VOL. X

HARRISON, NEBRASKA, THURSDAY, FEB. 10, 1898.

NO. 29.

The Sioux County Journal.

(ESTABLISHED 1888.)

Subscription Price, \$1.00

OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.

Congress shall have power to coin money and regulate the value thereof.—From *The Federal Constitution*.

Congress alone has power to coin and issue money, and President Jackson declared that this power could not be delegated to corporations or individuals.—A Paragraph From *The National Platform Democratic Convention of 1896*.

Nearly everything is now under the control of trust companies and monopolists.

Spain has given president McKinley notice, personally to keep his hands off Cuba.

Pure gold is to be used to plate the stair-way to be built in the new house of George Gould at Lakewood, N. J.

Thirty trusts formed in sixty days, under the fostering Dingley tariff law and the republican party to back them up.

The Dryfeus case in France is receiving a great deal of attention of late, and may be the means of disrupting the government.

Germany, France, Russia and England are still working their foreign policy, trying to gobble up a part of the Chinese Empire.

The deficit in the revenues of the federal government caused as a result of the Dingley tariff law for seven months is \$51,901,828, a little over seven million a month.

The Chadron Recorder was struck with a huge wave of McKinley prosperity, last Wednesday, when the sheriff of Dawson county levied on the Recorder office and its contents.

The middle-of-the-road populists of Ohio ought to feel proud of the part they played in helping to make it possible for Senator Hanna's election in the legislature of that state.

The three reform forces in Nebraska—in fact through-out the nation—should unite in order to defeat the common enemy of all, the republican party, who are committed to the gold standard, trusts and corporations.

A Klondyke is said to have been discovered in the Black Hills S. D. If some one could discover one in this state, then we would be in it, but if you will notice the Klondykes are discovered a long ways from home.

Sheriff Martin who has murdered over a score of men at Lattimer Pen., six months ago by ordering 70 or 80 deputies to shoot into a crowd of miners marching along the public highway, is being tried in court in that state for his life.

Now comes the news of a mammoth trust just formed in New York city to control the entire bakery concerns throughout the United States. According to dispatches 90 per cent. of all bakeries have been swallowed up by this new friend of the poor.

The Dingley tariff wall has been made so high that Germany has begun to retaliate against our produce entering their ports. A foreign market is what we want for our surplus products, but the Dingley tariff law is doing all possible to cut off our foreign market.

The demo-pop administration of Nebraska, has, during the past year reduced the states public debt over a half a million dollars, while some of the former republican administrations have run behind, stolen or squandered that much. People should ponder over these matters seriously.

B. B. Nickman of Logansport, Ind., has discovered a new light, which is destined to revolutionize the country. The discovery becomes important from the fact that, the new light will be so much cheaper than the ordinary oil lamps; gives a whiter light; will not explode; and will not ignite flammable material; and the light is generated from the air we breathe acting upon certain chemicals.

The following is a sample of how the republicans feel in the fourth (Ind.) congressional district, in regard to the gold standard, and no doubt foretells what the republicans at a convention of Indiana will do in regard to the monetary plank which will be embodied in their platform:

GREENSBURG, Ind., Feb. 1.—The Republican Congressional convention of the Fourth Indiana District to-day declared in favor of the single gold standard.

Senator Thurston, in a speech delivered before the Union League Club at Baltimore, last week, admits openly and above board that the political combines, jugglers, trusts, monopolists, which used to infest the ranks of the Democrat party, had been forced into the republican ranks; and that they had come without solicitation, which verifies the old adage "birds of a feather will flock together". If ever a man told the truth in his life, it was when the Senator made the statement at the Union League banquet at Baltimore.

It is true the democratic party purged themselves of that class of oppressors at the Chicago Convention in 1896. They were such men as Ex-Senator Bruce Caffery, Smith; W. C. Whitney Ex-governor Flower, Don M. Dickenson John G. Carlisle David B. Hill and last but not least that old Political bossie, Grover Cleveland and others to numerous to mention. And it is good riddance to bad rubbish.

Nebraska's Junior Senator

SEES POLITICAL DANGER AHEAD.

He practically admits that the next Congress will be fast to the Republican Party.

Baltimore, Feb. 2.—Senator Thurston speaker at the Union League club to night expressed himself in part as follows:

No man is worthy to be trusted with place or power who disregards the dangers of any hour or of any situation.

No man is true to the responsibilities of place or power who conceals them from the people. I believe this Republican party is in danger of losing the next congress, and so believing it were cowardly on my part not to say so.

The allied forces of free silver, socialism lawlessness and anarchy are endeavoring to so falsely state the premises and frame the issues as to array every man without a dollar against every man with a dollar.

"It was a feature of the last campaign that capital in every form, alarmed by the threatened disasters and danger of free and unlimited coinage at the forced ratio of 16 to 1 by this nation alone, rushed to the support of the Republican party.

"It happened thereby that the financial jugglers and manipulators, and the great trusts and combines that had always been with and of the Democratic party, were forced into the Republican ranks. These unhealthy and dangerous devil-fishes of the financial world did not come to the Republican party by invitation or request.

"The Republican party is the party of law and order, of honesty and fair dealing; it will and it must no more tolerate the unlawful and indefensible exactions of monopolies and trusts than it would the unlawful deprecations and reprisals of the mob.

"I am in favor of giving the country a rest from threatened financial legislation and in my judgement the man who under existing condition seeks, to force gold resolutions through the House of Representatives is no less politically unwise than the man who forces a silver resolution through the Senate."

Mr. Thurston criticized the Administration for not recognizing the belligerents of the Cubans "at a time when the barbarous administration of Weyler would have justified our action before the civilized world."

"I cannot refrain," he said, "from expressing my solemn conviction that further Spanish dominion in the island of Cuba is a blot upon the civilization of this enlightened age."

Concerning the Hawaiian annexation treaty, Senator Thurston said: "The idea that any other nation of the earth or that the allied nations of Europe will ever attempt an invasion or conquest of the United States is the merest folly."

Wise advice is given on "The Mother in Law in the Home" in the February *Ladies Home Journal*. The writer details the proper course for the mother-in-law to pursue in order to make her presence in the home of her son a delight, and directs the daughter-in-law as to her duties in the case. The advice carefully followed will make the mother-in-law a welcome acquisition to the family. The article will commend itself for its common-sense.

Crawford Bank will pay out.

Crawford, Neb., Feb. 5.—The State bank failed to open its doors yesterday. Francis C. Grable, the promoter, is president of the bank. Bank Examiner Good arrived this morning. Assistant Cashier Hobson says there is no cause for alarm, and that depositors will be paid in full.

F. C. Grable, president of the bank, is owner of one-half the shares. The bank is capitalized for \$10,000, and its last statement showed loans and discounts of \$35,000 and deposits of about \$400,000.

WELL WORTH READING.

Something in This Column That Will Interest Every Body.

Sequel to Fatal Charvari.

Milan, Mo., Feb. 5.—The Glass murder trial has been terminated here by the jury returning a verdict of murder in the fourth degree and fixing the punishment at five months in the county jail, and a fine of \$400. Glass, a young farmer, was visited on the night of his marriage by a charvari party and, without provocation, fired into the party, killing Roy Fear, a boy.

Postal Congress.

Sixty-eight years ago, when the postal rate for the transmission of one letter was 25 cents for 400 miles, a former postmaster reports that he had at different times received as a just equivalent for this service, either two bushels of oats, five dozen eggs, four pounds of butter, three bushels of wheat or one and a third pounds of common wool. It is easy to compare the progress which the postoffice has since made under government direction.

Money Orders.

During the fiscal year ending June 30, 1870, money orders to the amount of \$14,054,184 were issued by the United States government. Last year the amount was \$174,482,676. The excess of receipts over expenses paid from proceeds was \$790,230. Since the commencement of the system in 1865 money orders to the amount of \$2,974,847,886 have been issued. As during that time only \$2,971,843,330 have been repaid, it is suggested that the balance of \$3,004,556 due by the government to the people is in part deposits made by the people with the government by those who prefer the government to banks or stores as a place of safety deposit.—New Time.

Defending Wholesale Murder.

The comments of the corporation press on the Hazleton murders simply reflect the private conversation of those who have amassed wealth by fattening on the toil of others. I have heard a score of men declare that it made no difference whether the marching miners were rioting or not, that "it is a good plan to shoot down a few of them now and then so as to teach the others a lesson." It is not unfair to state that this sentiment is endorsed by thousands of men, who, on other questions, are rational, humane and logical. Why this thirst for blood? What good does it do to slaughter a crowd of ignorant, imported workmen? When did it become a capital crime to peacefully march on a public highway behind an American flag? The faction which attempts to shoot down all of the deceived, defrauded, hungry and unemployed wage-workers of America has undertaken a task which will be fraught with many difficulties.

How To Find Out

Fill a bottle or common glass with urine and let it stand twenty-four hours, a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention THE SIOUX COUNTY JOURNAL and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

SYPHILIS The worst form of venereal disease. It is cured by the use of the "Kilmer's Swamp Root" medicine. Sold by all druggists. Price 50 cents per bottle. Sent by mail on receipt of 10 cents. Address: Dr. Kilmer & Co., Binghamton, N. Y.

Some Plain Facts.

Grave errors, injustice, wrongs of greater or less degree, arise from lack of knowledge of the truth, and more frequently from deception.

The most infamous case on record of deception and injustice is the attempt to demonetize silver as a money of final redemption in the United States.

There is no learned judge, skilled lawyer, or court of justice that is capable of reconciling the effort with the constitutional laws that govern the issue of money in this country.

The people have been deceived, officials in power, chosen to administer justice under the laws, have ignored their sworn duty, and given aid to the scheme that has paralyzed industry, reduced property values one-half, and beggared millions.

There is no authority of law, either specific or by inference, by which gold alone is made the only money with which to discharge debts, either public or private. The effort to make it so is unconstitutional and a national calamity.

Plain and ample information, facts, and truth, concerning this almost successful scheme to corner the wealth of the people, is now being printed in the Cincinnati Enquirer, a newspaper which the combined power of money has failed to muzzle or buy.

The Weekly Enquirer is only 75c a year. The address is Enquirer Company, Cincinnati, O.

Trees and Plants.

General Assortment of Nursery Stock.

Best varieties for Nebraska. Millions of Strawberry and Raspberry Plants at wholesale and retail. Our plants have been irrigated when needed it therefore very thrifty and deep rooted. Buy the best near home preventing loss by delay and saving extra freight or express from eastern points.

Write for price list to NORTH BEND NURSERIES, North Bend, Dodge Co., Neb.

STOCK BRANDS.

THE JOURNAL will publish your brand, like the following, for \$2.00 per year. Each additional brand 75 cents. Every farmer or ranchman in Sioux and adjoining counties should advertise their brands in THE JOURNAL as it circulates all over the state. It may be the means of saving money for you.

FRANK NUTTO.
On left side of cattle and on left shoulder of horses.
Range on Antelope creek
P. O., Galesburg, Sioux Co., Neb.
