Grimaud, a French anti-quary, and the house standing there, 17 Rue de la Lamproi, will be marked by a tablet. The shop was replaced by a tavern, and hat in its turn by a tennis court.

Try Allen's Foot-Ease. A powder to be shaken into the shoes. At this season your feet feel swollen and hot, and get tired easily.

Reflections of a Bachelor

The worst cynic in the world is defenseless against the love of a little child. No man can put his hand on his heart and say he loves his wife when he is breaking in a pair of new shoes.

FURS IN RUSSIA

Skins that Are Classed as "Cold Furs" in That Country. It seems a contradiction to speak of a "cold fur," but that is what the Russians style some of the wraps that we in America ignorantly consider warm enough for the coldest climate.

The kun is a fur that was used by royalty in the olden time and was the unit of currency. It is costly when dark, which is an essential in all furs that are to be used for large cloaks.

Stranger Changed His Mind. About a year ago Maj. McKim, ex-Congressman Butterworth and some other gentlemen were traveling together in the smoking compartment of a Pullman car.

HABITS OF SOME PRESIDENTS

Gen. Grant brought the camp into the White House, says Harper's Magazine. Mr. Hayes had lived in Washington as a representative at a hotel on a boarding house.

None of these men adopted the manners and customs of court life, with the exception of Mr. Arthur, who insisted that those with whom he came in contact should pay him a respect something more than the formal decent respect of good manners.
