J. E. ARNER.

-The building at Ardmore will be ready for occupancy the first of the week and H. W. MacLachlan is preparing to begin business there as soon as possible.

The democratic leaders are trying to stir up a scare over the prohibition question. That matter was pretty thoroughly disposed of two years ago and no one will attempt to bring it up very soon.

-At the meeting last Saturday night arrangements were made to organize a band. Another meeting will be held on Sunday evening at THE JOURNAL office. All interested are invited to attend.

-The little girl of Mr. and Mrs. G. W. Rochester was so ill is rapidly improving. A gathering formed in her honor and when that broke she was greatly relieved and will soon be all right.

B. F. Thomas brought us a load of wood last Friday. There are a number of men who have promised to bring us wood on Monday and they would oblige us if they could do so once for now is the time we need it.

James Nolan, of Rawhide, Wyo., is going home with him on Sunday, having his collar bone quite badly. He is to Harrison on Monday and went to Robinson that evening to have the surgeon set the bone.

Note the republican ticket for the election thereon are men of ability and will work for the interests of the county and not give it a black eye by howling and thereby keep people from coming into it.

Some trouble has been experienced in getting cars in which to ship wheat from this place to market. Reports from the east are that on the lines there is a regular block of the amount of grain being shipped. The large shipments have a drop in prices.

George Williams, son of J. J. Williams, was riding a horse at Pleasanton, Wyo., when the horse threw and broke one of the bones in his leg and split the other. He brought home that night and Dr. Paddock set the bones and at last he was doing well.

Dr. Paddock, accompanied by B. S. Paddock, and C. H. Beatrice was in Harrison for a few minutes Tuesday evening. He was called and hired a special to bring him to where he had an appointment to see O'Neil Wednesday evening and visit this place and meet the people. By a hitch in the arrangement he did not arrive here until after six o'clock and as he had to be in Chadron on the regular train he could not stay long. He said the prospect for republican success is good and that he would see every day. Senator Paddock and the people and all who were well pleased with him. He was pretty well over the state and made a number of speeches and worked hard work on each oc-

A. R. Dew, E. G. Hough and L. J. Simmons were at Chadron Tuesday night.

County Treasurer Gayhart came over from Montrose Friday and remained until Saturday.

Mrs. S. L. Uery left for Cottonwood precinct last Saturday where she will teach school.

John Peterson was over from Indian creek Monday and called and gave us some cash on subscription. He says the crops in that locality are good this year.

-Old papers for sale at THE JOURNAL office. 5 cents per dozen.

-Walter Pitt and W. E. Moore captured a gray wolf a few miles north of town one day last week.

-Happy and content is a home with "The Rochester" a lamp with the light of the morning. For Catalogue, write Rochester Lamp Co., New York.

-The new house of J. H. Cook at the Agate Springs stock farm is being pushed along as rapidly as possible. The plastering was commenced on Monday, but the plasterer received a telegram announcing the death of his mother so that a delay was made necessary. When completed it will be the finest residence in the county.

-Ken addressed an audience of about forty at the court house last Tuesday. He devoted the most of the time to an attempted explanation of his record and a discussion of the financial question for which he offered no remedies. In attempting to clear up his record on the river and harbor bill he said that the bill as passed by the house was about \$48,000,000, that the senate increased it \$7,000,000 after which a conference committee reduced it \$3,000,000 and then passed. The facts of the matter are that the democratic house passed the bill appropriating \$28,000,000 including provisions for numerous little streams and useless harbors. The senate changed it so that many of those were stricken out and reasonable provisions made for the important work, but in the aggregate the amount was increased but little, and passed it. In conference committee the democrats would not admit of their pet being left out and an agreement was finally reached and the bill passed. In the senate when the bill came up Senator Paddock voted to reduce the appropriation one-half. Who is the best reformer, Ken or Paddock. The former holds for reform and the latter votes for it.

Best Line to the East.

The Burlington Route B. & M. R. R. is running elegantly equipped passenger trains without change from Newcastle, Wyoming and Crawford, Nebraska, direct to Lincoln, Nebraska, making connection at that point with their own through trains for Denver, Cheyenne, and all points west, and for Kansas City, St. Joseph, St. Louis, Omaha, Peoria, Chicago, and all points east.

Remember this is the only line by which you can take sleeping car from Crawford in the evening arriving in Lincoln and Omaha the next afternoon, and in Chicago, Peoria and St. Louis the following morning.

False in One, False in All.

Judge Powers, at the court house last Friday afternoon, imagined that he made a great point against Hon. O. M. Kern when he stated that there were 129 timber claims filed in this land district and that only four out of that number were held by non-residents of this state. He had the register of this land district, Col. M'Ann, with him to verify his statements, and they came as near the truth in the matter as most radical federal office holders do when they feel obliged to go on the stump and try to belittle those who oppose them. We have not the time to canvass the district, but a moment's investigation reveals the fact that there are at least ten timber claims held by non-residents of the state in Bowen precinct of this county, the names and descriptions of which are as follows:

- Edward A. Weir, Wolcott, Mass. SW 1/4 Sec. 1-31-56.
- Hannah Ayers, Minnesota, W NW 1/4 and W SW 1/4 Sec. 4-31-56.
- Ldwylly R. Powell, Rutte, Montana. SE 1/4 Sec. 11-31-56.
- William A. Nelson, Custer City, S. D., NW 1/4 Sec. 22-31-56.
- Albert Marsteller, Hartbergig, Penn., NE 1/4 Sec. 2-31-56.
- Ed. Siever, Denison, Iowa, NW 1/4 Sec. 22-31-56.
- R. Mather, Cedar Rapids, Iowa, N SW 1/4 S NW 1/4 Sec. 29-32-56.
- Mrs. M. Collins, Oregon, SE 1/4 Sec. 7-31-56.
- James H. Pierce, Hot Springs, S. D., NE 1/4 Sec. 15-32-57.
- Samuel W. Cox, Tacoma, Washington, NE 1/4 Sec. 24-32-57.

There are fourteen precincts in the county and four counties in the district. If the average in the different precincts in this county would be one-half of what number of non-resident holders are in this precinct there would be 58 in this county alone. The Judge called attention to the fact that Mr. Kern failed to write to the land offices of this congressional district to obtain information in regard to this matter, but judging from the above showing, if he had obtained information from the Chadron land office, it would have been erroneous. The Judge either willfully or maliciously lied or the records of the office could not be depended upon in this matter.

The above is taken from the last issue of the Independent. As records are pretty good evidence let us see what the records say. The following is from the Chadron

"Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good - these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this stamp - THE ROCHESTER. If the lamp dealer has not the genuine Rochester, and the style you want, send us for our new illustrated catalogue, and we will send you a lamp safely by express - your choice of over 2,000 varieties from the Largest Lamp Store in the World.
