42-Corrected every Thursday.

—Hides bought at the harness shop.

—G. Guthrie is erecting a new barn near his residence.

—Go to Turner's to buy your boots, shoes and over shoes.

—Go to Turner's and save 10 to 20 cents on the dollar for cash.

—Highest market prices paid for wheat.

—The winter term of school closes tomorrow. There will be a three month's spring term.

—From the indications there will be more than one train load of new people come to Sioux county this season.

—C. W. Croudon has sown some oats and clover seed on the ground. He believes in putting in grain in season.

—Mares for sale or to trade for stock; also some hay for sale.

W. M. A. BIGELOW.

—There appears to be more of a demand for farm hands than men to fill the places. The farmers are preparing for the spring work and will need help.

—The entertainment at the church last Thursday evening was quite well attended notwithstanding the falling snow. The participants acquitted themselves with credit.

—W. F. Kittering returned on Tuesday from Sioux county. He says that all the Seward county emigrants are highly pleased with the country.

—Seward Reporter.

—The room adjoining G. H. Turner's store is being fitted up and will be occupied by Misses Montgomery and Zeigler as a dressmaking establishment. They expect to occupy the room in a day or two.

—In another column appears the statement of the Commercial Bank. The showing made indicates prosperity for the bank and the deposits show that people are not without money, even in a new country.

—J. W. Smith has gone to the wilds of Wyoming to seek his fortune, having tired of pegging shoes. That leaves Harrison in need of a shoemaker. The field is clear and a good workman who is sober and industrious would do well at the business.

—Inquiries are being received daily from parties in the east in regard to homesteads, deeded lands and business openings and new people will be plenty from now on. Every one should make a special effort to let people know what can be had here and get them to come and see for themselves.

—Pocket Map of Iowa-Nebraska—two states in one cover—handsome, handier, better, than any 50 cent maps yet made, 7 copies, in strong cover, all counties, postoffices. Correct to date. Also maps of all states in same style. We mail agents any samples wanted on receipt of eight 3-cent stamps; address The Matthews-Northrup Co., Buffalo, N. Y.

—The fact that Bushville had one good mill and a new one of one hundred barrels daily capacity is nearly ready to begin operations, proves the fact that the wheat of northwest Nebraska is the finest to be found and a market can easily be found for the flour and it takes less to pay the freight on the flour than it does on the wheat. There is not the least doubt about a mill at Harrison being a paying investment, and the sooner it is erected the better.

—We are informed that steps are being taken in the vicinity of Montrose for the establishment of a creamery, parties from the east being there with the intention of engaging in that business. The people of that section will be working to their own interest if they do all they can to make the creamery a go. It is the history of every locality in the east where creameries have been established and properly conducted that the surrounding country has grown prosperous and rich. If such results can be had where land is expensive and taxes high, there is no reason why the profits should not be much greater in a locality where land is cheap and taxes low. We hope soon to hear that the building for the Montrose creamery is being erected.

—Old papers for sale at THE JOURNAL office. 5 cents per dozen.

—Do you want to rent your farm? Put it in the hands of the real estate firm of Simmons & Smiley.

—G. H. Turner received a car-load of farm machinery last week and Griswold & Marsteller a car load of hardware.

—Rev. Giffen occupied the pulpit at the M. E. church Saturday evening and Sunday morning and evening. He is an interesting speaker.

—It is reported that the store of H. W. MacLachlan at Ardmore, S. D., was burglarized last Saturday night but to what extent was not learned.

—Saturday was a busy day with our merchants. People had to wait some time in many instances before they could make their purchases on account of the throngs in the stores.

—Farmers are getting their seed ready. Care should be taken to get seed of the best quality. It costs no more to grow good grain than it does poor, and the result is always more satisfactory.

—A surprise party was sprung on Miss Myrtle Pontius last evening. While absent from home for a short time her young friends gathered at her home and awaited her return, and then proceeded to spend a merry evening.

—There was a good attendance at the sale of Duan Bros. last Saturday, but the bidding was not as spirited as at former sales. The demand for horses seems to be pretty well supplied, except for large work teams of horses or mules.

—The best evidence that the newcomers are well pleased with Sioux county is the fact that they are writing to their friends in the east to come and get homes while the opportunity is good. That is the best kind of advertising the county can have.

—The present outlook for a prosperous season is good. It is to be hoped that our farmers will arrange to turn over more of the original sod this spring. When the sod is once broken all necessity for irrigation will be done away with.—Crawford Gazette.

—I will run a herd on Duck creek, near Ardmore the coming season. The stock will be well taken care of and kept on good grass. Only 75 cents a head for cattle and \$1.00 a head for horses for the season of six months.

J. W. OSTRANDER.

—Parties desiring trout to stock the streams along which they live should get their applications in as soon as possible so that they can be forwarded to the superintendent, in order to enable him to prepare to fill applications filed. Do not delay if you wish to get fish.

—It is reported that eastern capital is again beginning to seek investment in securities on western real estate. The poor crops of 1890 and the work of the calamity howlers scared capital away but the renewed prosperity and the westward tide of immigration which set in has renewed the faith of those who have money and they are beginning to realize that western land makes good security.

—People east are beginning to make inquiry concerning Harrison as a business point. Prosperity in the line of settlers brings prosperity to the business men and then others seek to enter the field. As a rule the more business houses in a place the more business the place draws and as a rule business men do not look upon a new competitor with disfavor. The general opinion of them seems to be that being already established they certainly ought to be able to hold their own in competition with a stranger.

—The annual meeting of the assessors of Sioux county was held at the office of the county clerk on Tuesday. There were present J. S. Tucker, A. L. Ring, W. E. Moore, C. E. Govey, Jacob Forster, J. C. Parsons, John Debanjo, J. H. Cook, M. J. Frita, Jos. Decker and John Herman. W. J. A. Raun being in Lincoln could not be present and Wm. Dixon was also absent. The meeting was organized by the election of J. H. Cook, as chairman and on request County Clerk Lindeman acted as secretary. A good deal of discussion was indulged in and the result of the meeting was that the schedule of last year was adopted with no changes except a reduction of the valuation of mules.

—President Gayhart, of the Agricultural society was in town over Sunday and he will quite likely call a meeting of the society in the near future. The removal of the secretary from the county throws that duty on the president. When the meeting is called it should be remembered that every person in the county has equal rights in its deliberations as soon as he purchases a membership ticket for the ensuing year. It is governed by the statutes and they were formulated to prevent a few from getting hold of the organization and running it to suit themselves. When the meeting is called as many should be present as possible and by purchasing a membership ticket for \$1 become active members and help the work along.

Mrs. Martha Williams came up from Montrose the first of the week to make final proof and called and gave us some cash on subscription.

To All Sunday School Workers in Sioux County.

A call is hereby issued for a Sunday school convention for Sioux county to be held at Harrison, early in May, at which time it is proposed to organize a County Sunday School Association. The object of said association is to make some one responsible for the maintenance of the work throughout the county. The executive committee will be expected to gather and collate statistics, to correspond with and encourage the schools, arrange for local and county conventions, secure speakers for the same and do any other necessary work to increase the number and efficiency of the Sunday schools in the county. The date and program of the coming convention will be announced later. An effort will be made to secure E. A. Stevens of Grand Island or some other member of the state executive committee to deliver at least one address during the meeting. It is earnestly urged that all Sunday schools in the county which have suspended for the winter be reorganized at once, and that they begin to make active preparations for the convention. Report all such organizations and other items of information immediately to
