THE JOURNAL wihes to commend Representative Sheklon for the position be took when his party associate committed the outrage of unseating the four republicans from Douglass county in order to seat men in their place who would help to put two fusionist judges on the supreme bench when there is no law for doing so. Sheldon opposed his party in its high-handed work and is entitled to credit therefor. If the legislature persists in carrying into effect the warranted scheme it has on foot and the governor prostitutes the position of cutive by aiding the work, it is of that the law-respecting people of cisits will impeach every man who, ing taken as eath to perform the most his office according to law, wiland knowing violates that outh-modicials are corrunts of the peo-
