brothers and one sister, Mrs. B. F. Thomas who live in this part of the country will sympathize with them in their loss and bereavement. Mr. Hamlin is expected to return this week.

-W. F. Seward of Crawford passed through Harrison on his way home from Manville, Wyo. where he has been to arrange to move his family to Crawford where he has bought out a livery stable and has been running it a month or more. Mr. Seward has been engaged in the livery, feed and sale stable also, the restaurant business for the last ten years, but, since buying into business in Crawford, Mr. Seward has disposed of his Manville property and will try his fortunes in Nebraska from this on.

-It should be born in mind by the stock growers of Sioux county and all the adjoining counties that there is an organization known as the North-Western Nebraska Association of Stock men, with its head quarters for the present at Alliance, Neb. Those wishing to enquire into the object for which this association was organized with a view to becoming members of it, can by writing the secretary, Mr. Van Boskirk at Alliance, Neb., will doubtless get what information they wish in regard to the organization and the reasons why stock men of this vicinity should become members thereof. It looks as if the stock men of Sioux county ought to organize and see if the cattle rustlers can't be routed and when caught brought to justice and be made to pay the penalty for such crimes. The stock industry is especially adapted to our county and the people in this county ought to see to it that their own interests are looked after.

-What came near being a bad accident and a burn-out for land lord Rohwer and possible a part of the town, happened at the Harrison House last Monday night about eight o'clock, when Mrs. Rohwer undertook to put out the light of the large Rochester lamp in the dining room which in some way fell to the floor and in its descent struck Mrs. Rohwer on one side of her face and scattering oil over her, bruising her face slightly but not seriously. It of course took fire on the inside of the lamp and looked at one time as if all hands would be blown across on the other side of Jordan but, Mr. Rohwer, who is quite cool under exciting circumstances took his handkerchief from his pocket and picked up the burning lamp, carried it to the bar-room, set it right side up in the wash sink, turned the wick down when it soon went out, fortunately no damage was done. It was one of the windiest days of the season and surely it was a narrow escape.

-Ed O'Conner who has been stopping at the Harrison House all winter and attending school, left Friday evening for Sheridan, Wyo., where he will work on a stock ranch during the summer. Ed will be missed by the boys in Harrison this summer with out a doubt.

-Hon. Judge Kinkaid of O. Neal will hold an adjourned term of court in Harrison on May 18th, for the purpose of trying the case of John H. Cook vs Chas. Biehle, county treasurer, for the reason that Judge Westover was legally barred from hearing the case on account of having been the counsel for one of the parties to the suit.

-Notice.-All parties knowing themselves indebted to the undersigned are requested to call and settle either in cash or with note on or before May 1st. As I have rented my Hotel to other parties I will go out of business at the above stated time.

-The case of Tinnen vs Burlington Missouri River Railroad was concluded in court on Saturday morning, the jury bringing in a verdict for the plaintiff for damages in the sum of \$200. A motion for a new trial was or will be offered and in case a new trial is not granted an appeal to the supreme court of the state will be taken.

-A Mr. Johnson, who's given name we did not learn and who is a friend of Pat Lacey, came in from Iowa last Friday. He shipped his household goods two or three weeks ago. He reports that there is going to be a big immigration to this part of Nebraska from Iowa, during the spring. He says that several of his Iowa neighbors will follow his example shortly.

-A Christian of Lusk, foreman on the Coffee ranch in Wyoming about forty miles, was in Harrison on Monday of this week doing business. He also called at our office and enjoyed a pleasant chat with us. Mr. Christian reports that the loss in stock on his range during the winter, will be about one per cent, at any rate it will not exceed two per cent.

-Hon. T. B. Snyder of Sheep creek made several calls at THE JOURNAL office during court week. Mr. Snyder is a successful stock man of Scotts Bluffs county and is especially interested in the stock interests of the North-West. We believe Mr. Snyder is a citizen that any county can justly feel proud of. We sincerely hope when in Harrison Mr. Snyder will make it his business to honor this office with a call.

-Hon. A. J. Bogart, who made application for the position of postmaster at Harrison, about three weeks ago, was notified officially of his appointment on the 20th inst. From what we know of Mr. Bogart, the position could not have been conferred on a more honorable, trustworthy and deserving man in this county. Mr. Bogart is an old soldier and we are glad to see these men recognized by the new administration.

-Merchant Gerlach yesterday, sold to a traveling man by the name of Van Gavebeck of Neligh, Neb., his share in the Spring Hill mine. He feels that he made a serious mistake in selling at this time as the prospects are very flattering for a good out put this season but, says it is too late now to equal. The other shares, some eight or nine owned here in Harrison, cannot be bought for any ordinary price just now.

WHAT A SIOUX COUNTY GENTLEMAN THINKS OF THE EDITOR OF THE JOURNAL.

Harrison, Nebr. April 16, 1897.

An old Sioux county veteran and life long democrat notes with glowing pride the steady, forward and ever onward march of the free silver cause, which has ever been a link in the chain of true democracy, while revelling in secret over the bright prospects of our country, and right in our midst a new star shines forth viz: THE SIOUX COUNTY JOURNAL changing its dusky garb to one of the purest white. We were informed that the hero to accomplish this great work hailed from the land of the Kiotes (S. D.) but on inquiry we find one of our own sons from the banks of the Platte, who is to guard the future policy of THE JOURNAL. Yes, old Nebraska is never second in her patriotism, but is always ready to give her most cherished sons to the cause of democracy and free silver which, we believe is in the interest of the farmer, laborer, the mechanic, etc. Now dear Mr. Editor here's to success; may your paper ever gladden with the radiance of the cause which it is championing and may the peal of its silver tongue be heard over the entire state of Nebraska and especially in our own county.
