boiled eggs.

-W. D. Lafferty will have 75 acres of

crop this season.

-Rev. Gardner preached at the church

last Thursday evening.

-The farmers who did fall plowing

are the ones who are ahead. That is a

pointer for the farmers next fall.

-C. H. Andrews will move into C. C.

Jameson's house. The rooms vacated by

him will be occupied by Dr. Bridgman

and family.

-W. C. O'Connor is getting the lumber

on the ground for a new house on his

homestead. Improvement is the order

of the day.

-John Sutton will have 35 acres of

small grain this season on his farm in

Wyoming and Harrison will be the mar-

ket for the crop.

-Supt. Southworth will hold an ex-

amination of teachers at the school

house in district No. 21, Cottonwood pre-

dict, on the 8th and 9th.

-J. H. Bartell will soon have a wind-

mill and pump in operation at his home.

Such things are a great convenience and

show that the farmers are prospering.

-Dr. Shaffer reports the arrival of a

new girl at the home of Mr. and Mrs.

Ransom who resides near Andrews.

Sioux county's population continues to

increase.

-Edgemont, S. D., is after manufact-

uring establishments and advertises for a

shoemaker, claiming that there is a good

opening for an establishment of that

kind there.

-Henry Lindeman expected to start

from Iowa for Sioux county on the 8th

inst., but the roads there are so muddy

that he is unable to haul his corn to

market and he will have to wait until a

little later.

-Sheriff Reidy the first of the week

sold a bunch of 128 horses at the Lower

33 ranch. They were what were known

as the A. K. horses and were sold on ex-

ecution. It is reported that they brought

all they were worth.

-Z. G. Deuel informed us yesterday

that he will have about 35 acres of grain

this season and he had his wheat all in

before he left home. Mr. Deuel lives

across the line in Wyoming, but Har-

ison in his place of doing business.

-L. A. DeWitt, the new agent at the

P. & M. V., arrived on last Saturday

with his family. He came from Ains-

worth where he had been for six years.

He is a pleasant gentleman and will

doubtless look after the interests of the

company in good shape.

-Sam Tabet, of Bodare, brought us a

sample of his scotch flife wheat on Fri-

PERSONAL.

Z. G. Deuel was in town yesterday.

J. W. Hunter was up from Bodare

Thursday.

last Thursday.

down the road.

Tuesday evening.

ing last Thursday.

few days last week.

east yesterday morning.

day evening for Chicago.

Springs Stock Farm Tuesday.

ford last week to visit relatives.

having a tussle with the gripple.

to the farm the last of the week.

ger on the west-bound train Tuesday.

negotiating for the Squaw Creek saw-

mill.

W. T. Brown was down from Vorhees

Friday and gave us some cash on sub-

scription.

County Clerk Lindeman and County

Treasurer Gayhart went to Chadron

Tuesday evening.

Rev. and Mrs. Gardner, parents of Miss

Gardner, have been visiting in Har-

ison for the past week.

J. B. Burke and H. Zimmerman re-

turned last week from the coal mines of

Wyoming where they worked during the

winter.

-Do not forget to plant something

choice and give it a little extra care and

bring it to the county fair. It needs the

co-operation of all to make a fair a suc-

cess.

-A son of George Slack was thrown

from a wagon last Saturday and it was

thought his leg was broken. Dr. Bridg-

man was called and found no bones

broken but a pretty bad sprain.

-The work of invoicing the Andrews

drug stock is completed and Dr. Bridg-

man has gone to Rushville for his family

and will return tomorrow ready to re-

main. He has been so busy that he has

not had time to fix up an advertisement.

Look out for his announcement next

week.

-Peter Henry was in town Tuesday.

He feels very badly over the untimely

death of his son in the mines of Wyom-

ing. He believes the lad was sent where

he should not have been and has retained

Grammery Items.

Not much on the string this week.

Our Squaw Creek sawmill has started

up again.

The snow is fast disappearing. I

think we'll soon have spring.

Mr. G. H. Turner is improving his

place by having a well put down.

The man who feeds his stock intelli-

gently, according to their needs is one of

a hundred.

A little military discipline is a good

thing even on the farm. Some things

need to be brought rigidly up to the

mark.

Ground hog weather is pretty shadowy

after all.

Sanford Shores, who has been working

for G. H. Turner, will move on his claim

in the near future.

Bad roads are large consumers of horse

flesh. No community can afford to tol-

erate them.

If you want to read a good paper sub-

scribe for THE JOURNAL.

Sanford Shores says that he is a farmer

and several other things and has worked

in different localities, but never struck

a place before where he couldn't do a

days work from sun to sun.

Mr. Cobb is holding down a job at the

Squaw Creek sawmill.

All Around About.

first granger to follow a plow in the

vicinity of Gilchrist this year.

wheat. We understand he began sowing

Monday, on fall plowing.

on Monday.

her daughter, Mrs. Andrews, in Harrison

for a few days past.

Henry Wertz passed through our little

burg Sunday enroute for Hot Springs,

South Dakota.

F. W. Knott made a trip to Cotton-

wood Thursday.

Herman Kourath, Jr., purchased a fine

span of colts of A. W. Mohr last week.

Mr. E. P. Maine, of Harrison, moved a

family to the valley last Saturday to the

place formerly occupied by B. Uphoff,

on Squaw creek. Rather a windy and

cold day to introduce new comers.

The farmers in the valley are talking

mill, mill, mill now days. They will

meet at the Bodare school house, next

Thursday at one o'clock to discuss

"bonus". Now is the time to do some-

thing, or the opportunity will pass and

others will secure what we ought to

have. Sioux county is sure to have a

mill.

If there is any one man busy now it is
