—Did some one say it was a dry season?  
—Insure against hail at the Bank of Harrison.  
—Highest price paid for hides at the harness shop.  
—The frame of J. W. Scott's new house is being enclosed.  
—A nice line of ladies' handkerchiefs at the Millinery Emporium, north of Ranch Supply House.  
—W. R. Smith is getting the lumber on the ground for a new house on his homestead northeast of town.  
—J. H. Bartell has a good share of the material on the ground for a house on his place northeast of town.  
—The commissioners' proceedings occupy so much space in this issue that our regular weekly sugar beet article is crowded out, but we will endeavor not to have such a thing occur again.

—SHARDED LUMBER: We have a good supply of seasoned lumber constantly on hand at our mill on West Boggy. 10 and 12 feet \$10.00; 14 and 16 feet \$13.00 per thousand feet. First-class native shingles always on hand. First-class \$3; second-class \$2 per thousand.

## ACREAGE REPORT WANTED.

THE JOURNAL desires to collect data relating to the acreage of crop put in in Sioux county in 1891, and will take it as a favor if the farmers will send to this office a statement of the crop they have put in, such report showing the number of acres of each kind of grain, vegetables, corn, etc., planted. No matter how small an acreage you have, a report is desired.

To the farmer who has the largest acreage of crop we will send THE JOURNAL free for one year, and to the farmer having the second largest acreage of crop we will send THE JOURNAL free for six months.

All reports must be in on or before July 1, 1891, and the comparison will be made at that date, so that reports sent in later than that would be barred.

We will also be pleased to receive reports from farmers from all parts of the county from time to time as to the condition of the growing crops.

—Call and see the assortment of flowers for ladies' hats, at the Millinery Emporium, north of Ranch Supply House.

—On last Friday S. R. Story received word that the new postoffice had been established at his place. It will be named Story and Mr. Story will be postmaster, and here the story ends.

—A social will be held at the court house on Wednesday evening, June 17th. Ice cream and cake will be served, the proceeds to aid in procuring a library for the Bible school. All invited. By order of committee.

—The hanging of the two murderers at Fremont last Friday passed off as arranged for. No mishaps occurred. The action of Gov. Thayer in ordering out a company of state troops to keep the crowd was certainly commendable. A public execution is not a good thing and to allow enclosures to be torn down only tends to encourage law breaking.

—Next Sunday, June 14th, will be children's day, and appropriate services will be held at the church, under the auspices of the Union Sunday school. An interesting program has been prepared, which is omitted for lack of space. The exercises will begin at 8 o'clock, p. m. All are invited.

—The prospects for an unusually large yield of all kinds of wild fruits are excellent. Grapes, currants, gooseberries, choke cherries, strawberries, etc., will be more plentiful this year than for the last two years and as they are of unusually fine quality in this locality they will be appreciated.

—B. B. Bixby informs us that the fish commissioner stated that his car would be up in this part of the state in September or October. Now is the time for the farmers to prepare to get fish. Get your ponds ready and send in your applications and then the fish car will come up here and what you get will be in good condition and soon there will be plenty of fish in the waters of Sioux county. In this, as all other things, a little concerted action will advance the interests of all.

—Here are a few more acreage reports: D. H. Hamlin, 35 acres; S. R. Story, 40 acres; E. J. Wilcox, 40; Charles Grove, 45 acres; S. W. Carey, 50 acres; A. C. Dove, 60 acres; D. A. Publow, 60 acres; Doot & Riceoriff, 65 acres; J. M. Daniels, 65 acres; Wm. Glaze, 70 acres; F. Nutto, 70 acres; A. C. Tally, 75 acres; Charles Palmer, 75 acres; G. W. Cobb, 75 acres; A. W. Mohr, 80 acres; John Speas, 90 acres. A. R. Kennedy has put in 20 acres of flax which makes 145 acres he has in crop.

—Joe Brenner went up to Hot Springs Saturday to testify in the horse stealing case of Jim Nolan, the man whom Jim Dahlman arrested in the sand hills near Alliance two weeks ago. Nolan had given bond to appear for trial on Decoration Day, and that being a legal holiday the case was deferred till Monday without taking a new bond. Consequently when Monday came Mr. Nolan had taken the advice of counsel and walked off. As a result, all the trouble and pains taken by Sheriff Dahlman to capture the man goes for nothing because of a criminal blunder of a justice of the peace. It certainly looks as though there was something rotten in Denmark when persons go free by such schemes. One of these fine days there will be a hanging in this region and nothing will be to blame for it but the mal-administration of justice by its officers.—Chadron Advertiser.

In the above is an error in the name of the party, as it was John Nolan, but it shows the manner in which the case of the State of South Dakota vs. John Nolan was disposed of. The Herald of June 6th seems to take the part of Nolan and tries to shield him, a stand which could only be expected from a paper like the Herald, which claims to be run for the benefit of the people. But what kind of people? Is it a class whose business would be materially effected if made known to the public?

## Harrison Will Celebrate.

On last Saturday a meeting was held at the office of C. E. Holmes to prepare for a celebration at Harrison on July 4th. A committee consisting of J. W. Robinson, H. W. MacLachlan and H. A. Cunningham was appointed to make all arrangements, with power to appoint sub-committees. The program is not yet made out but the committee states that there will be horse races, foot races, speaking, games, etc., so as to furnish amusement for all. Liberal prizes will be offered for the races. A grand ball in the evening will be given. Every body is invited to come to Harrison on that day and enjoy themselves and no pains will be spared to make it a pleasant time for all.

## PERSONAL.

Mr. and Mrs. S. H. Jones went to Pine Ridge Tuesday evening.

Mrs. S. C. D. Bassett returned Saturday from a week's church work at Lawn.

John L. Lindberg, of Oakdale, is here looking over the country with a view to locating.

David Anderson was over from Montrose the last of the week and called and gave us some cash on subscription.

Mr. and Mrs. Charles Palmer were up from Snake Creek precinct the last of the week, the guests of B. L. Smuck.

Col. W. H. McCann, register of the land office at Chadron, accompanied by his family, was the guest of E. D. Satterlee over Sunday.

S. A. Beers came up from Hay Springs this morning to attend court and gave us a year's subscription and ordered THE JOURNAL sent to him.

## Hail Insurance.

We have the agency for the German, of St. Paul, and can insure your crops against loss or damage by hail. Call and get particulars at the Bank of Harrison.

—A large assortment of ladies' and misses' hats to select from at the Millinery Emporium, north of Ranch Supply House.

—The basket meeting at Plimpton's grove on last Sunday was quite well attended, by people from both town and country. Rev. Rorick preached a well-timed sermon, after which the basket dinner was enjoyed by all.

—Several days of the past week were damp and on Monday evening the heaviest rain of the season fell in this locality. Some hail fell also, but did no damage. A few miles south of town some hail stones of large dimensions fell. Reports from other localities are that plenty of rain has fallen to keep the crops growing in good shape. Everything indicates a good crop in Sioux county, and the farmers will get good prices for what they raise.

—C. D. Plimpton has done a lot of work cleaning up the grounds in his grove on West Hat creek. He has put up a novel as well as substantial swing and also provided some seats and expects to further improve it in the near future. He also intends to make a fish pond of several acres and stock it with choice fish. If he carries out his plans it will be but a few years until he can make the place a source of revenue, for parties would pay well for the privilege of angling in a pond stocked with fine trout.

—As will be seen by reading the proceedings of the board of commissioners which appear in this issue, steps have been taken to recover, or rather to retain something over \$1,800 of the shortage reported by the expert accountant. The case is one without a parallel, so far as we can learn, and some question the legality of the position taken. County Attorney Conley believes his theory correct and the commissioners having made the order the only way to determine the matter will be to take it into the courts. Should the action of the commissioners be held to be good the tax payers are that amount better off at once, and should it be held to be erroneous it will be no bar to the collection of the sums due the county from the delinquents by suit. The attempt was well worth the making and the matter will be watched with interest.

—Judge Kinkaid and Reporter Laird came up from Chadron this morning to hold court. It was understood that he would be here on Friday and consequently none of the cases were ready for trial, except the mandamus case of the Bank of Harrison vs. Sioux county, and on the hearing the order was modified so that the general fund shall not be used to pay the claims, but a special levy is to be made to pay the claims in the case. The case was conducted by Attorneys Holmes and Conley, and the court complimented both of them on the able and gentlemanly manner in which they presented the matter. The term could not be continued for the reason that cases were set for hearing at Chadron on Friday and the judge could not return before next week, and so it was decided that all the cases should be deferred until the regular term in September.

We have found no remedy for malaria so reliable and safe as Ayer's Ague Cure. Taken according to directions it never fails.

Ayer's Sarsaparilla requires smaller doses and is more effective than other blood medicines.
