—Happy New Year to all.
—Next Sunday is "swear-off day."
—Hides bought at the harness shop.
—We will take some good potatoes on next week.
—Don't forget to write it '93 on and after next Sunday.
—Old papers for sale at THE JOURNAL office. 5 cents per dozen.
—G. Guthrie has his new grain house completed and ready for use.
—Rock Springs and Deer Creek coal constantly on hand at the lumber yard.
—A pleasant social hop was given at the home of W. B. Wright on Monday evening.
—WANTED—Parties having land to sell or trade for stock to advertise in THE JOURNAL.
—Happy and content is a home with "The Rochester," a lamp with the light of the morning. Catalogues, write Rochester Lamp Co., New York.
—Remember THE JOURNAL clubs with any paper published and by ordering through this office you can save money.
—Rain in December is not a frequent occurrence in this locality but it has rained on two occasions during the past week.
—The managers of the masquerade ball have arranged to have supper served at the Harrison house, so that the inner man will be well provided for.
—It will be but a few weeks until farming operations will begin. Farmers should see that they have plenty of good, pure seed. It is poor policy to put poor seed into the ground.
—THE JOURNAL will next week begin to publish the information obtained for the prevention of smut in wheat. Every farmer should read it carefully and profit by the results of the government experiments.
—C. F. Coffee received four thoroughbred Hereford bulls last week from the east part of the state. It is a pleasure to note the shipping in of good cattle and we hope every stock-grower will improve the grade of cattle or horses he raises.
—A good many have called and settled their accounts but there are still a good many who have not yet come to time. We trust these will not delay. The money due us would enable us to pay our bills and we should like to square up with every one the first of the year.
—A number of our people rejoice over the gifts of Santa Claus, but Mr. and Mrs. J. E. Marsteller received a Christmas present which exceeds in value any of which we have learned. It is a little daughter and arrived about 4 o'clock Christmas morning. All concerned are doing well.
—A few days ago Dr. Bridgman's little boy, Earl, was playing and had a lead pencil in his mouth when he fell and drove the pencil into the back part of his cheek. It made a pretty bad sore but is about all right now. Children should be cautioned about playing with such dangerous things in their mouths.
—There is no reason why a skating rink should not be made with very little expense and a great deal of pleasure derived therefrom. There is no place to skate within a number of miles of town and few can leave during business hours, but with a place to skate near at hand any pleasant hour can be spent in the health-giving exercise.
—Last week Sheriff Reidy received notice that a man had stolen a horse in Lawrence county and was coming this way. A description of the horse was given but not of the man. A few days after, the horse was found at the Schwartz place, east of town, having been left there by the thief who had come here on foot and taken the train from here to Van Tassel. Sheriff Dahlman came up on Saturday and taking W. L. Hoyt and a man started from that place and when a few miles from town they met the man who was looking for coming to Harrison and promptly took him in and in the morning took him to Chadron, and he probably has an opportunity to do some work on the state.

PERSONAL.

Mrs. M. O. Dean was in Harrison Saturday.
Henry Wertz went to Chadron Friday evening.
Mrs. G. H. Turner spent Christmas on Antelope.
Eli Smith contributed on subscription last week.
Marshal Lewis left Tuesday evening for Pennsylvania.
Miss Elsie Merriam was at Van Tassel the last of the week.
Sheriff Reidy went to Hay Springs to eat Christmas turkey.
Mrs. W. O. Glasner returned from Box Butte county Friday.
Wm. Dixon went to Chadron Friday evening to spend Christmas.
A. W. Nelson was down from Hot Springs the first of the week.
Mrs. H. T. Conley left Thursday for the eastern part of the state.
Mrs. J. M. Robinson and daughter, Miss Mabel, left Friday for Omaha.
John L. Stratton called on Monday and added his name to our list of readers.
J. M. Daniels and C. H. Redd were in town Monday and called at this office.
James Shatterly returned Saturday from Guthrieburg to spend the holidays.
J. W. Langdon, J. A. Hanson and Wm. Lyons arrived Monday from Lincoln.
J. E. Cook and Miss Bessie Sanders were up from Agate Springs the last of the week.
C. E. Haas came up from Chadron Saturday to spend Christmas with his mother.
C. E. Verity and family went to Chadron Friday night to spend Christmas with friends.
Miss Minnie Smith came up from Mars land Monday to visit her sister, Mrs. L. J. Simmons.
Mrs. W. R. Smith came up from Chadron Monday to visit her daughter, Mrs. J. E. Marsteller.
H. W. MacLachlan and mother left for their new home at Armore, S. D., Tuesday evening.
G. W. Lowry and N. A. Walrod arrived from Manson, Iowa, Monday to visit Alex. Lowry and look over the country.
Mr. and Mrs. Christ Christensen came up from Andrews to spend Christmas. Mr. Christensen has recently returned from Hot Springs, the baths there having freed him from rheumatism.
—School re-opens next week.
—Don't forget the ball New Year's eve.
—Have your masks ready for Saturday night, Dec. 31st.
—Highest market prices paid for wheat.
—A party of young people went to Van Tassel yesterday to skate. A pleasant time is reported.
—Attend the masquerade ball New Year's eve and go to Scott's for your refreshments. Oysters served in any style.
—A few days ago John L. Stratton shot an eagle in Monroe canyon which measured seven feet and six inches from tip to tip of its wings. The bird will be mounted and placed on exhibition.
—H. W. MacLachlan came down from Armore Monday and loaded a car with his store fixtures and household goods, and departed Tuesday evening. He says he is doing well in his new location and his friends will be pleased to learn of his prosperity.
—People are beginning to realize the fact that the climate in northwest Nebraska is more pleasant than that in the central and eastern portion of the state or in the states east of the Missouri river. It will not be long until northwest Nebraska will take its place among the leading localities and will be populated with a happy and prosperous people.
—If any one blames the people of this locality for kicking on the train service afforded by this line of road he should investigate a little. On last Friday evening fifteen or twenty people desired to go east and assembled at the depot and the train that should have left here at 6:45 did not leave until 12:20 Saturday morning and then it took a long time to get anywhere. In addition to this every person who comes here from the east to look at the country gets thoroughly disgusted with the slow dragging train from Chadron here. With the contemplated extensions of the line from Casper and immigration which is coming to this locality it would seem that some effort should be made by the company to make it more pleasant for the travelling public. Better train service would be appreciated by those who are working to settle up the country, and by such settlement the railroad company will get more direct benefits than they do now and by giving the improvement which it would embrace its own best interests.

—W. T. Brown returned from Lincoln the first of the week, having been successful in the suit brought against him by his wife for a divorce. In her petition she asked for the custody of the children and alimony, but the court gave him the children and let her go without alimony. Mr. Brown is one of the most respected men in the community and his friends congratulate him on the result of the trial.
—From all departments the report comes that much inquiry is being made for homestead lands and there is no question but what all the good homestead land will be taken up within a very short time. Those who contemplate using their right should be about it if they desire to get choice claims. If you have friends in the east who want to get a home tell them to get here as soon as possible or they may have to take what they can get rather than what they want. Delays are dangerous.
—Last Thursday evening a team belonging to Charles Schilt broke loose from the post to which they were tied and left town without a driver. After looking for them for some time, Mr. Schilt rode home with a neighbor, thinking they had gone home. They were not found there and next morning he came to town to continue the hunt. Here he found that they had circled around south of the court house and out west of town passing under the railroad at the bridge and had then gone around south of town and came to the railroad again some distance east where they had got on the track and went west until they reached the same bridge under which they had gone earlier in their race. Here they had stood until a coal train came from the west and ran into them, killing both horses and demoralizing the harness, sled and everything else connected with the outfit. The horses had evidently been standing there for some time, probably having run until tired out so that they did not care to go down the steep bank at the approach of the bridge. Mr. Schilt places his loss at \$190, and asks the railroad company to pay him that amount.

—A number of the young men are talking of securing a room and fitting it up as a reading room. Such places make a pleasant resort for those interested.
—The Christmas entertainment and tree at the M. E. church on Saturday evening was well attended and a pleasant time had. The tree was tastefully arranged and well-filled with presents which gladdened the hearts of the recipients.

"Seeing is Believing."
And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.
Look for this stamp—THE ROCHESTER. If the lamp dealer hasn't the genuine Rochester, and the style you want, send to us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 2,000 varieties from the *Largest Lamp Store in the World.*
