Sioux county is the northwest county of Nebraska. It is about thirty miles east and west by about seventy unles north and south and contains

OVER 1,300,000 ACRES

of land. There are more bright, sparkling, small streams in the county than can be found in the same area elsewhere in the state. It has more pine timber in it than all the rest of the state combined Its grasses are the richest and most mitritious known so that for stock-growing it is unexcelled.

The soil varies from a heavy clay to a light sandy loam and is capable of producing excellent crops.

The principal crops are small grain and vegetables, although good corn is grown in the valleys. The wheat, oats rye and barley are all of unusually fine quality and command the highest market prices.

The water is pure and refreshing and is found in abundance in all parts of the

The county is practically out of debt and has over forty-five miles of railroad within its borders, has a good brick court house and the necessary fixtures for running the county and there has never and hence taxes will be low.

The Fremont, Elkhorn & Missouri Valley railroad crosses Sioux county from east towest and the B. & M. has about fifteen miles of its line in the partiaget for the county of the county.
