The Acreage Reports.

The crop reports which have been re-
ceived at this office have been very satis-
factory and show a much larger acreage
prevailing among the farmers than there
was supposed to be. The largest acreage
reports are from S. R. Bros., who have 160
acres and H. Kourath who also has 160
acres. The next largest acreage is that
of A. R. Kennedy who has 145 acres.

As the two former are a tie and each
have a very large acreage for a new
country we will give them each a year's
subscription to THE JOURNAL free. A.
R. Kennedy having the second largest
acreage reported, will receive THE JOUR-
NAL free for six months according to our
published offer, and the indications are
that the farmers who got in a good acreage
will derive good results.

False Report Corrected.

Some time ago an article was publish-
ed in the Omaha Bee in regard to some
money collected at South Omaha for
Montrose precinct having been misap-
propriated. W. E. Jones was the only
man from Sioux county who had any-
thing to do with the matter and the fol-
lowing letter shows that his actions
were all straight:

SOUTH OMAHA, NEB., June 5, 1891.

W. E. JONES, Esq.,
Montrose, Neb.

DEAR SIR:—Yours of May 27th read
and in reply will say that I sent to be
distributed to Montrose precinct \$82.00.
You did not collect anything from me
here, but told me you would rather I
would send it instead to the clerk of
Sioux county. Am sorry to hear that
the paper made such a mistake in regard
to it, as you did all you could to help
them out. You can show this to THE
JOURNAL and they can mention it in
their next issue. Hoping you will have
a good crop this year, I remain,

Yours truly,

W. G. SLOANE, Mayor.

—Last week W. R. Smith moved into
his new house on his homestead.

—J. W. Scott now occupies his new
house northwest of the court house.

—Mrs. M. Schenbaum has moved into
the house belonging to Judge Barker.

—We received the program for the 4th
of July at Ardmore, but could not pub-
lish it for lack of space.

—T. O. Williams expects to go south
of Crawford the first of the week to put
down a number of wells.

—Ladies' and children's under vests
from 10 cents up, at the millinery em-
porium, north of Ranch Supply House.

—John L. Lindberg and a man by the
name of Hatcher purchased a car load of
horses of Dant & Ricardoff, and shipped
them for Ohio on last Saturday.

—Hemstitched handkerchiefs, plain or
fancy border, 10 cents apiece or 3 for 25
cents, at the millinery emporium, north
of Ranch Supply House.

—LUMBER.—First-class native lumber
and shingles constantly on hand at my
mill on East Boggy, 13 miles east of
Harrison. J. E. ARNEEL.

—We want some good cedar posts and
will allow 15 cents apiece for them, on
subscription. They need not exceed 6
feet in length.

—The county warrants for bills re-
cently allowed by the county board can
now be had by the parties to whom they
belong.

—On last Monday Henry Gray, who
resides within seven miles of Lusk, was
in Harrison purchasing lumber of Grant
Guthrie. Low prices will draw trade a
long distance.

—We understand that Otto Munson, of
Antelope precinct, was married a few
days ago at Custer City, S. D., but we
did not learn the particulars. Good
wishes to the happy couple.

—A few days ago A. R. Kennedy dis-
covered a den of gray wolves and suc-
ceeded in killing four young ones. That
is a good riddance, as such animals do
a great deal of damage.

—Why not arrange for a county fair
on next Saturday? If a fair is going to
be held this fall it is time some move
was made. There will be more people
here on that day than at any time dur-
ing the summer.

—On Monday evening Miss Pearl Pol-
lard gave a piano recital at the residence
of H. T. Conley. A large number of
people were present, who enjoyed the
exercises very much, and Miss Pollard
demonstrated that she is possessed of
more than ordinary skill as a pianist.

—The annual school meeting on last
Monday passed off very quietly, the at-
tendance was small. W. B. Wright
was elected moderator to fill vacancy,
and Mrs. E. G. Hough was elected di-
rector for the ensuing term. It was de-
cided to have nine months school during
the year and a six mill tax levy was
voted. It was voted that the treasurer
gather in all the property he could, left
by John Thornton, and convert the same
into cash and apply same on the short-
age of Thornton.

—An accident occurred a few days
ago on the race track. C. H. Weller
was driving his trotting horse and in
turning around a shaft to his sulky gave
away, throwing the driver from his seat
and in the dash that followed the horse
hurt himself so that he cannot go in the
race Saturday.

—Prof. Barbour, late of Grennell,
Iowa, college, but now connected with
the state university of Nebraska, ar-
rived in Harrison the first of the week
and yesterday, accompanied by C. E.
Holmes, left for the Black Hills and had
lands of Dakota in search of specimens
and petrifications. They expect to be
absent about six weeks.

—The young peoples' society of Chris-
tian endeavor will hold its 10th annual
international convention at Minneapolis,
Minn., from July 9th to 12, 1891, for
which occasion the F. E. & M. V. rail-
way has made a rate of one fare for the
round trip. Tickets will be on sale July
7th to 8th and the time of returning can
be extended until August 26th if so de-
sired. For further information call on
or address any agent of the F. E. & M.
V. railway.

—The practice of dumping manure in
heaps around the outskirts of the town
is not a good one and the village board
should have it stopped. Chairman
Maune of the board suggests that some
of the manure could be used to good ad-
vantage in filling up the old well north-
east of town. As it is the hole is dan-
gerous and should be covered, filled or
fenced before accident occurs.

—Secretary Furnas of the state board
of agriculture, writes that he wants two
logs from this section to be used as col-
umns in the forestry building at the
world's fair at Chicago, one pine and one
cedar, and he wants the finest that can
be found. They must be 25 feet long,
not less than 16 nor more than 20 inches
in diameter at the base and taper nicely
to the top, with the bark on. They
must be cut in the winter so that the
bark will not peel off, and all that is
asked is that they be secured and placed
on the cars here and he will attend to
the freight. The columns will be label-
led from whence they come. We hope
people will keep an eye out for nice
trees of that class so that they may be
secured at the proper time. Gov. Fur-
nas also expresses the hope that Sioux
county will be at the state fair with her
"Sunday clothes on."

—The creamery subject is looked up-
on by almost every one as a good plan
and there is no question but what a suf-
ficient number of cows can be secured
to start one in good shape. There is al-
ways a market for the product of the
dairy if it is put in the right shape, but
it is poor pay for the farmers and their
wives to make butter and have to sell it
for 8 or 10 cents a pound. It is also
poor pay for the merchants, as one of
them remarked that he had about 600
pounds of butter on hand for which he
paid 10, 12 and 15 cents a pound, and he
would gladly sell the lot for 8 cents a
pound. With a good, cash market for
milk the farmers would soon have the
cash to pay for what they buy and that
would do away with a great deal of the
credit business of the merchants and
would relieve them of the necessity of
handling all kinds of butter.

By virtue of an order of sale directed to
me from the district court of Sioux county,
Nebraska, on a judgment rendered in said
court on the 23d day of September, 1890, in
favor of Thompson E. Martin and Charles J.
Smith, as plaintiffs and against Henry War-
neke and Hannah M. Warneke, defend-

costs taxed at \$17.13 and ac-
cruing costs, Warner, Bushnell and Gles-
ner were also implicated as defendants, and
the court found that there was due such de-
fendants, Warner, Bushnell and Glesner

Warneke and Hannah M. Warneke, which
sum must also be paid out of the proceeds of
this sale.

tate, taken as the property of the defend-
ants, Henry Warneke and Hannah M. War-
