Hay—per hundred lbs.....	1.00
Stocks—per hundred lbs.....	1.25
Butter—per bushel.....	50.00
Eggs—per doz.....	15.00
Chickens—per doz.....	2.40
Quinces—per doz.....	3.00
Beans—per doz.....	4.00
Flour—per ton.....	4.50
Feed—per cord.....	3.50
Lumber—native—per m. ft.....	15.00

Corrected every Thursday.

—Have you seen the comet?
—This is the first day of winter.
—Finest line of cigars in town at the drug store.
—Are your friends coming to Sioux county to live?
—How large a crop do you expect to have next season?
—Old papers for sale at THE JOURNAL office. 5 cents per dozen.
—G. Guthrie will begin the erection of his grain house next week.
—Two cars of horses were shipped from here the first of the week.
—Highest market prices paid for wheat.
GRANT GUTHRIE.

—The work on the elevator is progressing and the building is now used for storing grain.
—The farmers are putting in their spare time getting up a supply of wood for the winter.
—The W. C. T. U. will meet at the residence of Mrs. E. G. Hough on Friday afternoon at 2 o'clock.
—Mrs. H. A. Cunningham is selling her winter goods and millinery at cost. Call at residence and secure a bargain.
—Happy and content is a home with "The Rochester," a lamp with the light of the morning. Catalogues, write Rochester Lamp Co., New York.

—Remember THE JOURNAL clubs with paper published and by ordering through this office you can save money.
—Work for a mill. A good mill will prove of great benefit to everyone and would also be a good investment for the owners.
—Rumors of new enterprises being started in Harrison are afloat, but we are not at liberty to give the particulars just yet.
—But a small part of the wheat crop of this locality has been put on the market yet. The farmers are holding for better prices.
—Otto Tietze has moved the house recently purchased by him of Judge Barker to his homestead north of town and will soon occupy it.

—Parties living in Grant county are also investigating this locality with a view to locating, having just learned of the excellent opportunity to secure land in Sioux county. Land seekers and settlers are also expected from Illinois within the near future and taking the whole thing into consideration it is but fair to believe that the heaviest settlement ever known in Sioux county will be witnessed in the near future and it is the duty of every one to exert every energy to add to the number of new comers. A little good, energetic work by each one will accomplish a great deal and now is the time to do it.

—The board of commissioners is in session today.
—Rev. Glasner will preach at Bodare next Sunday at 2 o'clock p. m., and at Harrison in the evening at 7 o'clock. There will also be services each evening next week at the church. All are cordially invited to attend.
—The barley grown in northwest Nebraska has always been of an excellent quality and in making plans for next year's crop it would be a good plan for our farmers to arrange to put in some barley.

—In telling your friends in the east of the advantages of Sioux county don't forget to tell them that there is over forty-five miles of railroad in the county and not a dollar in county bonds has ever been issued. That means low taxes, and low taxes is quite an object to the property owner.
—During our recent trip in the east part of the state we talked with a great many farmers. In talking of the small grain crops all agreed that much better results were obtained in every case where a press drill was used. Less seed is required and the yield is larger and quality better. If the tests of fall wheat made this year are at all satisfactory that kind of farming will prove much more profitable when the press drill is used.

—The eastern part of the state the girls went skating on Thanksgiving. In Sioux county the farmers are saying. When people talk about being colder here than it is in the eastern part of the state they do not know what they are talking about. The climate to be found in Nebraska is of Sioux county. Tell your friends to come and see for themselves.

Important Notice.

THE JOURNAL's books show a large number of delinquents on subscription and other accounts and all are urged to call and settle as soon as possible. Most of these accounts are small, but in the aggregate they amount to hundreds of dollars to us. Do not wait for further notice but call and settle up or send a remittance for the amount.
Your prompt attention to this matter will be appreciated by
THE PUBLISHER.

The Prospects.

The editor of THE JOURNAL arrived home last Monday from his trip to the eastern part of the state. During his absence he made it his special business to tell people of the free land, free fuel, fine climate, good soil and pure water to be found in Sioux county and also of the cheap lumber and coal obtainable in this section of the country.
The fact that there is still over eight hundred thousand acres of government land in Sioux county yet open to homestead was a surprise to many, but those who have no land and have been paying the high rents asked by land owners are taking much interest in the matter and seeking all the information they can with a view to coming here to get a home. The advantages in the cheapness of fuel, lumber, etc., are at once recognized by those who know of the high price of such things in the eastern part of the state in the early days of settlement and all know that cheap fuel and lumber are two great advantages in any locality.

Another thing which is attracting a good deal of attention is the fact that some cheap desolated land can be had in Sioux county and a number contemplate coming here to purchase land and improve it and thus make a valuable piece of property out of it. They have seen the development of the east part of the state and have seen land advance from no market value to from \$25 to \$50 per acre and they are satisfied that the same will prove true of northwest Nebraska as soon as the government land is taken up.

In the south part of the state a piece of land which would not sell for forty cents per acre a few years ago, sold a few weeks since for \$17.50 and there were no improvements on it except that a fence surrounded it, and land which only a few years ago was passed in scorn by the settlers is now selling at \$25 per acre with an excellent prospect of going still higher. From what could be learned it is likely that from fifty to one hundred families will come from Seward and Nuckolls counties within the next few months to make their home in Sioux county. A party of land seekers from each place expect to come up during the present month and a number are preparing to move here in time to put in a crop, without coming here first to look.

Parties living in Grant county are also investigating this locality with a view to locating, having just learned of the excellent opportunity to secure land in Sioux county. Land seekers and settlers are also expected from Illinois within the near future and taking the whole thing into consideration it is but fair to believe that the heaviest settlement ever known in Sioux county will be witnessed in the near future and it is the duty of every one to exert every energy to add to the number of new comers. A little good, energetic work by each one will accomplish a great deal and now is the time to do it.

—The board of commissioners is in session today.
—Rev. Glasner will preach at Bodare next Sunday at 2 o'clock p. m., and at Harrison in the evening at 7 o'clock. There will also be services each evening next week at the church. All are cordially invited to attend.
—The barley grown in northwest Nebraska has always been of an excellent quality and in making plans for next year's crop it would be a good plan for our farmers to arrange to put in some barley.

—In telling your friends in the east of the advantages of Sioux county don't forget to tell them that there is over forty-five miles of railroad in the county and not a dollar in county bonds has ever been issued. That means low taxes, and low taxes is quite an object to the property owner.
—During our recent trip in the east part of the state we talked with a great many farmers. In talking of the small grain crops all agreed that much better results were obtained in every case where a press drill was used. Less seed is required and the yield is larger and quality better. If the tests of fall wheat made this year are at all satisfactory that kind of farming will prove much more profitable when the press drill is used.

—The eastern part of the state the girls went skating on Thanksgiving. In Sioux county the farmers are saying. When people talk about being colder here than it is in the eastern part of the state they do not know what they are talking about. The climate to be found in Nebraska is of Sioux county. Tell your friends to come and see for themselves.

PERSONAL.

Judge Barker returned Saturday from Rushville.
H. Cook returned from Crawford yesterday.
G. W. Hester went to Crawford Tuesday evening.

Those neither absent nor tardy were Cora and Mary Sowers, Elmer Burson. Those receiving 100 in department Martha Carey, Maggie Dove, Nettie Rains, Minnie Warner, Mary and Walthon Sowers, Eva Burson, Bertha Glaze and Clarence Raum. BELLE ULERY, Teacher.

A Remarkable History.

We recently published a strong commendatory notice of "Alden's Cyclopaedia of History." In the interest of our readers we wish to repeat and emphasize what we said. A good Universal History ought to be in every home; this is certainly excellent, if not the very best for general use and reference ever published, covering all nations (except the United States, to be published separately) and from B. C. 5004 to A. D. 1892. Certainly it is the cheapest historical work we have ever seen; but that is what readers generally will expect from Mr. Alden, who has done so much to place the highest class of literature within popular reach. To get such a vast amount of matter within such small compass the type used is necessarily small, but it is beautifully clear, and the paper, printing and binding are of the best. Send 10 cents to Mr. Alden and he will send you a sample volume of 160 pages, containing the history of several nations complete, by which you can judge for yourself whether you want the entire work. His catalogue of choice books, sent post-paid for 2 cents, presents a wonderful feast for book lovers. Address JOHN B. ALDEN, Publisher, 57 Rose St., New York.

Notice of Dissolution.

The firm of MacLachlan & Cook is this day dissolved by mutual consent. H. W. MacLachlan will pay all liabilities and collect all accounts.
HUGH W. MACLACHLAN,
JAMES H. COOK,
Harrison, Neb., November 23, 1892.

The Toledo Weekly Blade.

The most popular and best known weekly newspaper printed in this country is the Toledo Blade. For more than twenty years it has had a circulation of 100,000 to 200,000; going regularly into every state and territory of the Union. From fifteen to twenty-five tons of print paper is consumed in each week's edition, and it is regularly mailed to more than half the postoffices of the United States. It is a peculiar fact that the Blade is the only weekly newspaper published that has regular subscribers in all parts of the United States. It is edited with special reference to the wants of all people in all sections. It is also made to interest every member of the family. Besides all the news of the world, it has Serial and Short Stories, Wit and Humor, Poetry, Campfire, Farm, Sunday School Lessons, Young Folks, Poultry, Puzzles, Household, Answers to Correspondents, Etc., Etc. As a special feature for 1893, Mr. Robinson Locke, editor and proprietor of the Blade, has just sailed for Japan, and will contribute a series of illustrated letters on the manners and customs of that peculiar country and its people. The articles will be commenced sometime in February or March, and will be worth to the readers of the Blade many times the subscription price. Every reader of this paper is invited to send for a specimen copy. The publishers of the Blade would be glad to send a specimen copy to every reader in this country. Subscription price of the Blade, one dollar a year. Five dollars in cash will be paid to any person sending in a small club of subscribers. Write for agents' terms, giving particulars. Address "THE BLADE, Toledo, Ohio."

MRS. HARRISON'S LAST WORK.

A Loving Memento to be Sent to Every One of Our Women Readers.
Mrs. Harrison could not have left a more loving memento to the women of America than the work she did for them before her last sickness. She is a magnificent work of art, a Bunch of Orbits, painted by her in the White House, from an orchid raised in the White House. It is lovingly dedicated to the mothers, wives, and daughters of America; and the reproduction are so perfect, that last August, when a proof was submitted to Mrs. Harrison at Loon Lake, for her approval, she thought it was her own original painting. Demorest's Family Magazine has the honor of being the medium through which these valuable pictures (12x15 inches) were presented to the women of America. They are not for sale; but we will now send one to any mother, wife, or daughter who will enclose three two-cent stamps to pay for transportation, packing, etc. These exquisite mementoes, bearing Mrs. Harrison's autograph and portrait, will soon be beyond price, and should be secured at once. Address DEMOREST'S FAMILY MAGAZINE, 15 East 14th Street, New York.

A Wonderful Offer.

It is this: We will send you THE SEMI-WEEKLY JOURNAL from now until Jan. 1, 1894, for One Dollar. Remember we give you two papers each week—Tuesday and Friday. All the telegraphic news and markets twice a week, making it almost as good as a daily. This twice-a-week feature has proven a remarkable success the past year; THE SEMI-WEEKLY JOURNAL now having the largest circulation of any paper in the mid-west. This Big Dollar's worth will carry you through the great fall campaign, and all through the next legislature. We reach you with the news a half a week earlier than the old-fashioned weeklies. No use reading stale news when you can get it fresh from the wires at the price. We have our own telegraph wires, and correspondents all over the country. It takes money to get news, and we are spending it. We can afford it because our circulation has quadrupled the past year.

We have a few of our Great Stanley Books left. Will send paper to Jan. 1, 1894, and the book prepaid for \$1.40, or if you send us your own and another new name with \$2, we will send you the book free. This will be your last chance to get this great book. We give the paper and our Oxford Bible for \$2.75. We give you the N. Y. Weekly Tribune a year and the JOURNAL to Jan. 1, 1894, for \$1.25. Regular price of Tribune is \$1.00. Or if you send your own and another new name with \$2.00 we will send you the Tribune a year free. Don't delay but send us your orders at once, as the sooner, the more papers you will get. NEBRASKA STATE JOURNAL, Lincoln, Neb.

GEO. H. TURNER.

"Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this stamp—THE ROCHESTER. If the lamp dealer has not the genuine Rochester, and the style you want, send to us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 2,000 varieties from the Largest Lamp Store in the World.
ROCHESTER LAMP CO., 42 Park Place, New York City.

"The Rochester."
