Last Friday night a surprise party was sprung on Chas. Biehls and wife it being their fifteenth anniversary. Before casting your vote for county superintendent of schools read White River broadens in this issue of the JOURNAL and see what kind of a story is going on down in the White River precinct which is said to have been started by the Republican candidate for superintendent. We will refrain from making any comment ourselves and let the voters and their own judgment.

Find sample ballot on another page of this paper. Also instructions to voters will be found at the bottom of the ballot.

Harrison is to have a brass band. John Stratton is building him a house in the rear of the blacksmith shop. Section foreman Blomberg was a pleasant visitor in our sanctum last Monday.

Mrs. B. F. Thomas returned from a month's in-laws, among relatives and friends.

B. F. Thomas left last week for Collins, Colo. He expects to be gone until December.

Mr. James Wright is building him a house close the home of his son Will Wright.

The dusky features of private Krowson is getting to be quite familiar on our streets.

There will be mass in Harrison on next Friday at ten o'clock sharp at the Harrison house.

Next Tuesday is election day. Be sure you vote for your and your families interests.

The hospital Steward and company were up from Ed. Robinson on last Monday as witnesses in the Krowson murder case.

John Warran and family have left for Iowa where they expect to make their future home. Mr. Warran will engage in the livery business.

Hon. G. W. Hester, sports a nice new buggy since receiving the nomination for County Judge. Well you ought to get out now and rustle votes like the rest of the candidates.

Lew Witt, who has been herding cattle for Eggert Rohwer all summer is back on our streets again looking as natural as ever. Now for a good time again this winter Lew, you have earned it.

N. L. Tipton has taken a claim about five or six miles north-west of town, and is now engaged in building a new house and barn. Charley Umphreom is helping him with the barn this week.

Fred Blomberg from Glen was in town Monday and did not forget to call at the office for a chat as he always does when in Harrison. Fred says White river will be all O. K. for the fusion ticket this fall as far as he can learn.

Monday afternoon a light rain fall took place and up till some time in the evening it turned into snow so that when morning dawned the ground was white with snow and about three inches deep. But the indication at this time seems to be for some better weather to follow.

Have you or I considered that were another month elapsed we will have spent Thanksgiving. Are we giving the matter sufficient reflection in order that we may return thanks for a few of the many favors and blessings received at the masters hand.

Bro. Davis would restrain us from saying anything to the voters of Sioux county yet he himself has been out working the voters with all his might and main which is perfectly right if he sees fit and we having no objections to offer if done in an honorable way; and the rule will apply to every candidate no matter what party they affiliate with.

Don't let any man who professes to have espoused the cause of "free silver" don't I repeat let him for a moment deceive himself if he does not vote for ALL and not scratch any one. Have you ever noticed that the gold standard republicans always vote for the nominees of their convention no matter who or what they are. Friends let us do likewise our men on the silver ticket are men whose ability integrity and honesty cannot be questioned, let us give to each and every one of the candidates our heartiest support.

We hope every voter in Sioux county who favor reform principles and are opposed to "government by injunction" and the robbing of the public treasury, and the single gold standard will vote the fusion ticket from top to bottom do not let an opportunity pass to maintain the honor dignity and credit of the state. Will the people like the "sow return to its wallow" again? No never continue the good work as well begun last fall, when almost all the hoodlum and thieving gang were routed from high places of trust in Nebraska.

The case of Nebraska vs George Krowson for the murder of Harrison Williams at Ft. Robinson on the last day of November, which was heard before his Honor Judge Wilson last Monday afternoon was dismissed for want of sufficient testimony to bind the prisoner over to the District court. The state had but one witness of any importance whatever and his testimony was altogether circumstantial, hence, the state could do nothing. At any rate Sioux county will save several thousand dollars by not having to prosecute the case. The prisoner was glad enough to regain his liberty and went back to the Fort happy. We understand he will not be punished by the military authorities.

A Card of Thanks We desire to thank the kind friends and neighbors who so faithfully assisted us in caring for our beloved wife and mother in her last sickness and death. Patrick Lacy. Mrs. Jennie Bourret. Pat Lacy. J. H. Lacy. G. M. Lacy. Herbert Lacy

White river breezes. Mr. Crawford who was shot near Glen a few days ago is getting along nicely and is so as to be out again.

There will be a side track put in at Glen in a few days, the grading has been done several days the track is expected to be laid as soon as the rest of the material arrives.

Rev. Sloan preached at our church last Sunday both morning and evening.

It has come to our ears that the republican nominee for County Superintendent has revived the old talk about the White river girls who attended Institute last July, for political purposes. If this be so I wish to say that he has no grounds whatever for making assertions that he has. We have refrained from saying anything about this matter thus far, knowing that the White river girls have never been mixed up in anything unbecoming to any lady while they were in Harrison or in fact any other place, but we do not propose to forever keep quiet and allow such talk to go on without any foundation whatever. We wonder if this fellow should be elected if this fellow ever expect lady teacher to apply to him for a certificate after his circulating such stories as we understand he has. I am going to ask the teachers and also the voters of Sioux county if they want that kind of a superintendent for the next two years? methinks I hear them answer no: we want one who will work for the interests of all teachers and schools, a benefactor to all and favored of none. CAP.

Tidings From Pleasant Ridge. J. J. Zumbrommen has been assisting D. M. Sutton in putting up a windmill on his claim.

Potato digging and wood hauling seem to be the chief business among our people just now.

J. H. Newlin made a trip to Gilchrist last week and brought back a load of household goods that he left there a year ago.

Mrs. E. Sutton contemplates a trip to Texas this fall to visit her daughter and will likely spend the winter there. We think this visit will be very pleasant for Grandma, as her health was very poor last winter, and is not very strong now, and that warm genial climate will surely prove beneficial to her health.

Mrs. Bartell was a very pleasant and welcome visitor among her many friends on the Ridge last week. She drove to the Ridge with several little children in her independent way, which was doubtless no little trouble, we think others could be as sociable with less effort perhaps. James Wright recently completed a building for Philip Freeze and returned home. Now he is expecting to begin a house for A. Christian on his timber claim near the school house. The building will be occupied by J. H. Newlin and family.

Mr. Wright has been in our midst so long that he has almost gained his citizenship. He surely would be a worthy addition to our community if he should decide to locate. CLO.
