At Work.

NEWARK, N. J., Nov. 11, 1892. JOURNAL. After spending one day here we find that those who have recently been to Sioux county and taken part in the election are preparing to move there in February to make their home. It is the intention now for all to go at the same time and make up a special train of emigrants. In addition to those who have taken land there are a number who contemplate moving there at the same time so that a good sized party will arrive together. We find a party of land seekers here preparing to start for Sioux county within a few weeks, composed of relatives and friends of those who have already located. Almost all of them are young men who are thirty and energetic and will do much to improve the country.

At Work.

We have met representations from other towns who informed us that parties in their locality are intending to go west in the near future and they asked that we come there and meet them and tell them of Sioux county and its advantages. Many of them are parties with whom we have been acquainted for years, whose parents came here in early days and realized good results from settling in a new country and getting cheap lands, which have now become valuable. On every hand we hear men say that it is for the best interests of those who have no land to go west and secure homes while there remains government land to be had as homesteads.

Pleasant Ridge Pleasants.

Nov. 10th, 1892. J. Nolan is threshing out the Pleasant Ridges at present. Andy Christian's wheat went 17 bushels per acre and his oats 25 and first class quality. The gentle zephyrs of last Sunday scattered considerable grain over the prairie, C. Christian's barley, which was stacked loose, having suffered the worst. Also, Scott & Bohners drill machine was upset and J. J. Zumbrenner's wind mill was blown away and made to look like a republican office holder's face since election.

Public Sale.

21 head of steers, 17 head of cows and 21 head of horses on Saturday, Nov. 26, 1892, at Livery Barn, Harrison, at 10 o'clock a. m. Terms, 10 months at 10 per cent. A. Morrison, auctioneer. H. S. DAUT.

A Great Popular History of the World.

The story of the world's history, is, after all, the most interesting and most instructive story which has ever been told. It was probably never better presented, for general reading and reference, than in Allen's Cyclopaedia of History, recently published. Every nation of the earth, ancient or modern, is treated in its alphabetical order, excepting only the United States, which is to form a separate work. You have ancient history as far back as B. C. 5000 and modern history down to A. D. 1892. All countries are described in their physical aspects, as well as historically, so you have the equivalent of a book of travels round the world. There are many illustrations, none for mere ornament, but all helpful for instruction. Considering the magnitude of the work, its small cost is astonishing. The entire history comprises about 800,000 words—equivalent, you will find by comparison, to about 10 volumes of ordinary size—and yet is issued in two handy volumes, in small but clear type, well and handsomely made, and sold in cloth binding for only \$1.35 for the set, plus 20 cents for postage, if by mail. For 10 cents the publisher sends post-paid a paper-bound volume of 160 pages, containing the complete history of several nations, by which you can judge of the character of the entire work. Every home ought to have a good Universal History; this is probably the best for general use. The publisher's catalogue of choice books, over 100 pages, a rich feast for book lovers, is sent post-paid for 2 cents. JOHN B. ALDEN, Publisher, 37 Rose St., New York.

MRS. HARRISON'S LAST WORK.

A Loving Memento to be Sent to Every One of Our Women Readers.
Mrs. Harrison could not have left a more loving memento to the women of America than the work she did for them before her last sickness. It is a magnificent work of art, a Bunch of Orchids, painted by her in the White House, from an orchid raised in the White House. It is lovingly dedicated to the mothers, wives, and daughters of America and the reproduction is so perfect, that had you not seen a proof when submitted to Mrs. Harrison at Lion Lake, for her approval, she thought it was her own original painting. *Demorest's Family Magazine* has the honor of being the medium through which these valuable pictures (12x13 inches) were presented to the women of America. They are not for sale; but we will now send one to any mother, wife, or daughter who will enclose three two-cent stamps to pay for transportation, packing, etc. These exquisite mementoes, bearing Mrs. Harrison's autograph and portrait, will soon be sold out, and should be secured at once. Address: *Demorest's Family Magazine*, 15 East 14th Street, New York.

"Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this stamp—THE ROCHESTER. If the lamp dealer has not the genuine Rochester, and the style you want, send us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 3,000 varieties from the *Lamp Store of the World*. ROCHESTER LAMP CO., 33 Park Place, New York City. "The Rochester."
