## Corrected every Thursday.

—Hides wanted at the hardest shop.

—Paper napkins for sale at THE JOURNAL office.

—Thomas Kaster received another lot of sheep from the west a few days ago.

—Hester & son put up a new windmill for Lou Larson last week.

—Remember that THE JOURNAL office is headquarters for job printing.

—Yesterday Dave Bartlett completed a large water tank for J. H. Brown, of Antelope.

—Old papers for sale at THE JOURNAL office. 5 cents per dozen.

—If you want to sell your land, list it with Simmons & Smiley, real estate agents.

—Mrs. A. Castle is still quite low but at last reports seemed slightly improved.

—All kinds of wood work done at Priddy's blacksmith shop, opposite THE JOURNAL office.

—160 acres adjoining Harrison for sale at a bargain, if taken soon.

## SIMMONS & SMILEY.

—The new house of Miss Laura Ambrose is completed and occupied by her and her brother.

—D. M. Sutton has engaged in the coal business here and received his first car load last week.

—Parties knowing themselves indebted to me will please call and settle before January 1st. Produce of any kind taken on account.  
H. A. PRIDDY.

—Sheriff-elect Dew has leased the farm of C. W. Crouson, south of town and will move there some time next month.

—Rev. E. D. Irvine will hold Episcopal services at the church on Tuesday evening, December 19th. All are cordially invited to attend.

—Take out a policy in the Preferred Mutual Accident Association. It is cheap and reliable.  
L. J. SIMMONS, Agent.

—Remember that THE JOURNAL clubs with almost any publication in the United States and can save you money on your reading matter for the ensuing year.

—Samuel Jenkins, practical boot and shoe maker. Cowboy boots a specialty. Repairing promptly and neatly done. Satisfaction guaranteed. Shop second door south court house.

—Dr. J. S. Romine, dentist, of Chadron, Neb., will personally visit Harrison, professionally, in the near future, and notice of the exact date will be given later. He will have with him every pain and labor device known to the profession. Dr. Romine is well known to many of our people and has done work for some of them so that his ability is established.

—The more the creamery matter is investigated the more desirable such an institution at this place. Every one in this locality is heartily in favor of it except a few who expect to leave here and those who are sour because of the result of the recent election, but people know what has caused such a change their views in regard to the country and its prospects and their attempts to cry down a creamery or anything else will have very little effect. In speaking of the matter a few days ago a gentleman informed us that he owned a farm near Elgin, Ill., which would sell readily at \$70 an acre and that the farm was used for keeping cows whose milk was sold to a creamery and that it paid good interest on the money. V. A. Hester says that where he was in Iowa a few weeks ago there was a creamery at every town and some of them only four miles apart and all were well patronized and prosperous, so that they must be profitable to both owners and patrons. In eastern Nebraska those creameries which are conducted on business principles are doing well. In northwest Nebraska no test has been made. A company was organized at Chadron a few years ago and a creamery put up, but before it was put in operation it was leveled on and sold a time or two and has never been run. In this locality where pasture and hay land costs nothing, where shedding can be built with no expense except labor, where a creamery can be erected and operated at a much less cost than is possible in the east and the excellent market afforded by the coal, oil and mining regions north and west of here, a creamery certainly would prove a very profitable concern to all interested directly or indirectly.

—C. Y. Hough came down from Douglass the last of the week and brought with him a fine safety bicycle which he won at a raffle a short time ago.

—Rev. Kendall closed his meetings at Bodarc after two evenings. There has been some sickness in that neighborhood and some had fears that the disease might spread, so the above action was decided on.

—A number of our farmers contemplate sowing some alfalfa. Hester & Son expect to get seed for some who desire it but they will not carry it in stock so that parties who desire seed should leave their order with that firm. There is little doubt that the experiment will pay.

—While getting wood in the timber a few days ago D. M. Sutton found the hair of some wild animal of pretty good proportions and the first of the week, accompanied by a couple of others, he went out to capture the beast, but it had taken alarm and departed.

—Last Saturday C. F. Coffee came to town in a sleigh. It is supposed that he had been reading some eastern paper which told of good sleighing where it was published and he thought that the same should be true of this locality, but he was mistaken.

—On Monday L. C. Lewis accompanied by Hiram Smoke, who is associated with him in the sheep business at the head of White River, called at this office for a short time. They received that day a fine lot of bucks from Wyoming. Mr. Smoke expects to make his home in Sioux county in future.

—In another column appears an advertisement of the Estey & Camp pianos and organs. The reputation of the instruments made by this firm is such that they commend themselves to all and any who contemplate the purchase of a piano or organ will do well to correspond with this firm before making a selection.

—County Judge-elect Gowey came up from his home in the south part of the county the first of the week to make some arrangements to move here about the first of the year to assume the duties of the office to which he was elected. He and Mrs. Gowey will move to the county seat and the boys will run the ranch.

—Several loads of good wood are wanted at this office as soon as it is convenient for our friends to bring them. Bad, cold weather is apt to set in before long and then it will be hard to get wood out of the timber and the printer will be shy on fuel, hence it is hoped that a good-sized wood pile will adorn our back yard in the near future.

—We expect to be able to give our readers some figures in next week's issue in regard to the benefits of a creamery to a community. The industry is being discussed in a great many localities for it has become a recognized fact that a greater diversity of crops and industries is necessary for the welfare of the people and the creameries are proving a great benefit where they are properly conducted.

—Some of our people are talking of making an effort to organize a camp of Woodmen of the World. This is a fraternal organization and its main object is the insurance feature. It is highly spoken of by those who have been members of it and it should be investigated by those who desire to secure some insurance outside of the old line companies. Dr. Phinney has made an arrangement whereby a camp can be organized at a very small cost and he will explain the matter to any who are interested and will call on him.

—Frequent inquiries are made as to when a meeting of the agricultural society will be held. Other counties are getting their organizations in shape and there is no reason why Sioux county should not do likewise. It is important that the president appoint a board of managers and that they prepare a set of by-laws to submit to the meeting of the society for consideration. It is hoped that the officers will take hold of this work and see that a county fair is held next fall.

—The arrest of the men from Box Butte county a few days ago for stealing cattle along the Wyoming line and their arraignment and plea of guilty and sentence to a year in the penitentiary of that state has caused a great deal of comment. They sought the favor of the court by stating that they were compelled to resort to stealing to keep their families from starving because of the failure of their crops last season. The Hemingford Guide says that such a statement is a slur on the settlers of Box Butte county and from parties who reside in the south part of this county, we are informed that the outfit which was sent over the road did not get what they desired by a good deal. They were experts at the business and the only crop failure with them would be the failure of cattle to get in a locality where they could get at them.

## Reduced in Price.

On November 15th the price of the OMAHA WEEKLY BEE

was reduced in price to

65 CENTS HER YEAR.

No other paper in the country publishing 12 pages or 48 columns of matter, can be had for less than \$1.00 per year. This extremely low price is made by the publishers in order to enable every English reading family in the great west to read the best and greatest newspaper published in the west.

In order to induce readers and others to raise clubs the following offer is made: Two subscriptions will be received for \$1.25.

Five subscriptions will be received for \$3.00.

Ten subscriptions will be received for \$5.00.

On clubs of more than ten the price will be 50 cents for each subscription.

Do not fail to take advantage of this offer.

When sending in your own subscription send us one or more for your friends and neighbors.

Send us an order for your friends in the east who should be told of the great resources of this state. The Bee publishes more western news than any other paper in this country and makes the best immigration document that can be sent east. Address all orders to:

## THE TOLEDO WEEKLY BLADE

And a Book Containing all the Nasby Letters for One Dollar.

In answer to a general demand from all parts of the United States the Toledo Blade has published in one volume, cloth bound, all of the "Nasby Letter" ever written by the late D. R. Locke, omitting perhaps a few unimportant letters on local or forgotten topics. Only a few of these letters were ever published in book form. Every body has read some of them, but who has read all of them? The book contains over 500 large pages, and all the Nasby Letters written during a period of twenty-five years; also a portrait of D. R. Locke from his last photograph. It would sell at one dollar or more, but will never be placed on sale. One hundred thousand copies are now being printed and bound, and one copy will be sent postpaid by mail free to every person who this winter remits one dollar for the Weekly Blade one year. Every body invited to send for a specimen copy of the Weekly Blade, which will give a full description of the book "The Nasby Letters."

The Toledo Weekly Blade is the best and most popular weekly newspaper published in this country. It has the largest circulation of any weekly newspaper, and goes to every state, territory and nearly every county in the union. Only one dollar a year, including the above mentioned book free. Send postal to the Blade, Toledo, Ohio, for a free specimen copy of the paper. Send the addresses of your friends also.

## PATENTS

FOR INVENTIONS

PROCESSED BY THE Press Claims Company.

Equal with the interest of those having claims against the Government is that of INVENTORS, who often lose the benefit of valuations because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless attorneys and of seeing that inventions are well protected by valid patents, THE PRESS CLAIMS COMPANY has retained counsel expert in patent practice and is therefore prepared to OBTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PROSECUTE REJECTED CASES, REGISTER TRADE MARKS and COPYRIGHTS, RENDER OPINIONS as to SCOPE and VALIDITY of PATENTS, PROSECUTE and DEFEND INFRINGEMENT SUITS, ETC., ETC.

If you have an invention on hand send THE PRESS CLAIMS COMPANY a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.
