NOTICE TO SETTLERS.

The rules of the local land office have recently been amended so that settlers so make final proof shall settle with the publisher before sending in their application.

J. H. Bartell returned from Chadron Wednesday.

Our village commissioner is busy fixing up our streets this week.

J. H. Bartell took a trip to Chadron Monday last returning on Wednesday.

J. S. Dickenson and W. L. Ashbrook, of Bell this county, killed seven wolves last week in one of their hunts.

The County commissioners concluded their labors Monday, and left for home or their respective places of business.

For lack of space, we were unable to publish the "Woman's Corner" this week. It will appear next week.

E. A. Bigelow, moved the barn purchased of L. J. Simmonds out on his farm three or four miles from town yesterday.

A splendid shower visited this locality last Saturday, soaking the ground nicely. The chances for a hay crop this year are growing better every day.

One fare for the round trip within two hundred miles. Date of sale July 3rd void after the 6th.

W. E. POSTICE, Agent.

Hon. B. F. Johnson called at the JOURNAL office yesterday and left a 50c dollar to pay for the JOURNAL to be sent to his address for one year.

Mrs. L. C. Lewis, daughter of A. McWhinney went to Chadron Tuesday evening to have some dental work done. She will be in Chadron about one week.

It was reported in the Omaha papers that S. W. Carey of this county, had been indicted by the federal grand jury for cutting timber on government land.

Mrs. S. W. Windsor sister of Pat and Dan Slattery, who came down from Rapid City a couple of weeks ago on a visit has concluded to stay until after the 4th of July.

L. E. Dickenson, our genial harness maker sold his first new harness made up by himself to Will. Shepherd last Saturday. Mr. Shepherd was well pleased with it.

Egbert Rohrer was elected school director last Monday at the school election. Doubtless a better man could not have been chosen to fill this important position in our midst.

By a unanimous vote the resignation of Louis Gerlach was ordered thrown under the table, so he will continue to hold his position, the people of this town know what they want.

Mrs. Wallace, mother of John Stratton one of the city blacksmiths, went to Glen Monday to attend the annual Sunday School convention being held at that place this week.

FOUND.—On the streets of Harrison a new order drawn on the Commercial Bank in favor of Edward Rose executed by Peter Fawcett; amount of order \$1,000 dated May 5th, 1897.

W. O. FATTERSON.

One who has been kind enough to send the dogs of the town a little too much of a good thing, we don't know what it was, but some of them boys say are so mean. Our neighbor's dog that came under our house escaped in some very mysterious way.

Mr. John Marsteller had family left last night for an extended visit through his home staying at Chicago until after the 15th of July, when they will go to the city and have a good time, made by the musical orchestra.

We understand that James Hogle of Crawford who runs a saloon at that place is thinking of opening one in Harrison. We have got along very nicely since the other one closed, but we presume the boys are getting a little thirsty again.

Mr. M. J. Blewett and family accompanied by Mrs. Blewett's sister Miss Louise Lindeman, took an outing on Sunday night along the banks of Running Water. While on their way thither, they stopped at Henry Wardels, for dinner, after which the two families repaired to the fishing pond together. Mr. B. reports a fine time, bringing home about fifty fish, of course none of them were Whales.

G. A. Hester of the firm of Hester & Son lumber merchants of this place being of a mathematical turn of mind has figured out the cost of keeping up a two thousand dollar, twenty year policy, the premium being \$73.00 per year and the rate of interest at 10 per cent compounded for the entire twenty years will amount to \$4599.00, in round numbers. So that the insured must appropriate \$4,599.00 to the Insurance Company in order to draw out \$2,000 at the end of twenty years. If the above is true, its no wonder that the Insurance Companies are getting rich.
