—Garden seeds in bulk at Turner's.

—Hides wanted at the harness shop.

—The county commissioners are called to meet on next Thursday, March 31.

—Salt \$2.65 per barrel at GIBSWOLD & MARSTELLER'S.

—There will be preaching at the church on next Sunday morning at 11 o'clock and a temperance concert in the evening at 7:30.

—G. Guthrie will ship a car load of native lumber to Chadron in a few days.

Shipping out native pine lumber is an industry that is quite a novelty in Nebraska.

—J. Babcock, of Sioux county, familiarly known as "Uncle Bab," is now a resident of Chadron and will be clerk of the new hotel. He will be a strong assistant to Ed. Satterlee in winning friends for the house.—Chadron Journal.

—If you have friends in the east whom you wish to induce to come to Sioux county the best thing you can do is to invest in a year's subscription to THE JOURNAL to be sent to them. It is better than writing letters and costs little more than a letter each week.

—The sawmill is being moved from Squaw creek to a new location on the Boggy. It will be running in a few days.

—Sheriff Reidy has been making business trips to various portions of the county of late and he reports that the farmers are all going at their farm work in good shape this year. The acreage will be greatly increased over that of any previous year and a much better quality of farming will be done than ever before. The seed is going into the ground with as much confidence in a good crop resulting as is the case in any old settled locality.

—The water from the melting snow formed quite a pond in front of THE JOURNAL office on Wednesday. An individual who formerly was quite prominent in Sioux county affairs came to town and got outside of a quantity of fire-water and as he was passing this office he fell kersplash into the pond. He was brought into the office and offered an opportunity to dry himself, but instead of that he made himself so obnoxious that an officer was called to remove him. He was not arrested, but another time he may not be let off so easily.

—Dave Bartlett is reported to have secured the contract to build the new school house in district No. 31.

—W. R. Smith went to Chadron the first of the week and made a deal for a livery property and expects to go there in the near future to conduct the business. Mr. Smith has had a great deal of experience in that line of business and will undoubtedly get his full share of the patronage Chadron affords. He will still retain interests in Sioux county.

—Remember, I give the Nebraska farmer, a weekly paper devoted to the farmer free for one year, with every ten dollar's worth of fruit trees bought of me.

Address, O. F. SMITH, Ansley, Custer Co., Nebraska.

## All Around About.

We are entirely too much occupied entertaining the gripe to write items.

It is reported that Miss Eva E. Conner is on her way back to Sioux county.

This beautiful snow makes us have considerable faith in the weather prophet Hicks.

We thought we were going to take the lead this year raising poultry, but Mrs. Eli Smith comes out way ahead and counts her young chicks by the dozen.

Mrs. F. W. Knott is highly elated over the prospect of a visit from relatives living in eastern Iowa, next month.

The gripe has made a general visitation hereabouts. J. M. Daniels family have all had a hard struggle with it, also Peter Henry's entire family. Nearly all the rest in the neighborhood have been more or less afflicted with colds or gripe, but so far as we know, all are on the mend.

From present prospects, judging from the various rumors afloat, Harrison will soon have to take a back seat, and Bodarc will be the city of the northwest.

We have heard of no less than three stores to be opened there as soon as the mill is built, and other improvements too numerous to mention.

Mr. Eli Smith, of Bodarc, was out in search of the supposed lost boy, and came as far north as Gilchrist, and there met F. W. Knott, who had also spent the whole forenoon looking for the boy, but they concluded they were on a wild goose chase and gave up the hunt.

Considerable excitement was caused last week over what was supposed to be a lost boy. Cornelius Jordan and Harry Christensen left Montrose about dark to meet the former's brother who came in from Iowa with a carload of stock and goods, and came to the valley with three horses and started for the Schonebaum claim. Finding no one there he went on to Montrose going due north from Gilchrist P. O. and the boys took the old travelled road and so missed each other. The new comer got to Mr. Rhein's and stopped for the night. The boys finding he had been to the claim and gone, supposed he was lost which caused no little uneasiness. There being no telegraphic communication between Montrose, Gilchrist and Bodarc, the search was continued long after the boy had reached his destination.

—C. S. Scott reports the arrival of a new boy at his home the first of the week.

—Charles Smith came down from Hot Springs yesterday and will take a number of horses back with him. He has a livery barn at Hot Springs and will open one at Cascade in a short time. He appears to be prospering.

—The Herald last week published the list of jurors drawn to serve at the April term of the district court, eleven of which it published under the head of "Grand Jurors" and twelve as petit jurors. Why it was so published is not known, for there was no grand jury drawn. The twenty-four who were drawn are simply the petit jurors.

—For some time a little child of L. Gerlach's has been troubled with some peculiar ailment and last week Mrs. Gerlach took her to Fort Robinson and had an examination by the post surgeon who informed her that the child's nervous system had received a shock but would entirely recover in time with proper care. The parents are highly pleased at the information.

District court will convene three weeks from Monday. There are practically no criminal cases on the docket but the civil docket will be the largest ever made up in the county.
