Every indication points to the independence of suffering Cuba in the near future.

Speaker Reed, secretary Gage and the president will vie with each other in order to prevent the Teller resolution from passing the lower house of congress.

If you wish to know how the republicans stand for the gold standard, read the vote on the final passage of the Teller resolution which will be found in another column of this paper.

The republican administration is making history which will ultimately floor the party for all time. The tariff Cuban and monetary policy are sufficient to destroy any party's usefulness.

The republicans in congress have succeeded in preventing a favorable report on the Teller resolution which came before that house on the 29 inst. Senator Hanna and Czar Reed are running things their own way this winter.

Mark Hanna who was elected by purchased votes and bribery, was given a night's lodging in the White house on his return to Washington from his senatorial contest in Ohio which was to show the appreciation of president McKinley for Mark's cuteness in politics.

Senator Linsley of Kentucky improved the golden opportunity to climb onto the free silver band-wagon as it passed along, by voting for the Teller resolution when it came up for final passage in the U. S. Senate a week ago today.

The republican papers all over the country have been making a great deal of noise about a certain article that appeared in the New York Journal some two weeks ago, which made it appear that the Journal had no more use for W. J. Bryan or the Bryan Democrats.

As to the position of the Journal on the subject of Mr. Bryan, the matter is simplicity itself. The Journal supported Mr. Bryan in 1896 because he was the regular nominee of the Democratic national convention. It will support him in 1900, or anybody else who may occupy the same position.

The Newspaper Press of Nebraska, certainly owe to Gilbert M. Hitchcock, president of the World-Herald Publishing Company of Omaha, their lasting gratitude for the part he played in the Judge Keyser injunction case to maintain free speech and a free press in the state, and to permit publishers to advertise their own business.

If a nation is to endure, the public press and free speech, should not be abridged or muzzled.

It looks as if the New York World was making a great deal of fuss over the acts of the republican administration, after doing all in its power to elect president McKinley in the 1896 campaign.

Considerable indignation has been aroused by the remarks of the presiding officer of the Ohio Liqueur league, who in calling the league to order made a remarkable speech in which he said:

It will appear from these facts, gentlemen, that the success of our business is depending largely upon the creation of appetite for drink. Men who drink liquor, like others, will die, and if there is no new appetite created our counters will be empty, as will be our coffers. Our children will go hungry or we must change our business to that of some other more remunerative. The field for the creation of this appetite is not among men after they have grown and their habits are formed they rarely, if ever, change in this regard. It will be needful, therefore missionary work be done among the boys, and I make the suggestion, gentle-

men, that nickles expended in treats to the boys now return in dollars to your tills after the appetite has been formed. Above things create appetite.

The following is the vote on the Teller Resolutions as taken in the U. S. Senate Jan 27, showing who favored bi-metalism and who favored gold monometal-

Table with columns for names and votes. Includes names like Jones, Pettus, Kenney, Pritchard, Kyle, Rawlins, etc.

There was no demonstration on the announcement, and at 7 p. m., on motion of Mr. Allison, the Senate adjourned till Monday.

The exposer is complete, and the money has been shown. Yesterday \$1,750 in crisp bills were laid on the table of the Senate investigating committee by the gentleman who received it from General Boyce, M. A. Hanna's agent, for the vote of John C. Otis.

The testimony of both gentlemen made a deep impression, and it leads to the final conviction of the truth of what the Hanna people call a "conspiracy" and a "flimsy fabrication" in the same breath.

The situation is certainly an extraordinary one of Senator James Garfield, who declared that he would leave Hanna if he were shown to be corrupt. Since that expression of opinion he has declared that he does not believe the charges of bribery. Yesterday he refused to remain to hear the testimony of Colonel Campbell. It might almost be suspected from Senator Garfield's demeanor at the recent hearings that he fears he will be compelled to believe the charges.

WELL WORTH READING.

Something in This Column That Will Interest Every Body.

Gold Standard Panle in Japan. Now comes the distressing wail from Japan that a gold standard panic is settling in. The Yomiuri, one of the leading Japanese papers, says: "The financial panic which occurred in Osaka is only the first of the disasters that will follow the adoption by Japan of the gold standard."

Sound Money. "Sound" money is money which never reaches the channel of trade without paying several interests to Shylock on the way. No money is sound but what pays interests, and the larger the interests the "sounder" the money.—Facts (Denver, Colo.)

Wages And Dividends. The following throws a side light on the recent reduction in the wages of the New England cotton mill operatives: Mr. Ross said a strike was certainly eminent from the sentiment of the operatives, and in view of the fact that the mills here, after paying an extra dividend, now make a horizontal reduction of 11-14 per cent."

Good Logic. Some newspapers claim we ought to annex the Hawaiian Islands because Americans have thirty million dollars invested there. Well, that is good logic. The United States ought to be annexed to England because the British have over fifteen billion dollars invested here.—Bricklayers' Journal.

Queer. "Men in this nineteenth century," says Mayor Jones of Toledo, "are to-day without any other alternative than to steal or starve. I meet them every day. They are good men. Just as good as most of the pious men of the city, but they are unfortunate. They are not to blame. We must wipe out the present social condition of things and have installed into us that to love all men is the highest type of patriotism."

Mayor Jones Says. There is really prosperity among the steel workers making cannon. Queer, too, would be wrong for the government to employ workers to produce the necessities of life.—Appeal to reason.

Mistakes Of The Printers. Found on The Editors' Round Table. An eastern newspaper in describing the journey of the Tunisian embassy from Leghorn to Paris, said: "They went through Mount Sains," meaning Mount Cenis. A polish newspaper once started this world by publishing the telegram that "the state of Italy was pregnant with a lamb," when the correct reading should have read "Pregnant with alarm."

Some years ago the Philadelphia Post published this erratum: "In our last issue a biography of Newton was said to contain this: 'Yes the immortal Newton lived just like other men.' It should have read 'The immortal Newton.'"

A New York editor who wrote an obituary on the death of a man of some celebrity said: "He began life as a legal practitioner, but was diverted from it by a love of letters." He did not see the proof and was confronted the next morning by this: "He began life as a legal politician, but he was diverted from it by a love of bitters."

A convivial host once offered a toast to a woman at a dinner party. He said: "Woman—man without her would be a savage." When the words appeared in print the next day they read: "Woman—without her man would be a sausage."

In the beginning of the present century Dr. Kunze, a prominent Lutheran minister of New York, wrote a communication on a vexed chronological question. He spoke of the Gregorian style and mentioned Pope Gregory. The learned doctor went to the editor and requested an erratum to specify, instead of Tom Gregory, Pope Gregory. The correction was made to pope "Pope Tom Gregory." The Doctor made another attempt, with the result, "Tom Gregory, the pope." Fearing to lose his reputation on the subject, the doctor submitted to the inevitable and asked for no further corrections.

How To Find Out. Fill a bottle or common glass with urine and let it stand twenty-four hours. A sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention THE SIOUX COUNTY JOURNAL and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

A \$2,000 Word! This paper announces, in connection with The Atlanta Weekly Constitution, a new offer in which everyone may have a chance to supply the missing word in this sentence:

"AT FIRST IT WAS CONSIDERED BY THE ' ' AS A GOOD OMEN."

The sentence is taken from a well-known publication. The word is a familiar one, and it may readily suggest itself. Contest Began Jan. 1--Ends March 1, '98

TO ENTER THIS CONTEST YOU MUST SUBSCRIBE FOR THE SIOUX COUNTY JOURNAL, IN CONNECTION WITH THE SIOUX COUNTY JOURNAL, AT THE EXTREMELY LOW PRICE OF \$1.75

In connection with this Clubbing Rate, we will, if you send your guess with the subscription price, forward all for you and thus GIVE YOU A CHANCE AT THE MISSING WORD FUND

At the end of period covered by this contest The Constitution will pay out to the successful party or parties the full prize amount that has accrued in the contest. The plan is simple and these contests have become so popular and have been conducted with such absolute fairness to all that they have been widely copied after, but none have become equal to The Constitution's great original series.

IN ONE YEAR THE CONSTITUTION HAS PAID OUT NEARLY \$6,000 IN CASH in these missing word contests. It sets aside 10 per cent of the subscription fund received from subscribers guessing at the missing word, and this fund is given to the successful guesser or guessers in the contest. The fund is distributed with absolute fairness, and the fact that The Weekly Constitution has MORE THAN 150,000 subscribers and that it puts aside 10 per cent from all guessers' subscriptions for this distribution fund shows that the amount to be divided at each interval is large enough to be worth striving for. It is not a catch-penny of a deceitful proposition, but the plan is open and simple and IS ADMITTED to the public by the Post Office Department as a meritorious contest.

In one of these contests there was only one successful guesser, who received more than \$1,000; and in addition to this in one year \$6,000 has been distributed among successful guessers. Remember that, whether the missing word is supplied or not, it costs nothing to guess, and even though not successful, the guesser gets THE GREATEST OF ALL WEEKLY NEWSPAPERS FOR ONE YEAR

Keep that in view and send your guess with your clubbing subscription for your home paper and The Weekly Constitution. Should you already be a subscriber to your home paper, remit \$1 to this paper for The Weekly Constitution for one year, and it will be forwarded to The Constitution with your guess.

The Constitution guarantees that the amount of the award will not be less than \$500 in cash, and it may be as much as \$2,000. THE WEEKLY CONSTITUTION IS THE GREATEST WEEKLY NEWSPAPER IN THE WORLD. It is a TWELVE-PAGE, SEVEN-COLUMNS-TO-THE-PAGE NEWSPAPER, containing EIGHTY-FOUR COLUMNS every week. It has no equal as a Weekly Newspaper in America; its news reports cover the world, and its correspondents and agents are to be found in almost every backwater of the Southern and Western States.

AN MAGAZINE prints more matter than is ordinarily found in any magazine in the country. AS AN EDUCATOR it is a schoolhouse in itself; a year's reading of The Constitution is a liberal education. ITS SPECIAL FEATURES commend it especially to every farm home in America. ITS FARM AND FARMERS' DEPARTMENT, its Woman's Department and its Children's Department are all under able direction, and are especially attractive to those in whose departments are addressed. The Constitution is Democratic in Politics, and it is a hearty advocate of the principles enunciated in the National Platform of the Party.

THE FOLLOWING ARE THE CONDITIONS OF THE CONTEST Ten Per Cent of the Guessers' Subscriptions goes to the Fund to be divided. In other words if this Subscription Fund amounts to \$20,000 for this period then the fund to go to the successful guesser would be \$2,000.
