The rains during the past week will be a blessing to the farmers.

Bring in a bundle of your best grain to the state fair.

E. Brewster shipped a carload of Monday evening.

Let every farmer contribute something toward the state fair exhibit.

Highest market prices paid for GREAT GUTHRIE.

Carry a full line of farm machinery. G. H. TURNER.

Have you got something for the fair exhibit? It is time to bring it.

Scott & Bohmert have gone to Pleasanton to put down a well for J. S.

Lawler has moved into the rear of the Ranch Supply.

The young people enjoyed themselves in a social way at the court house evening.

Rains on the Cheyenne & Northern delayed some days the first of the washout.

Ev. Glasner has been called to a date in South Dakota, but has not replied the call.

The rains during the past week are as having been quite general all over the county and did a great deal of good.

Now is the time to plow your land ready for fall wheat. The sooner plowed after the crop is off the better.

The material is being got on the ground for the new school house at Mt Ridge. G. Guthrie has the contract for building it.

BARGAIN—On account of sickness sell the Harrison House at a bargain. E. ROHWER, Harrison, Neb.

MEMBER—First-class native lumber on hand at my mill. East Boggy, 13 miles east of here. J. E. ARNER.

The rains of the past week interfered with the harvest and the cool weather which has prevailed has been a blessing to the farmers in their harvest.

Old brick boiler house at the Griswold & Marsteller's is being sold. It has been rather useful for the past three years.

Ladies of the W. C. T. U. are to be present at the meeting in church Saturday afternoon, Aug. 27, to attend to effect a county organization.

It is reported that extension of the road to Soda Lake will take definite shape in the near future and then better service will be accorded this locality.

Deed filed on a quarter section southeast of town the first of the month. It is becoming apparent that the farm town will not be open very long.

Speculations are that Harrison is a good grain market as can be seen by the time the crop is ready to be harvested. The new road will be completed by the fall.

Ev. Glasner will preach at the school house on Sunday morning at 11 o'clock at 2 p. m., after which the baptism by immersion will be held.

The harvest in the valley is nearly completed and the crops on the table are being put in shock. The grain is being good with a few exceptions. A good deal of smut is found in the wheat and some means are being devised to avoid that in future.

It is reported that an effort is being made to have a big wolf hunt in the near future. It is certain that something is being done to get away with the wolves which have been destroying so much of the sheep. An organized warfare is being waged against them until they have been exterminated.

### PERSONAL.

Miss Minnie Crane was in town on Saturday.

Mrs. Bassett is visiting at Agate Springs.

J. E. Arner and W. C. Phillips were in town Tuesday.

Irvine Wilson was up from Running Water Saturday.

B. F. Thomas was down from Wyoming to spend Sunday with his family.

J. F. Cook returned yesterday from his second trip to Omaha with cattle.

Mrs. Davis returned Tuesday from her visit to the eastern part of the state.

Mrs. Freeman and children came up from Crawford Monday to visit Mrs. F. W. Bartlett.

C. E. Goway was up from the south part of the county on Tuesday and called at this office.

Andy Lelan, a friend of August John, arrived from South Omaha last week with a view to locating.

U. W. Edwards was here Saturday looking at land with a view to purchasing. He was well pleased with the country and expects to invest in some Sioux county real estate.

J. R. Williams who has been the guest of H. W. MacLachlan for a few weeks left for his home in Chicago Monday evening. He enrolled himself as a reader of THE JOURNAL before departing.

—Once more let us ask if a mill cannot be secured? There would be good money in an investment of that kind for a practical mill man.

—WANTED—At once, a good kitchen girl, who can cook at the Harrison House. Wages, \$15 per month. E. ROHWER.

—A large number of circulars describing this locality have been sent east for distribution, inviting people to come out on the harvest excursion and see the country.

—The shipment of cattle from the west has just begun. It is about a month later than usual. The grass kept growing so rank for so long this year that the beef was too soft to market.

—The annual meeting of the W. C. T. U. of Sioux county is called on Friday, Aug. 26, at the court house at 3 p. m. MRS. BASSETT, Secy.

MINNE SMITH, Pres. Sioux Co. Union. Secretary.

—It is reported that one of our citizens looked out of the window very early one morning recently and discovered another resident of the place in the act of extracting milk from one of the cows belonging to the party of the first part. Had the owner of the cow got dressed soon enough he might have applied his boot quite effectively.

—For some time something has been killing the chickens of Leo DeBock and one day last week his daughter, Miss Rosa, discovered two wildcats in the yard. She took a gun and shot one of them and killed the other with stones and a club. They were young cats, nearly full grown. Miss DeBock showed a good deal of nerve in tackling and getting away with the beasts.

—A few days ago some of the railroad officials were here, accompanied by parties from the east, whom it is understood will erect an elevator at this place in time to handle the crop of this season. No work has been done yet but it will be necessary for them to make a start pretty soon if they expect to have it ready by time threshing begins. The excellent quality of wheat raised in this locality is bound to attract grain dealers and will bring the top price in the market.

—A good deal of water has fallen in this section of the country during the past week. A good shower came Saturday night and another Sunday night and on Monday night it rained harder than ever. The corn and potatoes are now all right and the ground is in such condition that the farmers can get right to plowing and have their land ready for fall wheat as soon as the crop is off. A good acreage of fall grain will be put in and the farmers will be largely the gainers thereby.

—The question of moving the school house is again being discussed. All agree that the place where it now stands is not at all suitable. J. W. Lambert has offered to give ground for a school house site on the flat just west of the court house and the district would profit by the acceptance of the offer. The present site is not a safe one for the children can hardly get up the hill and steps during a windy day. If anything is going to be done it should be done at once so as to have the building ready by the time school opens in the fall.

### Bring in Your Samples.

The material for the exhibit at the state fair will be loaded on the car on next Tuesday, August 30th. Be sure to bring in something to help make up a display which will be creditable to the county. There is plenty of good grain, grasses and vegetables to make a fine exhibit if the farmers will only take the trouble to bring it in. If you have anything good and cannot bring it or send it in, notify the secretary of the committee so that it can be sent for. The exhibits the two past years have been good, although gotten up under difficulties and this year there is no reason why the exhibit should not be a great deal better than ever before. All that is needed is a little exertion on the part of each and the matter will be a great success. Do not neglect to bring in whatever you have and be sure to have it here next Tuesday.

—A number of the farmers are arranging to send away and get fall wheat for seed. One thing that is greatly needed in this county and that is a better and purer quality of wheat for seeding purposes. The best results cannot be expected unless the best of seed is put into the ground.

### To the People of Sioux County.

The undersigned having been appointed as a committee to arrange for an exhibit at the state fair, would urge all to assist in making the best exhibit possible. We request that the people make it a point to select samples of grain, vegetables and grasses. Gather all samples just as they mature and put them away carefully and notify the committee of what you have or deliver it at Harrison not later than August 30th.

Arrangements will be made so that the people can deliver their samples from White River and Cottonwood at the residence of M. J. Weber or at Crawford. A united effort is desired.

ELI SMITH, M. J. WEBER, F. M. SMITH.

### 25 Cents Until After Election.

The coming presidential and state campaign will be one of the most exciting ever known. During this time you will want a newspaper that is thoroughly in touch with public sentiment, and one that prints the news before it becomes stale. The *Semi-Weekly State Journal* prints the news several days earlier than the old-fashioned weeklies, and costs the same, \$1.00 per year. A complete paper twice each week—Tuesdays and Fridays. Giving 104 papers a year, it is almost as good as a daily. The old-time weekly is not in it when it comes to printing news. A year's subscription will carry readers all through the campaign and the next session of the legislature. A big dollar's worth.

A few of our offers:—The *Journal* a year and "Stanley in Africa," \$1.40; *Journal* and *Weekly N. Y. Tribune*, both one year, \$1.25; *Journal* and *Oxford Bible*, \$2.75; *Journal* and Neely's political map, \$1.80.

As a trial subscription we will send the semi-weekly until after election for a quarter. Address, NEBRASKA STATE JOURNAL, Lincoln, Neb.

### For the Campaign.

In order to bring *The Weekly Bee* into the family of every English reading man and woman in the west its publishers have decided to offer the paper for six months, covering the campaign, for 30 cents.

In order to fully understand the questions of vital importance to the producer and laboring man that will come up during this campaign, every voter should hear both sides. *The Bee* proposes to discuss all these questions thoroughly and intelligently.

You cannot afford to allow this opportunity to pass. Address orders to THE BEE PUBLISHING CO., Omaha, Nebr.

### An Original Prize Contest.

To the first person who by taking two letters from the word "Plague," can make the name of a disease that is common in portions of both Canada and the United States, will be given an elegant upright piano, (valued at \$25, or its equivalent in cash, as preferred). To the second person will be given a pony, cart and harness complete, (valued at \$20, or its equivalent in cash, as preferred). If you have tried other so-called prize competitions without success you must not condemn these offered by this company, as they are perfectly reliable and are carried on in good faith. Contestants must enclose U. S. Postal Note for thirty cents, (or fifteen two cent U. S. stamps) for one month's trial subscription to the *LADIES PICTORIAL WEEKLY*, which is the handsomest and best illustrated weekly publication for ladies on this continent. The only object in offering this competition is to introduce it into new homes, and we guarantee that no partiality will be shown in the awarding of prizes. Persons living at a distance, or in the United States, have as good an opportunity, as those near at hand, to win. Prizes will be given precedence, so answer early.
