—Masquerade Feb. 14th.
—Hides bought at the harness shop.
—Turner wants your butter and eggs.
—Sauer Kraut at the ranch supply house.

—Glidden Barbed Wire \$1.75 at Turner's.

—Get your masks ready for St. Valentine's ball.

—Go to Turner's to buy your boots, shoes and over shoes.

—Old papers for sale at THE JOURNAL office. 5 cents per dozen.

—Go to Turners to do your trading and save 10 to 20 cents on the dollar.

—Highest market prices paid for wheat.
GRANT GUTHRIE.

—Rock Springs and Deer Creek coal constantly on hand at the lumber yard.

—Improved farm for sale, cheap; one and a half miles from Harrison. Inquire at this office.

—Otto Tietze was hauling lumber the first of the week with which to improve his homestead north of town.

Happy and content is a home with "The Rochester," a lamp with the light of the morning.
Catalogues write Rochester Lamp Co., New York.

—The social given at the court house last Saturday evening by the young people was well attended and a pleasant time is reported.

—A tenderfoot attempted to ride a broncho at Lusk a few days ago and his body was shipped to his relatives in Tennessee the first of the week.

—The first quarterly meeting of the M. E. church will be held on Tuesday, Jan. 31, at 7:30 p. m. Presiding Elder Julian will conduct the meeting.

—The dance at Jim Wallace's on Indian creek last Friday evening was attended by about thirty-five couples. A fine time is reported by those who were present.

—A large number of people made a raid on Mr. and Mrs. W. B. Wright Tuesday evening, taking possession of the Wright residence and doing just as they pleased, until a late hour. That all enjoyed themselves goes without saying.

—State Supt. Gouly has requested the county superintendent to send any school work he may secure to be used in making up a display for inspection at the office of the state superintendent. The teachers should assist the superintendent in any way they can in this matter.

—Homestead filings are reported as being made right along, although but few new people are noticed. A good many filings are made by those who have been here for a good while but have delayed filing until it has become risky for them to delay if they desired to secure a certain quarter section and so they have hastened to put the papers on it.

—The weather is quite a good deal colder today than it has been for some time and we may have a good deal of genuine winter for a while now. It would be much more satisfactory to have the cold weather now and have an early spring than to have winter linger in the lap of spring and prevent the farmers from getting their crops in at the proper time.

—Postmaster Hough returned from Lincoln yesterday without having settled the U. S. senatorial question. County Attorney Conley is at large somewhere in the eastern portion of the state and he may steal a march on Hough and slip into Lincoln and have an independent elected senator and then Hough would shed hot, scalding, briny tears because he left too soon.

—There is talk of new business enterprises being established in Harrison in the near future. There is no danger but what the town will keep fully up to the demands of the country. As fast as the country is settled the town will grow, and as a rule the town keeps ahead of the country. It is that fact which causes hard times and failures among the business men of the place. So far Harrison has been very fortunate in that respect.

—Don't miss the ball February 14th.
—J. G. Morris shipped a car load of sheep to Omaha last Friday.

—George Ollinger loaded the safe of H. W. MacLachlan on Tuesday to take it to him at Ardmore, S. D.

—Priddy & Moore have built an addition to their blacksmith shop in order to better take care of the wants of their customers.

—A dance was held at the school house a few miles south of town last Friday evening and a pleasant time is reported by those who attended.

—G. A. Dove has sold his place in Cottonwood precinct and was here the first of the week. He contemplates taking a homestead not far from Harrison.

—Another invoice of job stock was received at this office the last of the week. People appreciate the quality of job work done by THE JOURNAL and hence its job press is kept pretty busy.

—John L. Kay brought us a sample of oats last Friday which are as fine as any one could ask for. They were grown by him last year and weigh 46 pounds to the bushel, stroke measure. Who can beat that?

—Leo DeBock, the market gardener of east Hat creek informed us Saturday that he would increase his garden to double its former size. He finds that gardening pays well as he finds a good market for his produce.

—Don't wait until your are ready to sow your wheat and then decide that you have no time to dip it in vitriol water. Prepare for it and do it now while you have time and then it will be ready at seeding time.

—The farmers should make an effort to secure first-class grain for seed. Do not be satisfied with any kind of wheat that you may have but get the best obtainable and then put it in properly and harvest will bring you a reward.

—When telling your friends of the advantages of Sioux county do not fail to tell them that the county is out of debt and owes no county bonds and has over 45 miles of railroad within its borders, and as a result taxes will be low.

—A man by the name of Antrim has purchased the farm formerly owned by J. F. Pfost, near Bodare and has also secured the claim of Jesse Beans. People are beginning to realize that Sioux county real estate is good stuff to have.

—Letters are pouring in daily from people in the east who want to buy land or rent a place that suits them. The number of new settlers who will come to Sioux county during this year will exceed that of any previous year in its history.

—The boys have about concluded to wait until winter before they have a skating rink. They had a lot of water put into it but the weather was so warm that it did not freeze and all there is to show for it is the experience they have gained. There is a chance for plenty of ice forming weather yet, however, before spring opens.

—The Danville Breeze has the following: "If you have frequent headaches, dizziness and fainting spells, accompanied by chills, cramps, corus, bunions, chilblains, epilepsy and jaundice it is a sign you are not well, but are liable to die any minute. Pay your subscription a year in advance and make yourself solid for a good obituary notice."

—It is reported that the railroad officials have ordered Agent Albertson from Deadwood to Casper and Alex. Thorn-dyke is now running on the Chadron-Casper flyer. These two men are well known as the ones the company always keep at the front and adds to the indications that the work of extension will soon begin. May the day hasten.

—A few days ago Phil McCann returned from a trip to the eastern part of the state and he informed us that the people there are all seeking for investments in land. The demand is greater there than ever before and those who have no land or have sold are looking to the cheaper lands of the west and the inquiries for homestead lands are numerous.

—Within the past ninety days about 35 farms in the vicinity of Harrison have passed to eastern bona fide purchasers, the price paid ranges from \$700 to \$1300. This statement is on the authority of M. Gayhart, county treasurer of Sioux county. There will be a number of families, actual settlers, go into Sioux county along the Hat Creek valley in the spring. We may gather from this and from some transfers about here that real estate is starting upward. For the past three years real estate has tended downward, struck the lowest possible point, and now begins steadily to rise. We have no reason to be discouraged and may reasonably hope to see some activity in land transfers on the opening of spring. Eastern farmers realize that now is the time to secure some of our cheap land and sell their own land that has become too valuable to hold.—Crawford Gazette.

PERSONAL.

—The faculty of the state university has prepared a farmers short course in agriculture, which will begin on Feb. 20th and end March 3d. A series of interesting and instructive lectures will be delivered and any farmer who can attend will be greatly benefited thereby.

—The band boys have decided to give a masquerade ball at the court house on the evening of St. Valentine's Day, February 14th. They are going into it with the intention of making it the finest ever held in the town, and they will be very apt to do it. The proceeds of the ball are to be used to purchase new music and meet the other necessary expenses of the band so that those who attend will have a good time and also help the boys along in their band work.

—Grey wolves are getting quite troublesome in the vicinity of Running Water. J. W. Earnest informed us that he has had three cattle killed by them recently, one of those killed being one of his registered black cows. A few days ago K. P. Lindsey caught one of the grey wolves in a trap which was attached to a chunk of wood. The animal dragged the weight to a ravine where Mr. Lindsey found it, having gone out on horse back without any weapon. The wolf started to run and broke the chain and took refuge in a rocky ledge. He was stoned and after a little came out and attacked Mr. Lindsey, who thought for awhile he would be meat for the wolf, but he finally made him retreat into the rocks. He then went and got help and killed the beast.

"Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp" for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either. Look for this stamp—THE ROCHESTER. If the lamp dealer hasn't the genuine Rochester, and the style you want, send to us for our new illustrated catalogue and we will send you a lamp safely by express—your choice of over 100 varieties from the Largest Lamp Store in the World. ROCHESTER LAMP CO., 42 Park Place, New York City.
