**HON. JAS. WHITEHEAD,**  
 Republican Nominee for Congress,  
 6TH DISTRICT,  
 will address the people of Sioux at the  
 COURT HOUSE IN HARRISON,  
 on  
**Friday, October 21, 1892.**  
 At 2 o'clock, p. m.

Come every one and hear  
 the eloquent candidate and  
 judge of his ability and de-  
 cide whether or not he is  
 worthy of your support.

A marriage license was issued on  
 Monday for Bernard Beckenrock of  
 Ardmore, S. D., and Miss Irene Messing,  
 of Monroe, Neb.

Rev. Glasner will hold services at  
 the Bodare school house next Sunday at  
 2:30 p. m. and at the M. E. church in Har-  
 rison in the evening.

For fine garden products Sioux  
 county does not have to take a back  
 seat for any locality. On last Friday a  
 cauliflower was brought to this office  
 from J. H. Cook's Agate Springs farm,  
 which weighed 16 pounds. If any lo-  
 cality can beat that let it respond!

Last Sunday J. E. Wallace's cattle  
 got into a corn field and not being  
 used to it ate too much corn, and as a  
 result he lost a number. At the time  
 the information was received by THE  
 JOURNAL three cows had died and three  
 others were sick. The loss will be a  
 severe one to Mr. Wallace.

In almost all parts of the state the  
 tomato crop this year was a failure. In  
 Sioux county as fine tomatoes were  
 grown as ever need be and the sight of  
 the stores makes one's mouth water.  
 All kinds of garden truck do finely in  
 Sioux county and the farmers have  
 proved it and in future they will pay  
 more attention to their gardens.

New settlers keep coming into  
 various parts of the county and becoming  
 residents without any one at the county  
 seat knowing about it. Superintendent  
 Southworth informed us Saturday that  
 three families had located near him re-  
 cently and all are highly pleased with  
 the country. People are finding out  
 what they can get in Sioux county and  
 will not be slow to get here and secure  
 it.

The fire which was raging east and  
 northeast of here recently did a large  
 amount of damage. A good deal of hay  
 and a few buildings were burned and a  
 large amount of grass destroyed, but  
 the heaviest damage was done in the  
 pine timber. A vast amount of good  
 timber was burned and killed and the  
 only way for any good to be obtained  
 would be for it to be cut as soon as pos-  
 sible and taken to the mills.

If some means could be devised to  
 induce the railroad to make better time  
 between Chadron and Harrison it would  
 be a most excellent thing. As it is now  
 the train drags along at a snail's pace  
 making long stops at each station and by  
 the time any one gets here they are tired  
 out and ill-humored and feel like return-  
 ing on the first train. If they could be  
 brought in reasonable time and have a  
 comfortable car to ride in it would leave  
 them in a much better frame of mind.

The earthwork on the new road from  
 the valley is now under way and it will  
 not be long until it will be ready for  
 travel. There will be no bridges from  
 the time it leaves the present road.  
 Three dry gulches are crossed but they  
 will be filled instead of bridged and that  
 will prove much more durable and there  
 will be no danger of horses breaking  
 through. There will be no pitches to go  
 up and down and no grade to exceed five  
 feet in 100.

The insurance adjuster was here last  
 week and settled the losses of J. H. Bar-  
 tell, A. L. Baumgartner and George  
 Walker in the recent fire. G. H. Turner  
 had the damage to his store building ad-  
 justed by the local agent C. F. Verity,  
 as the amount involved was not large  
 enough to warrant the sending of an ad-  
 juster. It is pleasing to note that all  
 those who are residents have made set-  
 tlement of their insurance without  
 trouble or delay. Mr. Walker says he  
 intends to rebuild and Mr. Bartell con-  
 templated doing the same, but work has  
 not yet been commenced.

All should remember that on Friday,  
 October 21st, Hon. James Whitehead,  
 the republican candidate for congress in  
 this district will speak at the court  
 house at Harrison. If possible every re-  
 publican should be present and hear  
 him and members of all other parties  
 should all turn out and see what manner  
 of man the republicans have put up and  
 asked them to vote for. Mr. Whitehead  
 is an eloquent speaker and will make an  
 interesting talk. This county is yet so  
 thinly settled that but few speakers  
 come here and the opportunities to hear  
 a good speech are few and far between  
 and for that reason all should turn out.

 with the country and will likely send  
 some people out here to look for homes.  
 J. T. Mason, of White River, was in  
 Harrison on Tuesday, accompanied by  
 his father-in-law, W. E. Dodge, of Iowa.  
 Mr. Dodge has four sons who want to  
 get land and he is looking over the coun-  
 try to find a location for them.

Last Saturday H. T. Merriam  
 brought us a load of wood (a back load)  
 on subscription. Small favors thank-  
 fully received, greater ones in propor-  
 tion.

"Go away from home to learn the  
 news" is an old saying, but sometimes  
 people come to you to tell the news of  
 your own locality. In conversation  
 with Register McCann last Saturday we  
 learned that a man from Iowa recently  
 located on the table east of town, about  
 north from Andrews and will bring out a  
 flock of about 500 sheep and a number of  
 families from the same locality are ex-  
 pected to come with him to locate in the  
 same locality. The advantages of Sioux  
 county for sheep raising are being found  
 out and many small but profitable flocks  
 of woolly coats will soon be found on our  
 prairies.
