

FOUND HER IDEAL

Miss Morrison, the Famous South Dakota Cowgirl, Gets Married.

The recent wedding of Myrtle Morrison, the famous Nowlin County girl broncho buster, and Frank Dupree, a part-blood Sioux, created quite a sensation among the aristocracy on the Sioux reservation and in adjacent territory.

Frank Dupree is a splendid horseman, a thorough cowhand, and apparently devoid of fear. The Duprees are among the wealthiest stockmen in the state, counting their cattle by the thousands.

The young couple rode up quite close to the herd before the animals were aware of their presence, and Frank, in a spirit of bravado, urged his broncho alongside of a huge bull buffalo.

John Humphrey of Norfolk took a trip to the Black Hills during the recent cold snap and has been laid up with rheumatism ever since.

President Lincoln's Birthplace. Abraham Lincoln, our great War President, was born in Larue County, Kentucky, in a rude little log cabin.

The neighbors heard that Mrs. Lincoln was in the cabin all alone with the little baby, and had little to eat except corn and potatoes.

TRIES TO KILL A KING.

An Attempt Made to Take the Life of the King of Italy.

ROME, April 23.—At 2:30 o'clock yesterday afternoon, while King Humbert was on his way to the races, a man named Pietro Acciarato, an iron worker out of employment, attempted to stab his majesty with a dagger.

The man was seized before he could carry out his purpose and the king proceeded to the Campanelle race course, seemingly unmoved. On arriving at the race course his majesty was greatly cheered.

Acciarato appears to be a political fanatic. He says he has no accomplices.

King Humbert, accompanied by his aide-de-camp, Gen. Piondisaglia, was going to witness the royal derby. His assailant, who was waiting outside St. John's gate, rushed up to the carriage in which his majesty was seated and attempted to stab him. The king avoided the dagger by rising from his seat.

Acciarato, seeing he had failed in his attempt to assassinate the king, threw away his dagger. He was immediately arrested by two carabinieri, while his majesty calmly ordered his coachman to drive on.

The news spread with great rapidity and when the king reached the royal stand at the race course it was soon surrounded by a cheering multitude.

King Humbert treated the matter lightly and remarked: "It is only one of the little incidents of my trade."

King Humbert and Queen Margherita were greatly moved by the popular demonstration and twice appeared on a balcony of the palace and bowed their acknowledgements to the frantic cheering of the populace.

The embassies' public offices and private houses were decorated with flags as an expression of rejoicing at the escape of his majesty and thousands of people inscribed their names at the palace.

During the afternoon placards were posted upon the population to take part in a great manifestation in honor of the king at 9 o'clock last night.

This is the second time the life of King Humbert has been attempted.

Tramps Wreck a Train.

LOUISVILLE, Ky., April 23.—A Louisville & Nashville express train was wrecked at Evergreen yesterday.

At the offices of the L. & N. railroad in this city it was learned that Engineer Adams, Fireman Jones and Express Messenger Locke were badly scalded and injured.

In many respects the wreck was similar to the recent awful affair at Cahaba, Ala., and though not attended with such disastrous results, seemed to have been planned as deliberately as that one.

According to the information which has reached the superintendent of transportation, four tramps were seen in the neighborhood shortly before the accident occurred, removed the rails just south of the trestle.

The job was neatly done and nothing would have saved the train load of passengers had it not been for the heroism of Fireman Jones and Engineer Adams, who remained at their posts after the engine had left the track.

The engine, caboose, baggage and mail cars were completely wrecked, but none of the passengers were injured.

Another Break in the Levee.

GREENVILLE, Miss., April 23.—There was another break in the levee on the Mississippi side at Shipland, or the Promised Land levee, at 10 o'clock yesterday morning, forty miles by rail south of Greenville.

The break will cover 19,000 acres of land near the flood and will add to the volume of water already covering most of the lands in its vicinity.

The levee is ten feet high and the break is fully 350 feet wide. There was a foot of water on the inside of the levee when it gave way.

The break will entirely submerge Mayersville, the county seat of the county, a town of 400 people. The town is situated twelve miles north of the break.

From Mayersville south to the Yazoo river every plantation in Issaquena and two-thirds of those in Sharkey, besides a number of others in Yazoo and Warren counties, will be put under water from ten to twenty feet deep.

While this section was in a large measure already overflowed, there were hundreds of farm houses and cabins and numerous ridges and mounds and hastily erected scaffolds which still afforded protection to man and beast.

These are now being rapidly abandoned and terror reigns.

To Assist Trade.

ST. LOUIS, Mo., April 23.—Representatives of the international trade association are the guests of the St. Louis manufacturers' association.

The association has for its object improved trade relations between the United States and Mexico. Thomas Ryan, assistant secretary of the interior, is president of the association.

James T. King is treasurer, and H. L. Shirer, secretary.

A Judgment is Awarded.

PROBIA, Ill., April 23.—Judge Grosscup yesterday in the United States court gave Rheinstrom, Bettman, Johnson & Co., of Cincinnati, O., judgment for \$2,350 against the Atlas Distilling company for commissioners for goods sold to Cincinnati distributors.

To Aid India.

CHICAGO, April 23.—The machinery of the India relief committee, of which C. C. Bonney is chairman, has been perfected, the membership having been enlarged by adding a representative of each co-operating organization.

Miss Mary Leitch of New York assisted in the work. Efforts will be made to secure a local committee in every town in the west to aid in securing contributions of grain and cash for the sufferers by the famine.

THE FIRST FIGHT

Fierce Battle Rages at Reveni Between Greeks and Turks.

GREEKS FIGHT WITH DESPERATE VALOR

Overwhelmed by Numbers, Yet They Hold Their Own Against Awful Odds—Reinforcements Are Being Hurried to the Front.

LARISSA, April 22.—The first seriously planned battle commenced yesterday. Early in the morning Edhem Pasha's advance guard, under Generals Mavromichali and Marchris, advanced against the Greeks in force from Reveni, Boughasi and St. Elias.

The fighting was greatly extended and the battle raged till late in the afternoon with varying fortunes. The Greeks were assisted by the thousands of irregulars, who harassed the Turkish outposts and wings as well as participated in the general engagements.

The Turks had an overwhelming superiority in numbers. They had constructed earthworks and trenches everywhere and in and behind these awaited the attacks of the Greeks.

On the whole they clung tenaciously to their defenses, while the Greeks attacked these again and again with the most desperate bravery.

In spite of the furious attacks still made upon them the Greeks continue to hold the Beveni and Nezorou passes. At 3 o'clock yesterday afternoon it is practically a drawn battle.

Crown Prince Constantine is hurrying reinforcements to the front.

Foot of MILONA PASS, April 22.—The last height commanding Tyrnovo has just been captured by the Turks. The infantry advance was supported by cavalry, the soldiers cheering lustily as they began the attack.

It was the task of Neechat Pasha to attack the Loshpaki heights, the last Greek stronghold commanding Tyrnovo. The Turkish batteries, each gun dragged by fifty men, pushed forward and bombarded the Greek position.

A deep ravine lay between the infantry forces of the two armies. It was strewn with heavy rocks and huge boulders. After sharp fighting the Greek batteries withdrew, but the Greek infantry continued to defend the post and compelled the Turks to retire.

How the Spaniards Fight. Boston, April 22.—William Law, formerly of Worcester, Mass., but now with the Cuban insurgent army, has written to a friend in Worcester under date of Jucaro, Puerto Principe, April 5, saying:

"I am in the heart of the fighting. The Cubans have the best of it all through, but of course are suffering great hardship. The entire east end of the island is as yet under their control."

Most of the provinces of Santa Clara and Pinar del Rio; besides Havana itself is uncertain and may fall any day.

"A few days ago I saw a battle between 800 Cubans and two forts defended by 1,000 Spanish troops. It took the Cubans less than thirty minutes to take them and capture all the arms and cannon."

"Of course war is terrible. I see brought in men, women and children who have been murdered by Spanish soldiers, whose fiendish deeds are too awful to describe. I saw last week the bodies of three beautiful little Cuban girls, aged eight and six and four years, respectively; of their mother, a woman about thirty, and of two old women, possibly sixty years of age, all in one heap with their throats cut."

"The war seems to be on women, children. When the Spanish meet a body of Cuban troops they scarcely wait to fight, but throw down their arms and run."

Had Dead of Robbers. SALT LAKE CITY, Utah, April 22.—A daring robbery took place at noon yesterday at Castle Gate, Utah, on the line of the Rio Grande Western railway.

E. J. Carpenter of this city, paymaster of the Pleasant Valley Coal company, went there yesterday morning with \$7,800 to pay off the men at the mine.

When near the company's office he was met by two mounted men heavily armed, who held him up, relieved him of his cash and then rode off in the direction of Helper.

The men cut the telegraph wires to prevent a call for assistance. Within half an hour a posse started in pursuit of the robbers.

The coal company has offered a reward of \$1,000 for the capture of the robbers and \$1,000 for the return of the money.

Charged With Murder. KANSAS CITY, Mo., April 22.—Dr. Jefferson D. Goldard, who shot and killed F. J. Jackson at the Woodland hotel, April 2, in a quarrel which grew out of Goldard's alleged attention to Jackson's wife, was yesterday indicted for murder in the first degree.

The date of his trial was not set.

Shot by His Own Son. TOLEDO, G., April 22.—Frank Hawk, Fannie Watkins and Jack Sage of Lima, O., were shot by Clinton Hawk, the son of Frank Hawk. The two men were sitting on the doorstep of the house of Fannie Watkins, a sporting woman. The son came up, and seeing his father there, drew a revolver and shot five times.

His father was struck in the side and is mortally wounded. Miss Watkins was shot through the head and in a serious condition. Sage was shot through the head. Young Hawk gave himself up.

GREEKS TAKE A TOUR.

A Desperate Battle Rages, but the Brave Hellesnes in.

ATHENS, April 21.—(Midnight.)—News has just reached here that the Greeks, after a desperate battle, have captured and burned Damasi. Viglia is still resisting.

Another division of the Greek troops, it is reported, has traversed the Reveni pass and captured three block houses. This division has almost reached Damasi, where it will effect a union with the force that captured the town.

The 20,000 troops under General Smolentis displayed the greatest bravery. Reveni lies twelve miles north of Larissa. Edhem Pasha, with a force variously estimated at from 10,000 to 14,000 troops, led seven assaults against it yesterday, but all were repulsed by the Greeks.

Crown Prince Constantine has telegraphed here that the Turks at that point were completely and finally repulsed. In Athens greater attention has been paid to the operations in the neighborhood of Reveni than to those at Milona pass.

The theory all along has been that if the Greeks could establish themselves at Damasi their raid would lie open to Elassona.

The exact situation at Tyrnovo is somewhat in doubt. The news from that point is conflicting. But there is no confirmation of the rumor that the place has been captured by the Turks.

What seems to have happened is that Tyrnovo was evacuated in order to send troops forward to Reveni and was then re-occupied by troops returning from Milouca.

A World's Record. SEATTLE, Wash., April 21.—M. M. Baker, a linotype operator in the office of the Post-Intelligencer, has made a new world's record for eight hours' machine composition, setting in that time 85,872 ems.

The feat was performed during ordinary working hours, in composition on a book now under publication in the office, from manuscript copy, and with no preliminary preparations.

Baker, who is an extraordinary rapid operator, simply made the announcement that he would beat the record and requested that a man be detailed to time and others to measure his string.

He started at the usual hour of composition, took an hour for lunch and made the record above in eight hours' actual work. The lowest for any single tour was 10,050 ems, the drop being due to technical terms. Baker learned to operate machines in this city.

The Luck of an Ex-Ionatic. SAN FRANCISCO, Cal., April 21.—The strangeness of truth has often been commented upon as exceeding the most fanciful flights of fiction.

An illustration is furnished in John Joseph Nouri, who has been crowned patriarch at the Chaldean patriarchal cathedral at Trichur Malabar, and is ruler over Syrian Chaldeans. Four years ago he was committed to the asylum for the insane at Napa, and there he remained until September, 1893, when he was restored to liberty.

When released from the asylum Nouri claimed to have been robbed of four medals studded with diamonds, valued at \$2,500, the gift of the Chaldean Greek church, of a negotiable note for \$2,500 and of his credentials.

Dr. Chalmers Easton believed in him and helped him in his journey eastward. Later on he displayed his knowledge of Greek, and in Washington, D. C., at the Smithsonian institute, translated the hieroglyphics on some tablets there with surprising ease.

He travelled on to London, and from there came, in 1889, the story that he intended to sue the United States government for \$5,000,000 damages for his ill-treatment while on his sojourn here.

Now comes the climax to the story in the letter from the Rev. H. Barrows declaring that John Joseph Nouri, the deposed king of the Chaldeans, has been restored, that his claims have been recognized and that the man who was booked as "unkempt and with the black luster eyes of a lunatic" is living in splendor in a Virgil palace in Trichur.

To Join Forces. ST. LOUIS, April 21.—There is a national movement on foot looking to the union of the Congregational and Christian denominations.

Some months ago in addition to steps taken in Ohio and the east, a union meeting of the ministers of the two bodies was held in St. Louis. This meeting resulted in a second held, at which three committees, composed in the main of prominent ministers, were appointed to consider suggestions made for co-operation in educational, evangelistic and benevolent purposes and to formulate plans to be considered at the next meeting.

Die in a Snowslide. BRIGHAM CITY, Utah, April 21.—A snowslide occurred Monday at the mines of the Consolidated Mining company, four miles north of Brigham City, resulting in the death of Fred Wolhaupter, Ed Maw and William Turne. David Russell and John Dalton were also snowed under by the slide, but were taken out alive.

New Agricultural College Captain. MANHATTAN, Kan., April 21.—Lieutenant Ralph Harrison, Fifth cavalry of Ft. Riley, is to be detailed as Captain Cavanaugh's successor at the State Agricultural college.

A Broken Rail Did It. KALISPELL, Mont., April 21.—At 5 o'clock Monday morning eastbound passenger train No. 4 on the Great Northern struck a broken rail nine miles east of Bear creek. The train was being pulled by two engines and as it struck the broken rail both locomotives broke loose from the train and were hurled down a steep embankment.

The helper was in charge of Elias Schutt and John Barr, fireman, and the regular engine with G. Smith and Arnold Hogan firemen.

ALL IN A PANIC

Sinking of a Greek Boat Arouses the Fear of People of Salonica.

GREEKS PREPARING FOR AN ATTACK

Fighting Going on All Along the Frontier—Inhabitants of Ellassona Fear the Greeks Will Take the Town.

SALONICA, April 20.—A Turkish torpedo boat has sunk the Greek steamer Athens in the Gulf of Salonica. A general panic prevails here. All vessels are prohibited from leaving the gulf. The Turks have seized the Greek steamer, Kecalpion.

Headquarters of the Turkish Army in Macedonia, Ellassona, April 19.—(Evening.)—The Turkish forces continue to hold the Milouca pass, though it is reported that the Greeks are advancing or making ready to advance to reoccupy the positions from which they were dislodged on Sunday. The two block houses have been strongly fortified, and it would take a powerful body of Greek troops to capture them.

Edhem Pasha has entrenched himself from all the heights from Papalyvada to Mechez and strong bodies of troops are stationed in the defiles between these two points. The inhabitants of Ellassona have left the town on mass and are pushing northward, many of them going on to Salonica. Evidently they fear that the Greeks will defeat the Turks and actually reach this place.

LONDON, April 20.—A dispatch to the Times from Ellassona says that fighting began at Janina on Sunday morning. There is no confirmation of the rumor that 12,000 Turks have occupied the fort at Pentepegardia on the road from Arta to Janina.

CANEA, April 20.—Placards have been posted here, at Candia and the other towns in the island allowing the Greeks a fortnight to quit Crete. This is regarded as a complete annulment of the proposed scheme of autonomy.

With a view of anticipating an attack by Colonel Vassos, fort Issidin, Suda island, and the entrance to Suda bay have been placed under the protection of the powers.

Spanish say They are Beating. HAVANA, April 20.—Colonel Aldea, with the Zavarro battalion and a detachment of local guerrillas, has been engaged in the woods near Jacas, province of Matanzas, with the remainder of the renituted insurgent forces commanded by Regina Alfonso, Cervantes and Benito Socorro. The troops captured the insurgent major, Alvarez.

Later the troops pursued the insurgents to the Cienega de Zapata, where, in another engagement, the insurgent captains, Fernando, San Abria and Julian San Abria, Sergeant Chavez and Lieutenant-Colonel Socorro were killed and several others were wounded and are believed to have since died.

In a skirmish between the Maria Cristina battalion and an insurgent force commanded by Aguilera the latter was killed with six of his men.

In numerous small skirmishes the insurgents recently lost forty-seven killed and ten prisoners and the troops lost two men killed and had twelve wounded.

Messrs. Cornelius Mall, Heron and Evan Evaros, American citizens, who have been imprisoned on the charge of disorderly conduct, have been placed at the disposal of Consul-General Lee.

There have been 621 deaths from smallpox at Guines from April 1, to April 15.

A demonstration has been held at Santa Clara, capital of the province of that name, to celebrate the pacification of that part of the country and to do honor to Captain-General Weyler. The mayor and aldermen presided over the demonstration. There was a large meeting of the inhabitants in front of General Weyler's residence. The latter, through his adjutant, returned his thanks for the ovation which he received.

A Warm Investigation. PITTSBURG, Pa., April 20.—Yesterday's session of the legislative committee appointed to investigate the condition of the miners in this region was devoted to hearing the side of the operators. W. H. DeArmitt was on the stand all day. He said the miners were getting 54 cents per ton and the men were paid for all coal mined. He created a sensation by asking that the officials of the united mine workers, whom he charged with being largely responsible for the condition of the miners, be investigated.

Late in the afternoon G. W. Schludenburg, general manager, and a stockholder in the F. L. Robbins Coal company, was called Mr. Schludenburg was a member of the sub-committee which worked among the operators in the Pan Handle district regarding uniformity and in the course of his testimony he stated that if Mr. DeArmitt branded as a liar the report of the committee, he as a member of that committee branded DeArmitt as a liar.

The two men approached each other in a threatening manner and the greatest excitement reigned for a time. Just before the close of the meeting Mr. DeArmitt in hot words assailed William Warner, secretary of the united mine workers.

To Vote on the Treaty. WASHINGTON, April 20.—The senate has agreed to vote on the arbitration treaty on the 5th of May at 4 p. m. There was no particular opposition made to fixing the time for a vote, although Senator Davis urged an earlier date. His first suggestion was for the 3d of May, and when objection was made, proposed the 4th and then the 5th, which met no opposition. It is understood that the opponents expect to have all their strength in the senate on that day.
