—Hides wanted at the hardware shop.

—Paper napkins for sale at THE JOURNAL office.

—Don't miss the ball New Year's night.

—Remember that THE JOURNAL office is headquarters for job printing.

—Old papers for sale at THE JOURNAL office. 5 cents per dozen.

—If you want to sell your land, list it with Simmons & Smiley, real estate agents.

—Rev Kendall will preach at the M. E. church next Sunday morning and evening, at the usual hour.

—All kinds of wood work done at Priddy's blacksmith shop, opposite THE JOURNAL office.

—100 acres adjoining Harrison for sale at a bargain, if taken soon.

SIMMONS & SMILEY.

—Take out a policy in the Preferred Mutual Accident Association. It is cheap and reliable. L. J. SIMMONS, Agent.

—The relatives of the late Franc F. Schwartz desire us to express their sincere thanks to those who so kindly aided them in their late affliction.

—The commissioners were in session on Wednesday approving bonds and closing up the business as much as possible and adjourned until January 3, 1894.

—Rev. E. D. Irvine came up from Chadron on Tuesday and held Episcopal services at the church in the evening, a good number attended.

—J. W. Scott has moved into the room formerly occupied by his brother and will conduct the business in future. Charles will move back on the farm.

—Samuel Jenkins, practical boot and shoe maker. Cowboy boots a specialty. Repairing promptly and neatly done. Satisfaction guaranteed. Shop second door south court house.

—The steam pump got out of order a few days ago and some repairs had to be ordered and the water supply may get a little low before it gets here but it will be only for a day or two.

—A son of Swan Peterson, on Antelope, while playing at school a few days ago fell over a log and broke his arm just above the wrist. Dr. Phinney went out and reduced the fracture.

—A number of farmers clubbed together and sent for a car load of corn. It is claimed that cattle can be fed here at a profit on a much higher priced corn than can be done in the east.

—Bert Underhill started yesterday with a lot of cattle for Crawford from whence he will ship them to Seward over the B. & M. Everyone thinks the boys are foolish, but they have got homesick and dissatisfied here.

—An inspector of the county treasury came on Tuesday and investigated the records of the treasurer of Sioux county and it is needless to say he found them straight. It puts the affairs of the office in nice shape for Mr. Gayhart to turn over to his successor.

—Arrangements have been made for a masquerade ball at the court house on New Year's night. The masquerades given here have such a reputation for being enjoyable affairs that all who dance are certain to be on hand. The music will be furnished by Messrs. Bartlett, Cunningham and Dew, so there is no question as to its quality.

—Dr. J. B. Romine, dentist, of Chadron, Neb., will personally visit Harrison, professionally, in the near future, and notice of the exact date will be given later. He will have with him every pain and labor device known to the profession. Dr. Romine is well known to many of our people and has done work for some of them so that his ability is established.

—W. B. Johnson was up from Glen the first of the week and called to see us. He and his sons will be prepared to milk from sixty to seventy-five cows for their cheese factory next season as the result of the past year has been very satisfactory. Mr. Johnson has been in the dairy business most of his life and has been in a number of wild grass countries and says that the wild grasses of this locality are better than any he ever knew for producing milk. The opinion of a man of such experience is valuable to our people who are interested in the creamery movement.

PERSONAL.

W. R. Smith was up from Chadron the last of the week visiting friends and looking over the field with a view to returning here to engage in the livery business.

Remember that THE JOURNAL clubs with almost any publication in the United States and can save you money on your reading matter for the ensuing year.

As the first of the year is nearly here we desire to urge those indebted to us to make an effort to settle on or before that date. We have bills to meet on that date and if each one pays us a little it will make quite a sum in the aggregate and will be duly appreciated by us.

H. H. Russell came up from Andrews yesterday and as he has kind feelings for the printer he brought us a nice quarter of mutton. It was as fat as it well could be and had never had any feed except what it got on the range and was an excellent argument in favor of the native grasses of this locality.

The cattle stealing cases mentioned in the last issue of THE JOURNAL seems to be still bobbing up and not at all in a manner to awaken sympathy for the men now in the penitentiary of Wyoming. It is reported on good authority that but one of the men has a family and a petition has been in circulation in Box Butte county asking that the men be pardoned but it will be met by a remonstrance. It seems that a good deal of meanness has been going on in the south part of Sioux county and it is supposed that the men now in limbo are responsible for some of it. W. H. Corbin informed us a few days ago that he had nine head of horses shot to death on the range near his home a few months ago and he is not the only one who has suffered and from what we can learn the most of the people think that the men got off altogether too easily. There is also a report which may lead to some complications in the case, which is that the men were doing the stabling in Sioux county and therefore should have been tried here instead of in Wyoming. The outcome will be watched with interest.

DIED.

SCHWARTZ.—At the family residence, ten miles east of Harrison, Nebraska, on Saturday, December 15, 1893, of dropsy, Franz Frederick Schwartz, aged 70 years and 8 months. Deceased was one of the early settlers of this locality, having come here nearly six years ago. He had always enjoyed good health until taken down a few months ago and from that time he gradually grew weaker until death claimed him. He leaves his aged wife and three daughters and two sons, all grown. The funeral occurred on Tuesday and was conducted by Rev. Schroeder, of Hemingford, and the remains were buried in the cemetery south of town.

CASTLE.—At the family residence at Harrison, Nebraska, on Wednesday, December 20, 1893, of paralysis of the stomach, Caroline Richardson Castle, wife of Almon Castle, aged 34 years, 6 months and 25 days.

For some years a hard struggle had been going on against disease which had taken hold of the system of the deceased but notwithstanding all efforts she gradually grew worse until some weeks ago she was compelled to take to her bed. From that time she suffered intensely, but bore her pains with remarkable fortitude and patience until death came to her relief. Deceased leaves a husband who was greatly devoted to her, and two sons, all of whom were with her at the last. The funeral occurred from the residence at 2 o'clock Thursday afternoon and was largely attended, the service being conducted by Rev. J. W. Kendall, and the remains were laid to rest in the cemetery south of Harrison, E. P. Maine, Lewis Gerlach, Grant Guthrie, H. T. Conley, J. E. Marsteller and V. A. Hester acting as pall-bearers.

A Hundred Ton Magazine Order.

An event in periodical literature, not without its significance to the general public as showing the growth of the reading classes, was the receipt on the 9th of November by the Cosmopolitan Magazine of an unusual order. A single order from a news company for one hundred tons of magazines! That is almost an event in the history of the world. A like order has never before been made, and if past ratios be maintained it means considerably more than half a million circulation for the December Cosmopolitan. Yet, when the list of authors and artists in the December number is examined, one is not so much surprised. Think of having the worlds fair done by such expensive men as Howells, Mark Twain and Paul Bourget, and sending such artists as Charles S. Reinhart to Chicago for a single number of a magazine to be sold for only 15 cents, or by subscription for 124 cents. A book publisher, preparing such a book would not dare incur these expenses short of \$5.00 a copy. Is it not a revolution that is an improvement upon old methods, a revolution of vast importance to the reading public?

PATENTS

FOR INVENTIONS

PREPARED BY THE

Press Claims Company.

Equal with the interest of those having claims against the Government is that of INVENTORS, who often lose the benefit of valuations because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With a view of protecting inventors from worthless or careless attorneys and of seeing that inventions are well protected by valid patents, THE PRESS CLAIMS COMPANY has retained counsel expert in patent practice and is therefore prepared to OBTAIN PATENTS, CONDUCT INTERFERENCES, MAKE SPECIAL EXAMINATIONS, PROSECUTE REJECTED CASES, REGISTER TRADE-MARKS and COPYRIGHTS, RESOLVE OPINIONS as to SCOPE and VALIDITY of PATENTS, PROSECUTE and DEFEND INFRINGEMENT SUITS, ETC., ETC.

If you have an invention on hand send THE PRESS CLAIMS COMPANY a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are not necessary unless the invention is of a complicated nature. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.
