

THE SIOUX COUNTY JOURNAL

L. J. Simmons, Editor and Proprietor.

Published every day except Sunday and holidays. Subscription price, \$1.00 per year in advance.

—Paper napkins for sale at The Journal office.

—For 5¢ Fifty bushels of pure Early and Late Rose seed potatoes.

—Horsehound compound cough scrub the great remedy for coughs and colds at the Pioneer Pharmacy.

—The wheat club will meet on Tuesday evening at the residence of Mr. and Mrs. W. B. Wright.

—The new top on the main eastern has been completed and the eastern cleaned out and it is now in good shape.

—Everybody is invited to attend the social at the court house Friday night by order of.

—District court will convene on Monday, April 26th. It is likely that it will be the longest term ever held in Sioux county.

—El Hollingsworth had the misfortune to be kicked on the leg by a horse a few days ago. The wound though painful was not serious.

—A number of "yo olde folks" met at the residence of Mr. and Mrs. L. J. Simmons on last Saturday evening and passed the time as befits the aged.

—C. F. Coffee passed by here yesterday with a bunch of 150 steers which he was taking from his home place to the box L ranch on Rawhide.

—If the hair has been made to grow a natural color on bald heads in thousands of cases, by using Hall's Hair Renewer, why will it not in your case?

—The rods for bracing the court house arrived a few days ago and will likely be put in place in the near future. It certainly should be done before court convenes.

—On Wednesday Judge Wilson officiated in the marriage of David county, Sioux county, and Little Mallet, of James county. They will reside in the south part of this county.

—The jail cage was put together and is now ready to be used whenever occasion demands. It is admitted by all that when the sheriff puts a man in there he will know where to find him when he wants him.

—The bill of exceptions in the irrigation case of Meng vs. Coffee was received from Attorney Keller a few days ago by the clerk of the district court. There were nearly two hundred pages of it, written with type-writer.

—The "spider-web" social given by the Epworth League at the court house on last evening was largely attended and a good time had. The net receipts were \$9.42, which will be used in paying off the mortgage on the parsonage.

—STRAVED—One dark brown or black filly, coming three year old, branded 7 cross bar on left cheek. A liberal reward will be paid for information leading to her recovery.

W. S. JOHNSON,
Glen, Neb.

—The base of Ayer's Hair Vigor is a refined and delicate fluid, which does not soil or become rancid by exposure to the air, and which is as perfect a substitute for the oil supplied by nature in youth and health, as modern chemistry can produce.

—"Success is the reward of merit" not of assumption. Popular appreciation is what tells in the long run. For fifty years, people have been using Ayer's Sarsaparilla, and today it is the blood purifier most in favor with the public.

—It will be well if farmers would use a little care in the selection of seed potatoes. A lot of mixed potatoes will not command the best price in the market and it will cost no more to raise all of one kind if the proper seed is obtained. A little trouble in the matter of seed will make money in the end.

—We have received from the Inter Ocean, advance copies of their new series of Art Supplements to be given free with their Sunday papers. They show the highest excellence in the art of lithography, and the subjects are an evidence of the elevated taste of the publisher. This magnificent gift of The Inter Ocean cannot be duplicated by any newspaper published, and we advise readers to have their orders in early.

—While in town last week A. H. Pango called at this office. Some years ago he received a package of sugar beet seed from the government department and has been growing beets every year since, raising his own seed from the beets grown from the seed sent out by the government. He says that year by year they have increased in sweetness and he is satisfied that it will pay to use home-grown seed as soon as it can be secured.

—There is talk of organizing a club for the protection of fish and game in this part of the country. The steams are being stocked with fine fish and no fishing should be allowed and quality coming in various localities and they should be protected. A good strong organization would do much good, if those who have no regard for the law are petty certain that they will be prosecuted if they violate it they will refrain from doing so.

J. T. Coffee was down from Rawhide the first of the week.

A. R. Keady is up from Crawford to look after his interests here.

Mr. and Mrs. H. Untt were at the county seat the last of the week.

Mr. and Mrs. Chris Christian were down from Pleasant Ridge on Monday.

Mrs. G. W. Davis went to Crawford Monday evening to visit friends.

Mrs. Alice Thomas went to Chadron Monday evening to resume her studies at the academy.

—El Smith's ranch, moved down to Willie Ernest's ranch for a while.

—Old timers for sale at THE JOURNAL office. 5 cents per dozen.

—Heavy Rain received a large new house a few days ago. Wonder what it will be?

—The Journal office has just completed the last order for the coming term of the district court.

—J. W. Earnest shipped a car-load of fat steers the last of the week. They were loaded at Andrews.

—Parties contemplating the purchase of a piano or organ should see C. F. Connell before purchasing.

—Next Tuesday the village election will be held. As there is considerable to do and no pay in the office of trustee, it requires some skimming to find people who would consent to act as such.

—T. O. Williams is putting down a well for Bigelow Brothers. Seven years ago they came here with but very little of value, but notwithstanding poor crops, hard times and some pretty bad luck, they have got a living for themselves and families and are getting to comfortable shape.

—A couple of fellows drifted into town Saturday and got drunk and made nuisances of themselves until they left on the train at noon Monday. The new quarters that have recently been fitted up near the court house should be used to accommodate such until sober and then they should interview a court having jurisdiction in such cases.

Correspondence.

ROMANS, Neb., March 23, 1895.

—Farmers have commenced sowing small grain.

—John Frost and H. DeBook have gone to Edgemont to work for the summer.

—George Hill and Paul Murphy went to Montana last week to work on the range.

—Ashbury Hill and Paul Murphy went to Wyoming to work.

—J. B. Burks took a trip to Ardmore Monday.

—Mr. and Mrs. Hollingsworth, from Stewart, Iowa are visiting with their sons El and Clarence Hollingsworth. They expect to leave today for their future home on a large fruit farm near Los Angeles, California.

—To judges from the number of hot beds being made in this locality I think garden track will be plentiful this summer.

Blood Poison

THE BANE OF HUMAN LIFE,
Driven Out of the System by
the Use of
Ayer's Sarsaparilla

"For five years, I was a great sufferer from a most persistent blood disease, none of the various medicines I took being of any lasting benefit. Hoping that change of climate would benefit me, I went to Cuba, to Florida, and then to various resorts, where I remained some time, attending the waters, but all was for naught. At last, being advised by several friends to try Ayer's Sarsaparilla, I began taking it, and very soon favorable results were manifested. Today I consider myself a perfectly healthy man, with increased appetites, and the best tone of my former company. For the cure of my blood, and especially young men, have never tried, but please do so. It is a true and reliable medicine, and should be in every household."

A. E. BARNES, Proprietor, Lowell, Vermont, Nov. 23, 1877. (See Ayer's Sarsaparilla, New York.)
