OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Cannon, - - - Editor.

Entered at the Harrison post office as second class matter.

Every voter should study the monetary system of our country during the next twelve months, so when the next congressional election takes place they will be able to decide intelligently how to cast their vote. Take nobody's word for it but study the matter for yourself.

Notwithstanding the desire of the administration and that of the secretary of the treasury Luman J. Gage, they will be unable to retire the greenbacks and treasury notes this winter, and establish in their stead national bank notes and thus further fasten the gold standard on the people of the United States, as the silver party are in the majority in the forthcoming congress.

Miss Jessie Lincoln daughter of Robt. T. Lincoln of Chicago, ex-minister to the Court of St James, eloped with a meter inspector a Mr. Beckwith on the 19th inst. The young couple went to Milwaukee the modern metropolis of trial lovers, and there had their grief assuaged by being made one. But now papa Lincoln refuses to become reconciled to existing affairs. Love laughs at lock-smiths.

Durant the murderer of Blanch Lamont in San Francisco, about two years ago was refused a new trial by the supreme court two weeks ago, and was resented to hang on the 19th inst. but the state supreme court was obliged to grant a respite of sixty days, as the federal law grants a condemned criminal that much time before sentence can be executed. Hence Durant has secured another new lease of life.

England gave the bi-metallic commission appointed by President McKinley fast winter to understand quite emphatically that she had no use for bi-metalism. It was but a part of the republican farce i. e. that is the administration. No doubt that the gentlemen who composed the commission were sincere, but all the acts connected with the administration before and after the commission indicates the fact that it was.

Watch president McKinley's message to congress in December and see how he favors the national banks. You know he is committed to the single gold standard because he, in his message to congress last June, after the passage of the Langley bill, advocated the Indianapolis monetary conference plan, and that is absolute in its demands for the British monetary system. Everybody knows what Mr. Gage is; he naturally reflects the sentiment of his superior.

Bradstreet presents some pretty interesting figures concerning the production of gold and silver by all the nations of the world. It is interesting from the fact, that during the calendar year of 1896, the silver product of the world in its coinage value at the ratio of 16 to 1 is \$215, 204, 700, and during the same year the world's production of gold in coinage value, was \$205,396,000. The excess of \$10,807,700 nearly scares the gold people to death. Yet if all the gold and silver in the world today were coined into dollars it would not increase the per capita amount \$5.00, and that is using everything mined in the way of gold and silver leaving nothing to be used in the arts. But it is estimated that at one third of the world's production at least is used in manufacturing and arts, which reduces the coinage value down to \$4,000. Now then one of the great howls of the gold people is, that the United States would become the dumping ground of the world. They never say any thing about our own country producing 70 per cent of the silver of the world and that the South American countries produce from 10 to 15 per cent of the other 30 per cent and if this is so and we must rely on government statistics, the foreign countries haven't half. No not one quarter of what they want themselves at home. All the silver coined in to American dollars, produced in 1896 would make a trifle more than \$3.00 per capita. Will free and unlimited coinage hurt the United States? Think of it, fellow voters study the question; be your own Judge.

Senator William E. Chandler of New Hampshire, has sounded a note of warning to the republican party; he says: "if the republican party does not change its course William J. Bryan will be elected president of the United States in 1900."

Every indication points to the election of Gov. Bushnell as U. S. Senator from Ohio to succeed Marcos Aurelius Hanna, McKinley's boss. Just watch the result and see how near we have come to the truth.

Not a few of the republican leaders and some of the country newspapers claim where Hon. W. J. Bryan had made a thorough campaign they had made wonderful gains for their party. They should offer special inducements to keep him in the field every campaign year.

The New York World requests that every man who voted for the late Henry George when a candidate in 1886, or for Hon. J. W. Bryan in 1896 to send 10c to assist in building a monument to the memory of the martyred Henry George. How many will contribute that amount from Sioux county for the cause?

Post Master General Garvey in his report to congress lays much stress on the adoption of postal savings banks which, in our opinion is just the thing. But, what makes it look so singular to us is, that the republicans are beginning to embrace those crank and anarchistic ideas as they have termed them. But yet, when you stop to think the matter over it is plain to a casual observer; the party see the hand writing on the wall. Theories, advocated by the reform forces are gradually coming to the front more every succeeding year.

For a dollar bill The Semi-Weekly State Journal will be sent from now until January 1, 1899. A good, long time to get two big papers every week with all the news of the whole world; all the state news and in fact more news and general reading matter than you get in any other state paper. The Journal is spending money and effort in writing up the interests of Nebraska and setting our state's advantages before the people of the whole country. Nebraska's prosperity will bring thousands of farm buyers to our state. You should read The Journal which is not an Omaha paper or a Lincoln paper, but a state paper in its truest sense. "What will be for the best interest of Nebraskans?" is the first question asked by The Journal when called upon to decide. Every Nebraskan should do his best to keep The State Journal before the people and that best means by sending in One Dollar which will pay for the paper to January, 1899. After you read it send it to your friends in the east and let them see what great things we are doing in Nebraska. Send in your dollar to The State Journal Lincoln, Neb. The sooner you send, the more papers you will get for your money.

How To Find Out
Fill a bottle or common glass with urine and let it stand twenty-four hours, a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, cures every ailment in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and yet extraordinary effect of Swamp Root is such that it stands the highest for the wonderful cures of the most distressing cases. If you need a medicine you should have the best. Get the original, genuine Swamp Root. Mention THE SIOUX COUNTY JOURNAL and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
