—N. L. Pollard is having five acres of trees put out on his timber claim southeast of town.
 Judging from the number of cows to be seen running at large about town one is led to believe that the cow ordinance has passed into innocuous desuetude.
 C. H. Andrews and family left for Cozad last Monday where he will engage in the drug business. Mr. Andrews is a competent pharmacist and we wish him success in his new location.
 —One of the subjects which most interests the people in the north part of the county is the new road from the valley. The road is also of great importance to this town and to every resident of the county. The survey of the road will be completed in the near future if the weather will permit and then the matter can begin to take its course to be opened. The most important part will be a consent road so that work can be commenced thereon as soon as the survey is completed. The road will be in pretty good shape before the crop is ready to market, and when opened will be of so slight a grade that good, big loads can be hauled up.

—The farmers are putting in full time in their fields whenever the weather will permit.
 —A. C. Pratt expects to go to Cozad in a few days where he will engage in the livery business. He has disposed of most of his interests in Sioux county.
