All kinds of fruits at Scott's Con-
fectionery next Saturday.

I carry a full line of farm machinery.
G. H. TURNER.

Geo. H. Turner and G. W. Hester
each shipped a car load of cattle last
Saturday.

Priddy has re-arranged his black-
smith shop and is now doing wood work
as well as iron work.

John L. Kay brought us some fine
samples of his growing crop. All look
forward to a year of prosperity.

The eye in the valley is cut and the
farmers are now in their wheat harvest.
The grain on the table is about three
weeks later than that in the valley.

LEMBER.—First-class native lumber
and shingles constantly on hand at my
mill on East Boggy, 13 miles east of
Harrison.
J. E. ARNER.

To see the binders, mowers, rakes,
and twine and wagons being pur-
chased by the farmers one is forced to
admit that a season of prosperity is upon
this locality.

Robert Wilson left on Monday for
W. F. Shepherd's with his self-binder
and will cut about one hundred acres of
land in that locality before his crop on
the table is ready to harvest.

From July 26 to Aug. 10 the F. E.

Hot Springs Chautauqua at one fare for

to run my store. I will give my
whole time to the practice of medicine.

We hear frequently of new settlers
in various parts of the county. The
county is so large that people come in,
settle and live there for some time be-
fore they have occasion to come to the
county seat.

Notice.—The party who took our
wagon from beside the road between our
mill and Harrison is known and he will
give himself trouble by returning the
wagon once.

SIOUX COUNTY LUMBER CO.
—Prof. Barbour and Messrs. Marsland
and Morrill returned from Dakota Sun-
day, the other members of the party hav-
ing returned some time last week. Prof. Bar-
bour will spend some time in Wyoming
on his geological search and will be
found here for some time yet. The
party report a pleasant and profitable
trip.

The Lincoln outing party broke
up at Squaw creek yesterday and
started for Hot Springs, S. D., by team.
They made a large collection of insects
and grasses much of it being in the in-
terest of the exhibit at the world's fair.
They also secured specimens of a bird not
traced by any of the authorities on
feathered tribes.

The only complaint to be heard from
farmers in regard to the wheat which
is put in properly and at the proper
time is that there is a good deal of smut
found in it. This is another argu-
ment in favor of winter wheat and in-
stead of the matter up in
and get the seed and put in a good
age of winter wheat. A better
is almost certain and a better qual-
ity and consequently a better price will
be received.

Some time ago Aaron Tally came
from Cottonwood and looked over the
country in this vicinity and last week he
settled up and selected a
section a short distance south-
west of town and placed a homestead
thereon. Mr. Tally has resided in
Cottonwood precinct for a good while
and is the best of the land in that locality
taken he decided to come up on
able and get a good quarter section
of the rush.

It would be to the interest of those
own stock to arrange to organize
a good big bounty on wolves
The loss sustained by stock
from the ravages of the beasts
is large to be allowed to continue.
The loss is a fine coat a short
ago and it is reported that some
are losing some of their calves al-
most daily. With an organization each
could pay in the bounty fund in propor-
tion to the amount of stock he owned
then the assessments would not be
any on any and it would be a good
better to pay the full value of the
stock saved as bounty than to let
wolves grow fat and increase at the
expense of the farmers and stock raisers.

—Binding twine has been going out of
town by the wagon load of late.

—Salt \$2.65 per barrel at
GRISWOLD & MARSTELLER'S.

—Peter Henry took out a new binder
on Tuesday, as did J. F. Schulz and Wm.
Noreisch.

—The sawmill men are all crowded
with orders. That is an indication of
prosperity.

—J. W. Scott has opened his ice cream
and confectionery store in the building
north of the Ranch Supply house.

—Harrison is without a saloon. C. R.
Wadsworth quit business Tuesday night
and has not opened his saloon since.

—L. Urey has purchased the shoe-
maker's outfit of H. A. Cunningham and
in future will mend people's soles. He
occupies the Galpin building.

—A little girl by the name of Kerns,
near Bolare, got her elbow dislocated
last week. Dr. Bridgman went down
and put the bones of the joint in place.

—Judge Bartow came up yesterday
and opened the special term of court.
There was no jury and all the business
transacted was the disposal of equity
cases.

—The Sioux County Lumber Co.
broke its engine the first of the week
and had to shut down a couple of days
for repairs. They are now running on
full time.

—NOTICE—I am closing out my lumber
stock in order to devote my entire atten-
tion to the grain and coal trade and all
persons knowing themselves indebted to
me will please call and settle as soon as
possible.
GRANT GUTHRIE.

—J. W. Ernest, A. McGinley, J. G.
Morris and Henry Erdman made up a
train load of cattle at Van Tassel which
were shipped Monday morning. That
train load would no doubt have been
shipped from Harrison had there been
facilities for watering at the stock yards.

—The railroad company got out a lot
of advertising matter for the harvest ex-
cursions and in place of Sioux county it
reads "Harrison county." In writing to
your friends about the harvest excursions
call their attention to the error so
they will not be misled in regard to it.

—G. Guthrie gives notice that he is
going out of the lumber business and will
handle grain and coal exclusively. This
makes an opening for some one who de-
sires to engage in the lumber business.
With the good prospects for prosperity
and new people coming here a good
stock of lumber ought to be a paying in-
vestment.

—Owing to the fact that the farmers
are very busy with haying and harvest
the attendance at the meeting of the
agricultural society yesterday was not
large. A committee composed of Eli
Smith, M. J. Weber and F. M. Smith
was appointed to act for the society in
getting up an exhibit. H. W. MacLach-
lan, D. H. Griswold and C. E. Verity
were appointed as a finance committee
and opportunity will be given to all to
contribute to help pay the expenses.
There is no reason why the exhibit from
Sioux county this year cannot excel that
of any previous year. The products are
here and all that is needed is for the peo-
ple to select the samples and bring them
in. All should take an active interest in
the work and make it a grand success.

—A number of the farmers of the val-
ley clubbed together and sent off and
purchased binding twine for tying up the
crop now ripening. They say they
saved money thereby. It may be that
they did on the lot now received, but it
may not prove a paying investment in
the long run. It is a good plan for the
people of a community to keep as much
of their money at home as possible and
as a rule the same quality of goods can
be purchased of the home dealers as
cheaply as they can be obtained from
outside houses, and the home merchants
pay taxes and extend credit to those en-
titled thereto when they have not the
ready cash. The outside merchants
neither pay taxes in this county nor ex-
tend credit. The interests of the farmers
and merchants, are identical. What is
to the interest and welfare of one applies
equally to the other and each should en-
deavor to do the best by the other that
he can.

To the People of Sioux County.

The undersigned having been appointed
as a committee to arrange for an exhibit
at the state fair, would urge all to assist
in making the best exhibit possible. We
request that the people make it a point
to select samples of grain, vegetables and
grasses. Gather all samples just as they
appear and put them away carefully
and notify the committee of what you
have of deliver it at Harrison not later
than August 30th.

Arrangements will be made so that
the people can deliver their samples
from White River and Cottonwood at
the residence of M. J. Weber or at Craw-
ford. A united effort is desired.

—It has been suggested that a band be
organized. The instruments are here
and there are enough who will take hold
of the matter to make it a success if the
start is only made. Some one who
wants to see the plan carried out should
call a meeting of those who would be-
come members and thus get the matter
under motion.

A Prize Hen Party.

If three hundred hens lay three hundred
eggs in three hundred days, how many hens
will it take to lay one hundred eggs in one
hundred days? To the first person answer-
ing the above problem correctly the pub-
lishers of the Ladies' Pictorial Weekly will
give an elegant Upright Piano valued at
\$25 or its equivalent in cash, as preferred.
To the second person will be given an ele-
gant Safety Bicycle, valued at \$25 or its
equivalent in cash. To the third person, a
handmade Gold Watch, valued at \$25 or its
equivalent in cash. The next fifty persons
sending correct answers will each receive a
prize, valued at from twenty-five dollars to

stamps for one month's trial subscription to
the Ladies' Pictorial Weekly, which is one

publications on this continent. The object in
offering this prize contest is to introduce it
to new families, and increase its permanent
subscription list. We guarantee that prizes
will be awarded strictly in order of merit.

precedence so that persons living at a dis-
tance have not an opportunity of securing a
valuable prize. Address Ladies'
Pictorial Co., "E." Toronto, Canada.

the object and prayer of which are to fore-

L. Davis and Alice A. Davis to W. L. Telford

cure the payment of a promissory note

How to Get Fish.

THE JOURNAL is in receipt of a letter in
regard to fish for stocking ponds, from
Supt. O'Brien. He has a large variety
of fish and any one sending in an applica-
tion will be furnished a supply of fish
during the next year. The different
kinds of fish are distributed at different
seasons so that all are not supplied at
the same time. It would be a good plan
for those having streams and opportuni-
ties for fitting up fish ponds to do a
little work and get a pond fitted up and
stock it with fish. It will prove a source
of pleasure and profit to every one who
goes to the trouble of making a pond.
Application can be sent in direct to the
commission at South Bend, Neb., and
we will gladly assist any who desire us
to do so in the matter. The following
letter will be of use to those interested
in fish:

SOUTH BEND, July 27, 1892.

L. J. SIMMONS, Esq., Harrison Neb.

DEAR SIR:—In response to your letter
regarding a supply of fish for the
streams in Sioux county, will say, if you
will have the parties send in their applica-
tions they will receive a suitable
supply of fish from our next annual deliv-
ery. We will distribute Black Bass,
German Carp, Crappies, Sunfish and Cat-
fish from the 15th of September until the
15th of November. We will distribute
Brook Trout, Rainbow Trout, Salmon
Trout and Lock Leven Trout during the
months of Feb'y. and March and we dis-
tribute Wall-eyed Pike in May and June.
Any person having a suitable place may
obtain a supply of any of these kinds of
fish during the season in which they are
distributed, you can have the parties
send in their own applications or you
can send them in for them. We will be
pleased to hear from you again on the
subject, and hope to get better ac-
quainted when we go up in your
country.
Yours Truly,
M. E. O'BRIEN.

An Appeal for Aid.

MASON CITY, NEB., July 14, 1892.

TO THE CHARITABLE PEOPLE OF NEBRASKA:

It is generally known by the tele-
graphic dispatches to the daily papers of
Omaha and Lincoln that this village
was visited by a very destructive cy-
clone on Friday evening, July 1, 1892,
which totally destroyed many of the
resident and business houses and all the
public buildings of our town.
Our school district is already bonded
to the limit of the law, and the financial
condition of the people will not allow
the repairing of one loss in ten. The
losses are not confined to our town, but
many of the farmers in our vicinity are
without shelter, and it is the feeling of
our citizens that they share equally
with the town in any aid that may be
given us.

The loss is estimated at from thirty to
fifty thousand dollars, and we are greatly
in need of help. It is with pride that we
refer to the fact that our people have
always responded liberally to any of our
neighbors who have met with such dis-
asters, and we would ask each and every
person who may be aware of our loss to
contribute as liberally as his or her finan-
cial condition may allow.

We have selected Mr. John A. Hall, an
old and respected citizen, as treasurer,
any funds may be remitted to him, on a
guarantee on the part of every business
man of Mason City that such funds will
be expended for the rebuilding of our
school house and churches.

A. B. WARELL, Treasurer.

M. C. WARRINGTON, Secy.
