FOR SALE OR RENT—The Harrison House.

W. R. Smith has moved into the house south of the parsonage.

For the highest cash price for wheat see Grant Guthrie.

A light frost nipped the vines in various localities on last Friday night.

Homebound compound cough syrup the great remedy for coughs and colds at the Pioneer Pharmacy.

LOST OR STRAYED—A brown gelding, 2 years old, branded circle on left thigh.

A. MCGINLEY.

County Clerk Blewett is fitting up the Conley house and will occupy it with his bride in a short time.

If all the rumors of approaching weddings come true Harrison will soon be almost devoid of single people.

The reports in regard to the potato crop are not very encouraging.

The yield will not be nearly as large as last year.

A special rate to Hot Springs and return will be made on Sept. 20th.

Round trip ticket, good returning for thirty days, \$4.40.

A car loaded with oil from the wells at Casper, Wyoming, went east Monday evening.

The oil will be on an exhibition at the state fair next week.

E. E. Livermore had the misfortune to lose one of his mules by death a few days ago.

He was apparently all right but a very short time before he was found dead.

T. B. Snyder came in last night with Mr. Eaton, of Rawhide, who was pretty badly used up by a horse having fallen with him.

His shoulder was broken and he came here for treatment.

Jim Nolan's thresher is in this locality and the grain is surprising all.

Wheat is yielding from 18 to 27 bushels per acre, and oats from 20 to 60 bushels per acre; which is not very bad for this country.

Another chapter was added to the history of the West Hat Creek trouble yesterday by C. D. Plympton being fined \$25 and costs on the charge of carrying concealed weapons.

The case will be taken to the district court.

Ayer's Hair Vigor tones up the weak hair-roots, stimulates the vessels and tissues which supply the hair with nutrition, strengthens the hair itself, and adds the oil which keeps the shafts soft, lustrous, and silky.

The most popular and valuable toilet preparation in the world.

It would be a good plan for the village authorities to see that the marshal attends more closely to his duties so that the disgraceful scenes enacted on the streets on Saturday and Sunday are not repeated.

If this is a civilized community it is about time some things were stopped.

There is nothing to prevent anyone concocting a mixture and calling it "sarsaparilla," and there is nothing to prevent anyone spending good money testing the stuff; but prudent people, who wish to be sure of their remedy, take only Ayer's Sarsaparilla, and so get cured.

We have a sample of Egyptian flour corn which was grown by M. Gayhart which certainly indicates that it is worth investigation by the farmers.

It stands drouth better than any other variety and yields well. It is very much like the squaw corn except that it is soft.

C. E. Kalstrom, section foreman just this side of Fort Robinson, had the misfortune to get his arm broken one day last week as the result of a controversy with a broncho.

A team belonging to A. Rowland ran away and Mr. Kalstrom mounted a pony which was standing near and started to head the team off, but the bronco evidently stood in with the runaways for he went after his rider and the broken arm was the result.

A peculiar incident occurred yesterday. After unloading the stuff from his wagon into the car L. Bock drove his team to a vacant lot and turned them to the wagon and fed them and went back to work.

Some time after some children noticed fire in the wagon and gave the alarm.

H. A. Friddy and Dave Bartlett rushed to it with buckets of water and soon put it out.

Some damage was done to the wagon and a coat and tarpaulin destroyed.

The fire must have originated from a spark from a cigar or pipe.

After the county convention last Saturday the delegates from the precincts in this commissioner district got together and renominated B. F. Johnson for county commissioner.

There may be a question as to the regularity of the proceeding as no notice of such action was given to the primaries at which the delegates were elected that the nomination of a commissioner would be a part of their duties, but that is not likely to make any difference.

Mr. Johnson's course as an official has been such that there is a general demand that he continue to serve the people and it is quite likely that he will have no opposition, as there is not a man in the district who would stand a ghost of a chance of being elected over him.

It is very generally conceded that the board of county commissioners as at present constituted is the best that the county has ever had, and the people of the 14th district do not seem likely to change.

REPUBLICAN COUNTY CONVENTION.

Hough Sets up the Pins, Makes a State, and Puts it up.

How it Was Done.

The republican county convention met at the court house on Saturday. The delegates were called to order by Henry Covey, chairman of the county central committee.

On motion he was elected temporary chairman and M. J. O'Connell, secretary.

Committees were appointed on credentials and permanent organization and order of business and a recess taken for dinner.

On re-assembling after dinner the following report was submitted:

Your committee on permanent organization and order of business beg to submit the following recommendations:

For permanent chairman Henry Covey. For permanent secretary C. B. Hollingsworth.

The order of business:

H. A. FRIDDY, Chairman. FRANK TINKHAM, J. W. HUNTER, Committee.

The committee on credentials made the following report:

We, the committee appointed on credentials had the following delegates entitled to seats in this convention:

We find that Ed Smith was duly elected as third delegate from Bodare precinct, that precinct being entitled to three delegates instead of two.

We recommend that the delegate from Hat Creek precinct be allowed to cast the full vote of the delegation in the absence of the other.

We find the credentials of Whistle Creek to be in such shape that we deem it advisable to submit it to the will of the convention and said credentials are attached to this report.

B. F. JOHNSON, J. W. SMILEY, Committee.

On motion the above report was accepted.

On motion Mr. Shreve was allowed a seat in the convention as a delegate from Whistle Creek precinct and was authorized to cast the full vote of the delegation.

J. M. Smiley and John C. Eberspecher were elected delegates to the state convention by acclamation.

SHORT TIPS.

Give Hough the glory. Hough did it with his little tongue.

As a packed convention it was a great success.

Everything bearing Hough's OK went.

Some of the delegates who did not wear Hough's brand got disgusted and left the hall and others said that had they known that Hough had the thing all cut and dried they would not have gone near.

For particulars as to some of Hough's peculiar political methods call on June Smith and August Hasselquist.

The only point where Hough could not control his crowd was on the superintendent. He prevented the nomination of Will Davis for clerk and had another for superintendent, but the convention would not stand and Hough's gauzy show of magnanimity toward Will deceived no one.

If Hough gets as many votes for his ticket as he did for himself two years ago, will the game be worth the candle?

The little pleasantry of Hough and his convention in nominating the editor of THE JOURNAL for coroner may, upon reflection, have more point to it than is apparent at first blush.

During his residence in Sioux county the editor of THE JOURNAL has had occasion to sit on a good many political corpses.

The Hough brand of tickets has never proven popular at the polls.

A history of how the convention was worked up entitled "A Play Upon Prejudices," by Chief Player Hough, would make mighty interesting reading.

As part of the products were loaded at Glen and part at Crawford it is hard to say how it will size up, but from what went into the car here it is certain that the collection will be more complete than ever before.

There seems to be no reason why one of the premiums should not be awarded to Sioux county.
