OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Cannon, - - - Editor.

Entered at the Harrison post office as second class matter.

No other nation has been insulted and trampled on like ours for the last 30 years.

President McManis says no war, Hanna is the president's back-bone, see? Keep your eye on Hanna and Walcott.

Embezzlement of state funds has become a legitimate and honorable business. The state supreme court has decided Eugene Moore, ex-state auditor is not guilty. Now, to turn ex-treasurer Bartley loose will be the next move.

Up to going to press to day at noon, the accident theory of the battle ship Maine blown up in Havana harbor on the 15th inst, is not established. Spain should be made to smart at once, and soon as the army can be put in readiness.

Senators Lindsey of Kentucky, and Murphy of New York have both been censured by their respective legislatures. Mr. Lindsey, for not advocating bi-metalism and Mr. Murphy for supporting the Teller resolution, showing how far legislative bodies will go in making a spectacle of themselves.

Senator Mason remarked in congress recently, that the people had lost confidence in the present administration of the navy department, which made Senator Wolcott blush and come at once to the defense of our navy department. Why did he blush? because the old adage was then verified, a "guilty conscience is the worst accuser."

Miss Francis E. Willard, the world's greatest temperance woman and worker, died last Friday morning in New York city. The direct cause of her death was attributed to la grippe, and not a cancer as was reported by some of the daily papers, so says her physician. No matter what the cause was which resulted in her death, Miss Willard has done more for the cause of temperance perhaps than any other woman in the world and the sad news of her demise will be received by the christian nations of the world with sorrow. But her work has been well done and she has been called to a higher life by the Master, "who doeth all things well," and who says, all things shall work well together to them that love the Lord."

Charles A. Towne, chairman of the National silver republican committee, Senator Jones chairman, Democratic national committee, and Senator Marion Butler, chairman People's Party national committee have issued an address to their respective parties, advising them to unite again in this fall's campaign against the common enemy, the single gold standard republican party. But advise the three parties to maintain their party organizations.

This in our opinion is what ought to be done if we expect to accomplish anything in the way of the remonetization of silver and other reforms just as important to the American people. In union there is strength, and the difference in the principles advocated by the three reform parties do not warrant them in going it alone. All three parties are agreed on the principle essentials of what will subserve the people's best interests, and we hope to see them hold together and fight for the common good of the people of the nation.

There is one commendable feature of justice as carried out in the old countries, which our courts of justice should emulate; and that is, when a criminal is once apprehended, a short time elapses until the culprit is punished for the crime committed. For instance, take the case of Lord Neville, who was guilty of forgery and obtained money under false pretences; was arrested tried and found guilty, and sentenced in less than two months after the charges were made. In this country hundreds of thousands of dollars may be stolen, forgeries committed and so, and in many cases the criminals are permitted to go scot free, while others who are punished are given but slight sentences. A good representation of this statement is the case of Eugene Moore, who was tried and convicted for embezzling state money to the extent of several thousand dollars, has now been turned loose by our state supreme court. What rapid progress we are making as a civilizing and christianizing nation.

Secretary Sherman is one of the back numbers now-a-days. He is a figure-head, that is all.

Democrats, Populists and Silver Republicans, all advocated the national income tax law; perhaps the most righteous law ever enacted, which was declared unconstitutional by a supreme court nominated and influenced by the money power of the United States in our opinion.

The Republican administration should issue a proclamation to the people to have confidence in its foreign policy and everything will come out all right. But of course something would have to be done with that anarchistic crank from Illinois—Senator Mason—to insure peaceful tranquility.

If senator Mason of Illinois, was president in place of Major McKinley Spain would soon be brought to time, and the lives lost aboard the battle ship Maine through the treachery of the Spanish government would be avenged speedily. And Spain with other nations of the earth would be given to understand that the United States, the land and home of the free and the brave would not tolerate insults from this on. But, president McKinley, is like his predecessor Grover Cleveland afraid something will be said or done that will hurt the delicate and sensitive feeling of the spanish crown, or jeopardise the moneyed interests of Wall Street who may possibly hold Spanish bonds or securities. No other nation on the face of the globe would take what this government is taking and has taken for the past two years without making some little demonstration. The country is willing ready and waiting, to teach Spain a lesson, when the government at Washington awakens from their slumber to a realization of their duty.

ADDITIONAL LOCALS.

—Mr. Ernest Wright nephew of Will and Roy Wright, came up from Whitney Monday. He will visit with his relatives here for a week or more before returning home.

—James McCann is evidently about to retire from the gayeties of the world during lent, hence he triped the light fantastic with a number of his many friends on last Thursday night. Wish we were able to be present friend James.

—It seems sad, but it is a fact nevertheless: Sioux county is deprived of its two most necessary governing elements, namely Hon. Judge Wilson and Hon. Grant Guthrie, the former having gone on a trip to Wyoming, and the latter named is now at the capital. Well we are all at least with very few exceptions a law abiding people, and during this vacation of those two meteors of justice we'll try especially hard to be on our good behaviour, whether we succeed or not, remains to be seen.

One of Two Ways.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours; a sediment or settling indicates kidney or bladder troubles. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney, and bladder remedy is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention THE SIOUX COUNTY JOURNAL, and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

WELL WORTH READING.

Something in This Column That Will Interest Every Body.

Col. Bixby on Du Puy de Lome.

Col. Bixby, State Journal poet sizes up de Lome in becoming poetic style. Every body should read this poem, it is a good one:

Go home, nor longer roam
Upon Columbia's soil, sir;
Your face disgrace has brought the race
That sent you here to toil, sir.
Your word absurd the nation heard
With more contempt than wonder,
And thought you ought to leave the spot,
And so you are turned under.
Among the great in halls of state,
Your feet no more will patter;
You're done, my son, your mouth a gun
For shooting words that scatter.
You talked too much for one in touch
With Cuban's Butchers gory;
It wasn't wise to scandalize
Our nation's pride—Old glory.
Soon safe at home once more, deLome,
Your noisy tongue may rattle
From day to day, while here we say,
"Good riddance to such cattle."
Your Spanish clack, when you get back
Will not disturb us, no sir;
Your stay was short, and now old sport,
We're glad to see you go, sir.
