** Corrected every Thursday.

—Hides bought at the harness shop.

—Go to Turner's to buy your boots, shoes and overshoes.

—Go to Turner's and save 10 to 20 cents on the dollar for cash.

—Highest market prices paid for wheat.

GRANT GUTHRIE.

—J. H. Bartlett, Harrison, Neb., deals in pumps and windmills. Satisfaction guaranteed.

—If you want to sell your land, list it with Simmons & Smiley, real estate agents.

—H. A. Priddy has moved his family into the DeBrown house formerly occupied by W. E. Moore.

—Take out a policy in the Preferred Mutual Accident Association. It is cheap and reliable.

L. J. SIMMONS, Agent.

—So far there has been no call for a meeting of the agricultural society. It is high time a move was made if a fair is to be held this fall.

—100 acres adjoining Harrison for sale at a bargain, if taken soon.

SIMMONS & SMILEY.

—Rev. Giffen will preach at Pleasant Ridge next Sunday morning and at the M. E. church in the evening.

—V. A. Hester has received a car load of the celebrated Washington red cedar shingles, and proposes to sell at reduced prices.

—Dr. Bridgman expects a man from the eastern part of the state to buy his drug store.

—Barber's road from Sowbelly is now so it can be travelled although it is not quite completed, but it better than the old road.

—T. C. Woodbridge got his land too close to the saw at one of the mills a few days ago and now mourns the loss of some fingers.

—A car load of farm implements arrived last week for G. W. Hester and he has opened them in the Smith building.

—For rent or sale at a bargain, a business lot and building in a good location in Harrison.

SIMMONS & SMILEY.

—W. E. Moore has quit playing vulcan and has gone to the 7 box L ranch in Wyoming to work. H. A. Priddy is now alone in blacksmith shop.

—J. W. Scott has built an addition to his restaurant building in order to better accommodate his patrons. That is an indication of prosperity.

—J. W. Scott proposes to keep fully up to the season and on Sunday evening served no cream at his restaurant. The quality was excellent as we can tell by having partaken thereof.

—A dance will be given at the court house hall, on Friday evening, April 21. This will likely be the last dance of the season and all are invited to attend and enjoy themselves. Good music will be furnished and a good time is assured.

—D. M. Sutton has sold his dry business to G. W. Stevens who will have a monopoly on that business in future. Mr. Sutton will devote his attention to farming.

—J. M. Smiley expects a relative of Mrs. Smiley this morning from northern Wisconsin. He will look over the country and if he likes it will take a homestead and tell his brothers and friends to come here.

—N. D. Hamlin has purchased a fine Kentucky jack which is advertised in another column. The market for good quales is better as a rule than for horses and farmers will doubtless take advantage of the chance to raise mules.

—Will Phillips will be here in the near future to build a house on his homestead and another man is coming with him to get a homestead. If each settler brings one other with him it will help a great deal.

—Farmers should bear in mind that a small field of sugar beets will prove a profitable crop; not to be sent to the factory, but to feed to stock. The best sustains a great deal of fat producing substance and the meat is said by those who have eaten it, to be of fine flavor.

—Old papers for sale at THE JOURNAL office. 5 cents per dozen.

—Commissioner Weber carries his right hand in a sling on account of a felon on his thumb.

—Do you want to rent your farm? Put it in the hands of the real estate firm of Simmons & Smiley.

—The commissioners were in session on Tuesday to draw a jury for the May term of District court.

—I will run a herd on Duck creek, near Ardmore the coming season. The stock will be well taken care of and kept on good grass. Only 75 cents a head for cattle and \$1.00 a head for horses for the season of six months.

J. W. OSTRANDER.

—Those who have tried it and are consequently in a position to judge, say that the soil of Sioux county produces a great deal better when it is plowed deep. As a rule new ground is not plowed deep, but here better results are obtained by plowing deep right from the start.

—April 23d is arbor day and it should be properly observed by the people and schools of this county. The planting of trees and shrubs has done much to make Nebraska what it is and the establishment of arbor day by Hon. J. Sterling Morton should make him a living factor in the history of the state.

—Thomas Kaster has leased a section of school land east of Andrews and also secured a homestead and is said to contemplate stocking it with sheep. The fact that sheep do exceedingly well in this locality is attracting the attention of those wishing to engage in that industry and thus is added wealth and prosperity brought to Sioux county.

—A. Leavens arrived from Utica, Seward county, on Tuesday to look over the place with a view to locating in the practice of law. He is highly pleased with the country, the town and its prospects and he goes home this evening to make his arrangements to move here. He will tell his friends of what he saw here and advise them to come with him. Sioux county is going to be settled at a rapid rate.

—The most of the people of Sioux county have come to realize the fact that all that is needed to make property valuable here is plenty of people, and the sooner the people get here the better. The history of every state goes to show that tracts of land which have since become the most valuable, were at one time offered or sold for a mere trifle and the land in northwest Nebraska will prove no exception to the rule. The bargains in real estate to be had in Sioux county now will soon be taken and after a few years the original owners will see it greatly increased in value, simply by reason of the settlement and development of the land in the same locality.

—The village election passed off very quietly Tuesday. Some time ago a petition with the names of L. E. Belden, C. E. Verity, H. A. Cunningham, Courard Lindeman and W. E. Bridgman as candidates for village trustees, was circulated, signed and filed with the clerk. Last week the four last-named gentlemen published a card withdrawing as candidates and requesting that no votes be cast for them, but it was not in good faith but simply a dodge, and by hard electioneering and each one voting for himself and each other they were elected except Dr. Bridgman who was tied by J. W. Leott. By the vote of Tuesday the village has endorsed a saloon without a license and a drug store without a permit, and no one can blame the liquor dealers for not complying with the law, paying license or putting up a bond if they can avoid it. A majority of the votes cast said that the liquor element shall control the town rather than the town control the liquor business, and the majority rules.

To All Sunday School Workers in Sioux County.

A call is hereby issued for a Sunday school convention for Sioux county to be held at Harrison, early in May, at which time it is proposed to organize a County Sunday School Association. The object of said association is to make some one responsible for the maintenance of the work throughout the county. The executive committee will be expected to gather and collate statistics, to correspond with and encourage the schools, arrange for local and county conventions, secure speakers for the same and do any other necessary work to increase the number and efficiency of the Sunday schools in the county. The date and program of the coming convention will be announced later. An effort will be made to secure E. A. Stevens of Grand Island or some other member of the state executive committee to deliver at least one address during the meeting. It is earnestly urged that all Sunday schools in the county which have suspended for the winter be reorganized at once, and that they begin to make active preparations for the convention. Report all such organizations and other items of information immediately to JOHN C. GIFFEN, County Organizer, Crawford, Neb.
