—For flour, feed or meat call on E. Rohwer.

—Horsebound compound cough syrup the great remedy for coughs and colds at the Pioneer Pharmacy.

—LOST OR STRAYED—A brown gelding, 2 years old, branded circle on left thigh. A. McGINLEY.

—I have a good Woods binder for sale or trade for stock. W. L. BALDWIN, 4 miles south of Harrison.

—Rumors of a local war come up from West Hat creek but the troops have not yet been called out.

—If you want a farm paper get one published in Nebraska. THE JOURNAL clubs with the Nebraska Farmer. Call and see a copy of it.

—In cases where dandruff, scalp diseases, falling and grayness of the hair appear, do not neglect them, but apply a proper remedy and tonic like Hall's Hair Renewer.

—Three car loads of fat cattle were shipped from here Monday evening, the first of the season from this place. Two car loads were shipped by Brewster & Anderson and one by W. A. Bigelow. Nels Anderson and W. A. Bigelow accompanied the shipment.

—What causes bad dreams is a question that has never been satisfactorily answered; but, in nine cases out of ten, frightful dreams are the result of imperfect digestion, which a few doses of Ayer's Sarsaparilla will effectually remedy. Don't delay—try it today.

—It is expected that the race track will be laid off within the next few days. All that is needed to make the plan a success is a united effort, without that it will be a failure.

—Arrangements have been made so that the trains will stop for dinner and supper at Lusk after this week. This is to be regretted, as it will lose quite an amount of trade to our business men.

—John Doot and O. A. Garten each made proof on a timber claim last Saturday. John Pfost and Jesus Barassa each made proof on a homestead. By that Sioux county has one more section added to the amount of deeded land within her borders.

—"Mamma, was that a sugar-plum you just gave me?" asked little Mabel. "No, dear, it was one of Dr. Ayer's Pills." "Please may I have another?" "Not now, dear, one of those nice pills is all you need at present, because every dose is effective."

—Under the new law which goes into effect to-day it is a crime punishable by imprisonment in the penitentiary to steal or kill any cattle of any value whatever. A fellow would hate to go to the pen for stealing a three dollar calf.

—The latest reports from Jackson's Hole and the Indian war is that the settlers are all prepared to fight but no Indians can be found. It looks now as if the whole thing was a farce, but the troops will likely be kept there until all is settled.

—While in town yesterday Chairman Weber of the pop county central committee issued a call for a convention of that party on August 17th. This is pretty hot weather to stir up politics, especially when there are but two of the county offices that pay enough for the incumbent to live on.

—It is reported that quite a good many contemplate leaving this county in the near future. Some will go east, some south and some west. When people become dissatisfied with a place it is as well that they leave for they are not comfortable and do not seem to want any one else to be.

—Among the new laws which go into effect today is the one forbidding the selling or furnishing of cigarettes or cigarette paper to any person under the age of twenty-one years. The penalty is a fine of from ten to fifty dollars, one-half to be paid to the informer. Our merchants will do well to be careful.

—S. F. Smith failed in business in Chadron a few days ago and there was the usual scramble among the creditors over the stock. In some way the Chadron Milling Co. got hold of some Oakdale flour and put it into a car which was being loaded to fill an order from Lewis Gerlach. The flour got here and was stored in Gerlach's warehouse. On Friday the attorney of the Oakdale mill came up and commenced replevin proceedings. Under those Sheriff Dew levied on some of the flour in Gerlach's warehouse but it was not removed. In such cases the plaintiff has twenty-four hours in which to give an indemnifying bond to the sheriff for the protection of all parties. No satisfactory bond was put up within the proper time and the sheriff released the flour back to Mr. Gerlach. The case will have to grind out in the courts, but no one here is interested. At 30 time Mr. Gerlach interested as he had not yet paid for the flour and the company of whom he purchased it was amply responsible in the event of any damage having been sustained by him, but he is pleased that he will have no further bother with it.

PERSONAL.

M. D. Jordan and Nels Rosenberg were over from Adelia yesterday.

Peter Raban and Chris Christensen were over from Montrose Wednesday.

Miss Lizzie Gerlach was up from Crawford the first of the week visiting friends.

Josh Baker having disposed of his Sioux county interests, left for Colorado Wednesday.

Robert Ferguson was in Harrison Friday, returning from a visit with Mr. and Mrs. Henry Warneke.

Miss Nellie Simmons was the guest of Miss Clara Kirkpatrick at Highland the past week.

John Herman was in town Monday and called at this office. John always remembers the printer.

Rev. and Mrs. C. E. Connell visited last week on Running Water with Mr. and Mrs. A. McGinley.

G. A. Eckles, county attorney of Dawes county, was in Harrison on legal business last Friday and called at this office.

Grandma Davis and Master Archie Davis went to Douglass the last of the week for a visit with Mr. and Mrs. C. F. Carleton.

H. D. Churchill left for Pine Ridge Saturday. From there he will go to Oregon with a bunch of horses. His friends wish him a pleasant trip.

Sarah Gould asks the district court to sever the ties that bind her to John Gould. She alleges that her husband instead of treating her as he promised the preacher would, indulged in the pastime of flinging her violently against the side of the family abode, chewing her fingers and failing to support her. Attorney Guthrie is her legal guide.

John Coffey got word a short time ago that some cattle had been taken from near the 7 box L ranch. He went after them and found them at Casper. One belonged to him and twenty-four to T. B. Snyder. The thief had not been caught at last reports, but such activity in gathering stock is apt to get him into trouble.

There is little change to report in the condition of crops from last week. Some local showers have fallen, some grain is cut and some is badly in need of rain. At Highland last Sunday we saw that Nels Enghret and Henry Covey had their rye in shock and wheat, oats, corn and potatoes looked good. Reports from other localities indicates that better returns will prevail than last year, and if rain comes soon late crops will be good. Taken as a whole the people of Sioux county have little to complain of, but it would be hard to make some think so.

Last Sunday THE JOURNAL family visited the home of Mr. and Mrs. Leo DeBock on East Hat creek. To those who have spent a day at that home it is not necessary to state that it was enjoyable. They have a large, well-built, comfortable log house surrounded by trees, but a few steps from the stream, making a delightful place on a hot summer day and also sheltered from the winter storms. Convenient barns and sheds were also noted. The most interesting part of the place is the garden. This contains about five acres of ground and is filled with all kinds of vegetables for the market. Mr. DeBock does not fear lack of rain, for he has a spring which furnishes all the water needed to keep his garden flourishing. It seems to be the general idea that a large amount of water is needed to irrigate a little land, but here Mr. DeBock waters a garden which produces enough to support his large family from a spring which is not a very large spring either. He is a practical gardener and works intelligently so that good results are obtained, and those who have but little water to use on land will do well to visit Mr. DeBock and his garden and get some pointers.

Notice to Delinquent Tax Payers.

I wish to call your attention to the fact that the County Treasurers have been very lenient with you during the several crop failures and as nearly all school districts are in need of money and the prospects are good for fine crops this year, I shall insist upon the payment of your personal taxes. Gentlemen they have stood long enough.

Very Respectfully,
H. S. WOODRUFF,

Largest Circulation in Nebraska.

It isn't much wonder that the State Journal now has the largest circulation in Nebraska. It has reduced its price to 65 cents a month with Sunday, or 50 cents without Sunday; it has been spending more money for Nebraska than any other paper; it has on its staff such men as Bixby, Walt Mason and Annin. The Journal is being pushed at every point and is climbing steadily and surely away ahead of the other state dailies. People like a Lincoln paper. Especially when it is as good as the Journal.

Independent County Convention.

The people's independent electors of Sioux county are requested to send delegates to the county convention to meet at Harrison, Neb., on Saturday, August 17, 1895, at 1 o'clock, p. m., to elect delegates to the state and judicial conventions and to place in nomination candidates for the various county offices. Representation will be as follows, being based on the vote cast for Hon. Silas A. Hildreth for governor in 1894: Andrews precinct: 2 delegates; Antelope, 2; Dodge; 3; Bowen; 3; Cottonwood; 3; Five Points; 3; Hat Creek; 3; Highland; 1; Montrose; 4; Running Water; 1; Snake Creek; 2; Sugar Loaf; 3; Warburton; 3; White River; 3; Whistler Creek; 2, making a total of 24. It is recommended that primaries be held at the usual place and hours in the various precincts on Thursday, August 15, 1895, for the election of delegates and nomination of candidates for precinct offices.

M. J. WEBER,
Chairman Ind. Co. Con. Com.

Notice to Bidders.

Sealed bids will be received and filed by the county clerk at his office at Harrison, Neb., for the replacing of the county bridge across Hat creek, which was washed out from section line between sections 36 and 37, town 33, range 34. All bids to be filed on or before noon of September 1, 1895. The board reserves the right to reject any or all bids. By order of the board of county commissioners. M. J. WEBER, County Clerk.

Blood Poison

THE BANE OF HUMAN LIFE,

Driven Out of the System by the Use of

Ayer's Sarsaparilla

"For five years, I was a great sufferer from a most persistent blood disease, none of the various medicines I took being of any help whatever. Hoping that change of climate would benefit me, I went to Cuba, to Florida, and then to Saratoga Springs, where I remained some time drinking the waters. But all was no use. At last, being advised by several friends to try Ayer's Sarsaparilla, I began taking it, and very soon favorable results were manifest. To-day I consider myself a perfectly healthy man, with a good appetite and not the least trace of my former complaint. To all my friends, and especially young men like myself, I recommend Ayer's Sarsaparilla, if in need of a perfectly reliable blood-purifier."—JOS. A. ESCOBAR, proprietor Hotel Victoria, Key West, Fla.; residence, 332 W. 16th St., New York.
