morning, and is an excellent publication for those who can not secure a daily paper regularly and are not satisfied with a weekly.

THE PRICE OF THE SEMI-WEEKLY INTER OCEAN IS \$1.00 PER YEAR
