E. Livemore president of the Sioux county Agricultural society is one of the busiest men in Harrison attending to the preparing and fixing up the displays brought in by the people of our county. Mr. Hood ordered the JOURNAL sent to him in the future.

The people of Sioux county should read in another column of the JOURNAL, the delinquent School Land notice, which we will publish for three consecutive issues. The sale or lease of these lands will take place on October 14th, at the front door of the court house in the village of Harrison. Hon. John V. Wolfe, commissioner of public lands and buildings will be here in person at that time to superintend the disposing of all the school lands in Sioux county, all who are interested in the leasing of these lands ought to bear in mind and be on hand at the appointed time. Do not forget the time of day and the day of the month.

Last Monday afternoon considerable excitement was caused on the streets in front of J. H. Bartell's place of business caused by a scrip between Ed. Plumb and Ira Thomas. It is said by those who were present that Mr. Plumb accused Ira Thomas of trying to get his (plumb) little boy into a fight with the little Noreisch boy who lives out in the country and happened to be in town at the time. It seems Mr. Thomas was coming from the depot about the time the two little boys were having their racket when Ed Plumb came out of the saloon and commenced to quarrel with Thomas which resulted in a fight, as the result of the racket between the two little boys, Plumb seemed to get the worst of it from start to finish. One thing is certain no man could utter viler imprecations on the streets than did that man Plumb and any man that was a gentleman, yes, or any part of one would be ashamed to ever be seen in the town again after using such unbecoming language. We do not know just what an officers duty is, but one thing we do know all decent and law-abiding citizens of our town would have backed an officer of the law in taking care of such fellows G. W. Hester informed us that he ordered the Sheriff to arrest the man but he declined, to do so without a warrant even though the man defied any man or officer of the law to take him. What reason the Sheriff could give for not taking the man is doubtless best known to himself. At any rate it is to be hoped that another such disgraceful scene may not take place on our streets soon.

Tales of the Turf.

Last Saturday afternoon a horse race took place on the circle half mile track north of town, between "Chiraman Jim" a horse owned by Sid. Williams over near Ardmore, and "Billy Truck" owned by Charles Stevenson of Crawford. The victor was Billy Truck; the stakes were \$7.00 besides small bets on the side. Monday morning another race was run by Billy Truck, and "Sleepy Jim" owned by James Ernest who lives south of town and another horse owned by John Tidd of Five Points called "Brown Jug," which resulted in "Billy Truck" taking the stakes again—\$10.00.

Col. K., a pacing horse owned by Bert Sunck of this place and Col. J. a trotter owned by J. H. Bartell, one of our merchants trotted a race at the fair half-mile track yesterday which resulted two best out of three bets in favor of Col. K. Time three minutes.

In the half mile race "Sleepy Jim" owned by J. W. Ernest carried off the honors, there being three horses in all competing.

The horse known as "Brown Jug" and owned by John Tidd of Five Points won first money in the quarter race and "Billy Noble" owned by Robert Keel of Warbonnet precinct won second money and "Silver Queen" owned by L. E. Dickinson, took third money.

Asad accident.

We are pained to have to chronicle the sad accident which befell William Francis while riding a race horse yesterday at the race tracks. The horse which the boy was riding flew the track and threw him off and in some way the horse hoof struck the boy in the head crushing his skull so badly that his life was almost despaired of. It was thought by a number of people on the grounds that the boy was killed instantly but they were happily disappointed however when the people got to him. The boy was picked up and taken home and Dr. Phiney was called to attend the poor unfortunate sufferer. At 9:00 o'clock last evening the boy was resting quite comfortable. The boy with his parents arrived a couple of days ago from Great Falls, Mont. by wagon and were intending to go to the Black Hills for the winter.

L. E. Dickinson, while riding his horse in one of the races yesterday afternoon was thrown violently to the ground and in the fall sustained a severe accident by having one of his hands badly smashed.

How To Find Out

Fill a bottle or common glass with urine and let it stand twenty-four hours, a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention THE SIOUX COUNTY JOURNAL and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

WOMAN'S COLUMN.

Edited by Mrs. Geo. D. Canon. Short articles from the ladies of Sioux county are solicited.

We were quite amused a day or two ago to read an article by a contemporary writer, whom we presume had read the article relating to bachelors, he presumed it was intended for David B. Hill of recent democratic fame. Such however is not the case, for we did not dream of personal and then too we presume the Hon. David B. Hill having gone into retirement at his famous haunt "Wolfereth's Roost" the probabilities are he will not see or read our article. We speak in general terms of bachelors and not personally of any one.

Heavy Tax on all Bachelors.

(Continued from last week.) woman's clubs are successful organizations all over the land. But the members do not enjoy life as men enjoy their clubs.

There is never a time when the club woman would not leave her club if the right man urged her to give him her society.

The right woman has urged the right man many times when the charms of the club were triumphant.

Therefore no matter to what independence woman may arrive in the matter of liberty of action she finds no such pleasure outside of home life as is by nature and custom open to man.

Since it is man's prerogative to decide the question of his own and of some woman's life in this important matter he who elects to be a bachelor ought to be ready and willing to pay a tax toward the support of single women.

Since he refuses to maintain one woman and receive the value of her affection and companionship in return let him aid in the support of many with no reward save his own self-respect.

Woman was intended by the Creator to be supported by men.

Everything in the organization of the two beings indicates that fact.

Man should earn money, woman should use it in the maintenance of the family.

Man should give gladly, woman receive gratefully.

The child-bearer should never be the wage-earner; and however the modern woman may disdain the ideas of being regarded merely as a child-bearer. We can never get around the fact that she was intended by nature to be the mother of man.

If bachelors deprive her of the privilege they should hasten to relieve her of a life of self-support or dependence in her old age.

Every sane-minded and healthy-bodied woman is entitled to three children. The world is maintained and society exists by the birth of children.

Bachelors who decline to become husbands and fathers should be taxed to supply what might be termed a "reparation fund." If single women refused to draw upon this fund it could be used in the support of homes for the aged or in the education of orphans.

The majority of single men in cities pay several hundred dollars a year in club dues. Of course the dues are but a small portion of the expense of club life. Any bachelor who is able to pay \$100 in club dues ought to be taxed \$25 per annum for the support of single women over forty years of age besides a separate tax for the "reparation fund."
