Eggs—per doz.	10
Poultry—per doz.	2.40
Onions—per lb.	25
Beans—per lb.	45
Coal—per ton	4.50
Wood—per cord	2.50
Lumber—native—per m. ft.	15.00

Work for new settlers.  
The Perkins windmill is the best.  
Sold by J. H. Bartlett, Harrison, Neb.

Highest market prices paid for wheat.  
GRANT GUTHRIE.

If you want to sell your land, list it with Simmons & Smiley, real estate agents.

E. E. Livermore is completing a new house on his farm southwest of town.

For rent or sale at a bargain, a business lot and building in a good location in Harrison.  
SIMMONS & SMILEY.

Rev. Glasner will preach at Bodarc next Sunday morning at 11 o'clock and at Harrison in the evening.

100 acres adjoining Harrison for sale at a bargain, if taken soon.  
SIMMONS & SMILEY.

A new sidewalk has been laid in front of Griswold & Marsteller's store which is quite an improvement.

An addition is being built to the residence of THE JOURNAL family. Dave Bartlett is boss carpenter.

Take out a policy in the Preferred Mutual Accident Association. It is cheap and reliable.  
L. J. SIMMONS, Agent.

Sioux county is the banner county for crop prospects so far and it will be the banner county for settlers in the next few months.

The Sabbath schools of Harrison and Bodarc will meet at Plimpton's grove next Saturday. All are invited to attend. Conveyances will be furnished for all the children.

The board of county commissioners will meet as a board of equalization on June 13th. Any one who has any kick to make about their assessment should appear during that session and have it corrected or forever hold his peace.

We are informed that a number of farmers with their teams have been at work on the road up Sowlbelly canyon, a little concerted, systematic work would put the road in much better shape.

The excursion of railroad surgeons passed through here on Tuesday morning. There were enough of the party to fill two trains of palace cars and the occupants seemed to be enjoying the trip hugely.

Nothing new has developed in regard to the license money matter. The village treasurer has twenty days from the date of the order in which to file a bond if he intends to take it to the supreme court and so it stands.

Miss Fannie Palmer tendered a very pleasant farewell party to her young friends at the home of Mrs. D. H. Griswold on Tuesday evening. During her stay here the young lady has made many friends who regret her departure for the east.

THE JOURNAL would suggest to the implement dealers that it would be a good plan to remove the implements which partially obstruct the sidewalk in the vicinity of their establishments. A lot of wheels, plows and barbed wire do not make it very pleasant for people passing along the street.

The railroad company has taken off the passenger coach from the regular train and all that is run now besides the freight cars is a combination mail, express and passenger car and a caboose. One more pop legislature and side door palace cars would be the best accommodations the people of this part of the state would get.

The drought has ruined crops in southern Europe, and things are in a bad way in England and as far north as Norway. Italy believes that it will have to import 50,000,000 bushels of wheat, and the entire shortage for Europe will not fall below 200,000,000 bushels. The United States if it has any surplus at all, will be able to sell it abroad, which fact may be considered something of a silver lining for the clouds that have been hovering over us for a few weeks.  
Birmingham Bldg.

Old papers for sale at THE JOURNAL office, 5 cents per dozen.

A stone foundation is being put under the Harrison House. William Norcisch is doing the work.

G. E. Lunsford has moved his family into the Marsteller house just north of town, until he can get his new house on his homestead ready for occupancy.

Mrs. L. S. Kirtley has been very ill for some days at her home at Pleasant Ridge, Wyo., and for a while it was thought she could not recover, but the latest reports are that she is somewhat better and may yet get all right.

The June apportionment of school money has been made by the state superintendent and Sioux county will get \$630.00, a little over one dollar for each child of school age reported at the last school census.

NOTICE.—All persons knowing themselves indebted to me will please call and settle with cash or by note by July 1st, as I have disposed of one-half interest in my stock to G. W. Hester.  
Respectfully,  
V. A. HESTER.

J. G. Morris shipped the wool recently clipped from his flock of sheep on Monday. It filled a car to its fullest capacity. That is the kind of stock to have. You can ship a good paying crop each year and have the original number and increase left.

E. A. Frew and John Worden have sold their crops and intend to start in a few days for the south part of the state to enjoy the tornadoes and hot winds so frequent in that section. THE JOURNAL predicts that within a year they will be back to Sioux county to live.

Almost every farmer takes some lumber home with him when he leaves town. That indicates that they are improving their farms and making things more comfortable for themselves, their families and their stock. It all tells of prosperity.

The reports from almost all parts of the country are that the season is cold and backward. In many places the frosts have cut the early plants and fruit. The prospect was that the fruit crop would be large but it does not appear to be so encouraging of late.

Street Commissioner Davis last week examined the covering of the old well in the center of the street and found it to be badly decayed. The old material was taken out and a cover of heavy timbers put on so that it is now perfectly safe and will be for some years, by which time the town may be able to have the hole filled up.

G. W. and V. A. Hester have consolidated their business arrangements under the firm name of Hester & Son and in future will carry on the lumber, coal, grain, farm machinery and windmill and pump business. They will erect a commodious ware house on their lot east of the Andrews building and fill it with goods in the lines they carry.

Having got released from their business interests in Harrison, Mr. and Mrs. Geo. H. Turner have moved to their farm in Antelope precinct. During the four years they were in business here they made many friends who regret to have them remove, but they have a fine farm, well stocked, and the care of that suits them better than the mercantile business.

On Monday evening Robert Wilson received a telegram from his brother who has been searching for their lost brother, Rev. William Wilson, whom many of our citizens knew, informing him that the object of his search had been found and he would start for Illinois on the following day. The message did not state whether he was dead or alive, but Mr. Wilson believes it was the body of his brother. Rev. Wilson had many friends in this locality, and intended to move his family here this spring and become a resident. All extended sympathy to the bereaved friends of the unfortunate man who met an untimely death far from friends and home and from the information obtainable, alone in the mountains in a storm. Further details will be given when the facts are learned.

Some time the last of May a fellow by the name of William Jones who was working for William Swinbank, near Montrose, rode off a horse belonging to his employer. He was captured at Buffalo Gap, S. D., and Sheriff Reidy went up there Saturday night and came back with him on Monday. He was arraigned before Judge Barker that day and pleaded guilty. Word was sent to Judge Bartow and he ordered the prisoner before him at Chadron. County Attorney Conley and Sheriff Reidy went down with him last evening and the plan was to have him sentenced between trains and he would be taken right along to Lincoln by the sheriff. This will be the first convict ever sent to the penitentiary from Sioux county got there with very little cost to the county. He should be given a light sentence to compensate him for having been so lenient with the taxpayers of the county.

### PERSONAL.

J. E. Marsteller is on the sick list.

E. A. Frew contributed on subscription on Monday.

F. M. Smith and Josh Baker were in town Tuesday.

W. O. Patterson is suffering from a gathering on his hand.

G. E. Lunsford adds his name to our list of readers this week.

Peter Zeigler orders THE JOURNAL sent to his father in Illinois.

Cal Greenlee orders THE JOURNAL sent to L. Neff, Tamora, Neb.

D. M. Sutton and family were at Pleasant Ridge last Sunday.

V. A. Hester and W. H. Davis drove to Crawford last Sunday.

John Pieterson was over from Indian creek the last of the week.

Judge Barker was at Gilchrist for a couple of days the first of the week.

W. J. A. Raim was up from Cottonwood precinct the first of the week.

Mrs. E. P. Maine started Saturday evening for Minnesota to visit relatives.

C. D. Plimpton was up from West Hat Creek Thursday and called at this office.

Chas. Schilt left Saturday evening for Defiance, Ohio, on account of the death of his brother.

Miss Daisy Doan returned home Saturday after a three months course at the Chadron Academy.

Mrs. A. L. Baumgartner left last Thursday evening for Fairfax, S. D., to be absent for some time.

Cal Greenlee was up from Agate Springs Stock Farm on Tuesday, and filed on a homestead.

A. F. Hill was in town yesterday and called at this office, and gave us some cash on subscription.

John A. Lucas, president of the Bank of Harrison, arrived from Wisner Saturday to remain for a few days.

W. E. Butler, of Seward, has been the guest of A. T. Conley for a few days. He was looking over the country with a view to locating.

John Messing and Peter Wiedenfeld were over from Indian Creek Thursday and called at this office. They report a great deal of improvement going on in that part of the county.

Mrs. D. H. Griswold and Miss Fannie Palmer leave this evening for the east. They go first to Grennell, Iowa, to attend the graduating exercises of the college as a brother of theirs belongs to the graduating class. After that they will go to Chicago and see the big show. After visiting other places Mrs. Griswold will return, but her sister will remain in the east.

It rained on Friday, Saturday and Sunday and Monday it put in most of the day getting up showers and turning them loose on people just as they got nicely started to work. The ground is well wet and the prospects for crops excellent, except that all are a little later than usual. The continued cool weather has caused the small grain to stool out nicely and a few weeks of warm weather will develop it rapidly.

A mare belonging to H. M. Grow of Firth, in the southern part of this county, recently gave birth to twins and one of the twins is a mule. The colt weighs seventy pounds and is two feet nine in height. Its twin, the mule, weighs thirty-two pounds and is barely tall enough to reach the commissary by standing on its tiptoes. It is believed to be the only case of its kind on record and the animals will be placed on exhibition.—Lincoln Call.

Robert Wilson had the misfortune to lose another horse a few days ago. He seems to be out of luck with horses. Some of his friends made up a purse to help him out but he declined to accept it, stating that while he appreciated the spirit in which it was tendered and was gratified to know the kindly feelings felt for him, his duty seemed to him to be to decline it with thanks. It is safe to say that not one of those who know Mr. Wilson will think less of him for the position he assumed.

### A Pointer for Business Men.

Grand Island Times.  
A mechanic stepped into our office yesterday, says the Hayes County Republican, and asked to see a Hastings paper to learn the address of a manufacturing firm in that city. We handed one to him, and after looking it all over carefully he returned it, saying the firm's advertisement was not in it and he supposed they had shut up shop. So he sat down and wrote off to Omaha for what he wanted. These circumstances are occurring daily in newspaper offices all over the land, and if business men only understood as well as they ought to what a card in the paper means, every one of them would have his names in print, if nothing more than to give his address and announce his line of business.

Worlds Fair Rates.  
Commencing April 25th and every day thereafter until October 31, 1893, round trip tickets will be sold from Harrison to Chicago and return for \$41.80. Tickets good returning until November 15, 1893.
