All Around About.
We were too late for the mail last week with our items.
The assessor is abroad in the land.
Miss Sara Parsons reports herself quite well pleased with her school.
Miss Anna Price seems to be glad to get back to the land of pure air, once more.
A. W. Mohr and wife were out on a pleasure trip in Wyoming last week and brought home a couple of antelope.
People in Iowa and Kansas have been complaining of mud, mud, mud for the past three months. It begins to look as though the roads "might" get muddy here, too.
We are afraid this cold snap will nip our garden "beans" that is up.
J. M. Daniels found new potatoes in his potato hole almost large enough to eat.
Why don't somebody strike a mineral spring in the canyon, and build a summer health resort among those grand old hills. It would bring in more money, health and pleasure than a grist mill.
The surprise party at E. C. Lockwood's the evening of the 11th was a complete surprise as Mr. L. had retired and was snoring beautifully when the company arrived. Ice cream and cake were bountifully provided and a general good time was had.

—W. E. Jones informs us that his oldest daughter who was totally blind for a number of years has had her sight so far restored that she will soon be able to return home and although the doctor says her eyes will never be strong she will be able to see quite well.

District Court Proceeding.
District court convened last Monday. The jury, or part of them reported for duty on Tuesday but none of the jury cases could be brought to trial so they were dismissed. The severe storms which prevailed prevented many from being present and the attendance was unusually small.
