CORRESPONDENCE SOLICITED
Address,
NEBRASKA SECURITY CO.
Harrison, Nebraska.

—Miss Chapman at the church Saturday evening.

—Highest market price paid for grain at the Harrison Lumber Yard.

—A couple of light rains visited this locality during the past week.

—When you want a good smoke go to Turner's and try one of the "Charmer" cigars.

—J. H. Cook loaded a car of fat cattle here on Tuesday and also shipped a lot from Lusk on the same day.

—WANTED:—Two good wood-choppers at once. Good wages.
RICHARD DUNN.

—THE JOURNAL and the *Weekly Bee* from now until January 1, 1892, for 75 cents, cash in advance.

—Only 75 cents in cash will secure THE JOURNAL and the *Weekly Bee* from now until January 1, 1892.

—Inquiries are being made for fall rye seed. Parties who have such grain to sell should let it be known.

—Five applicants for teacher's certificates presented themselves last Friday and Saturday for examination.

—Don't forget that the barber shop is one door east of the postoffice, when you want a shave, hair-cut or shampoo.

—We make bedrock prices on groceries. Come and see if we don't.
GRISWOLD & MARSTELLER.

—Mrs. H. A. Cunningham now occupies the building north of the ranch supply house as a dress-making establishment.

—LUMBER.—First-class native lumber and shingles constantly on hand at my mill on East Boggy, 13 miles east of Harrison.
J. E. ARNER.

—On Tuesday A. M. Daniels sent us a water melon which weighed 23 pounds. It is pretty fair, being the heaviest weight to our office so far this season. It is needless to say that the melon was sampled.

—Here are a few reports of the crops: Mr. Mackin threshed 84 bushels of wheat from the product of three bushels sown. Fred Stoch had millet three feet six inches high. A. E. Gates sowed two bushels of millet and cut twenty tons therefrom.

—The case of Sioux county vs. C. C. Johnson came up in the county court on Monday. County Attorney Conley prosecuted the case and George Walker defended. The result was that the county obtained a judgment for $68, the balance due the county of the report of the court. The defendant will appeal the case to the district court.

—Yesterday Valentine Thomas and Michael Johnson were up from Sheep Creek precinct. They brought the scalps of twenty wolves which they had killed, and made the proper application for the bounty offered. They say that they have fine, rich soil in their locality and water in great abundance at from 20 to 30 feet. They want to "coax" more people to come and take up some of the government land in that part of the county.

NOTICE.

We send out a number of extra copies of THE JOURNAL each week and no one need hesitate to take them from the postoffice as there will be no charges against any who have not ordered the paper.
THE PUBLISHER.

Money!

$5,000 to loan on farms in small amounts. Apply at once at the Bank of Harrison.

—We carry Fargo's boots and shoes, the best in the country.
GRISWOLD & MARSTELLER.

—Mr. and Mrs. Joseph Stastney welcomed their first-born son, who arrived at their home last Tuesday.

—Tell your friends in the east that there is a large amount of government land in Sioux county open for settlement.

—It began to rain yesterday afternoon and kept it up until well into the night. A good deal of water fell and put the ground in good condition for fall plowing and seeding.

—We will give THE JOURNAL one year to the party who will bring us the largest watermelon. A record of the weight of each melon brought in will be kept and the award made at the close of the season.

—Charles Biehle has purchased a black polled bull from J. H. Cook. It is pleasing to note that the farmers are preparing to grade up their cattle. It costs no more to raise good stock than poor and the returns are much more satisfactory.

—C. S. Scott has moved into town and occupies the Galpin property, in order that his children may go to school. There are a good many in Sioux county who have children who are deprived of school simply because there so few people. Every parent should try and "coax" other settlers to his neighborhood.

—On account of the storm last evening the entertainment by Miss Chapman was postponed until Saturday evening, Sept. 26th. All who can should avail themselves of the opportunity to hear this gifted lady. Those who have heard her pronounce her an artist in her profession, so if you want to spend an evening of pleasure, be sure to be at the church Saturday evening.

—The work of threshing will likely be pushed along quite rapidly in this locality. J. E. Wallace has started his machine up and the Dove machine from Cottonwood is in Warbonnet precinct and a machine is expected from Wyoming in a few days. The work will be divided up so that it will not be long until the grain will all be ready for mill and market.

—A party of Sioux Indians and a band of Gypsies furnished amusement for our people Tuesday and each contrived to obtain a sum of money from the people. The former had war-clubs, moccasins, pipes, etc., which they sold for cash or swapped for provisions, dry goods or ammunition, while the latter had some bears and a monkey for attractions.

—Fires have destroyed a large amount of grass in various portions of the county. This is to be regretted for the feed thus destroyed would be of great benefit to the stock and the burning of the grass in the fall is a detriment to the roots of the grass and the growth will not be so good next year. A great deal of care should be taken to prevent the destruction of the grass by fire, for in addition to the above it endangers hay in the stack and buildings of the settlers.
