Bellevue's Neck Raising. A dispatch from Goodland, Kan., has just come to say of the rain-making machine that it has been used at that place. The rain fell shortly before midnight, but gathered again within an hour. The atmospheric phenomena were seen within the last four days and were sufficient to convince the population that some beneficial influence has been at work on the weather.

"The Irrigation Age". The Irrigation Age for October 1st number of very unusual interest and value. It consists of nearly sixty pages, is generally illustrated. One single copy of this number makes it possible to every irrigator and investor in irrigation enterprises. This feature is a complete illustrated account of the Irrigation Age, which occupies six pages of the Age. This is something that has never been widely read and appreciated. Besides this, the Age will contain the details of the campaign for the year and the membership of the American Association of Irrigation Engineers, a description of the first irrigator in the world, which depended upon water by irrigation, the usual full details of irrigation news, form and other papers, and other attractive matter. This edition of the Age consists of 5000 copies. It will be found on all news stands, and orders for extra copies should be promptly forwarded to the Denver of Salt Lake offices.

We're After You. The greatest of western papers, the Souix State Journal, is determined to double its circulation this fall. To do this the paper has been enlarged to twelve pages every week; new departments added; and every column freshened and lightened by crisp and original ideas. The Journal is the true and able exponent of western enterprise and thought. It grows apace with the progress of our commonwealth and stands to-day at the head of western newspapers, equalled by few and excelled by none. This will be an exceptional fall for water for reading. Every man who reads the Souix State Journal in his family, writes a testimonial. You need only to see the paper to appreciate it. Send twenty-five cents for a three-month trial subscription. You will then become a regular subscriber. Eighty-five per cent of trial-subscribers stick. That's a good record. Published at the state capital the Journal is more in touch with the great masses of the people, and the questions that agitate the hour, than any of its competitors. Don't forget to send for a sample paper. We want you to see one. The paper itself will do the rest. Give your order by mail. Address, Souix State Journal, Lincoln, Neb.

The Bee Reduced in Price. The price of the Omaha Weekly Bee has been reduced to \$1.00 a Year. Now is the time to subscribe for the best newspaper in the west.
