W. B. Wm. Wm. Wm.

In speaking of the citizens' ticket last week an error was made in regard to Dr. Phinney being the only practicing physician in the county. Dr. Shafer is also a regular physician and the statement was an oversight.

H. A. Hridy and family returned from their hunting trip on Friday. They had got but a short distance when Mrs. Priddy was taken sick and as she grew worse it was imperative that they return for medical attendance. Two antelope were secured on the trip.

It is expected that Judges Kinkaid and Bartow will be here between trains on Saturday to meet the people informally. Both have many friends in this county who will be glad to meet them under such circumstances.

Guthrie has been paying thirty-five cents a bushel for wheat and thirty-three is all that is being paid for that cereal in the eastern part of the state. Distance from market seems to be an advantage to our people.

Wilmer Phillips had oats out on the table in Highland precinct which yielded by weight, over fifty bushels per acre. We do not see that he has any cause for complaint. He has sold his team, harness and wagon and will go back to Seward county to spend the winter.

D. B. Jenckes was up from Chadron on Monday to look after the case in the county court which involves the flour which was shipped to Lewis Gerlach from Chadron some time ago, of which mention was made in THE JOURNAL at the time. The case is not yet ended so Mr. Gerlach does not know who to pay for the flour. The case is in his name, but he has no interest in it.

County Treasurer Woodruff came up from the east part of the county on Monday and brought with him a petition for A. R. Dew to be a candidate for county treasurer, signed by more than the number of names required to have his name placed upon the official ballots. That makes four candidates for treasurer. It seems to be going to be a free for all in Sioux county this fall so that none need be at all backward about coming forward and asking for what they want.

Last Saturday was the date to which the pop-fizz convention adjourned, and us Raum, Weier and Knott and a few of their lieutenants were noticed in town on that day it is quite likely that they were fixing up some scheme. As no minutes of a convention have been handed in for publication it must be that they either held no convention or else are so ashamed of what they did that they do not want the people of Sioux county to know of their actions. It is pretty certain that the three dictators of the pop party named above did not get together unless they had some scheme on foot. T. V. Golden, a pop lawyer of O'Neill, who thinks he is running against Kinkaid for district judge, was also in town that day.
