A map of the United States.

A wall map framed by the Burlington Route is three feet wide by four long, is printed in seven colors, is mounted on rollers, shows every state, county, important town and railroad in the Union, and carries a very desirable and useful adjunct to any home or business establishment. Purchased in large quantities, the map cost Burlington Route more than three cents each, but on receipt of this amount in stamps the undersigned will be pleased to send you one. Write immediately, as the supply is limited. J. FRANCIS, Gen'l Pass & Agent, Omaha, Neb.

E. E. Livermore, one of our fellow citizens has applied for a chance to serve his country in any way that may just suit our government, during the war between Spain and our country.

Yesterday was one of the windiest days we have experienced in over a year. It will do us for ten years to come. No such transfers of real estate has taken place for many moons as it did yesterday.

A gentleman by the name of Clark from near Alberta N. W. Territory, last Monday bought 75 head of saddle horses at the upper 33 ranch of the Lakota horse company which he will ship to Billings Mont., and from there he will drive them overland to the end of his destination. We did not learn the price paid.

Following are those who have contributed to the famine relief fund for the starving in Ireland and headed by Patrick Slattery, which he will forward to the proper parties for distribution:
Pat Slattery, \$2.00 James McCann, \$1.60
John Hines, .50 M. A. Bannan, 1.00
Geo. Davis, .50 Herb. Jordan, 1.00
Phill. Dann, .50 Leslie Crane, .25

While the JOURNAL does not want any fault with Stratton for not wanting to pump water for cattle for four or five miles around our village we do believe the new town board should so contract for keeping water on hand the people in the town will have water for ordinary use at least half of the time. There has been plenty of water pumped during the past year if our sides took did not come in and drink it up.

Mr. Andrew Kuori whose home is in Sowbelle canyon had a very serious accident on last Tuesday afternoon; as he was returning home from Harrison his horse became frightened at a piece of wall paper and rushed off at a break-neck speed and after running some distance Mr. K was thrown to the ground and shaken up quite badly though fortunately (at least for him) not seriously. The horses continued their wild course and mad dash for liberty until they reached the incline near Mr. K's home where Mrs. J. H. Bartell with her three children encountered them and had a hair-breadth escape from being run into by them and she was frank to acknowledge to the reporter of the JOURNAL that she will in future feel a little timid in driving through the canyon without the strong arm of her better half.

Tuesday night and Wednesday all day were windy days.

Wanted—Five hundred readers to subscribe for the JOURNAL one year at one dollar per year.
B. F. Thomas has made application to the war department at Washington for a commission as colonel in the war.

Notice—I tan cattle hides and all kind of skins with hair for robes, or without or leather. See sample and prices in J. H. Bartell's store.
H. O'CONNOR, Glen, Neb.

With this issue, the house of Deam will give to the JOURNAL as a subscriber another of its fiscal descendants in the person of Phil Dunn of Warbonnet Precinct.

John Marstellers well is down 290 feet with 168 feet of water. It was thought it would furnish sufficient water hence, Mr. Williams has finished the drilling.

Charles Coffee came up from Chadron yesterday noon. He reports some of the Chadron boys who are getting a little ticklish over the prospect of having to go to war.

Jane Smith will commence as soon as he can possibly get at it to build an addition to the building just purchased from Loney Sutton. The building will be 14 x 14 and on the West end of the present one.

With this issue E. R. Hudson who has been foreman for the P. E. ranch company sixty miles South of Harrison on the Platt river for a number of years will become a reader of the JOURNAL for the next year.

It now transpires that there are more physically disabled men in Harrison since war has been declared against Spain than has ever been known in the history of the town. A couple of well drilled soldiers could capture the town if the women should refuse to assist in the defense of our village.

In a letter to county attorney Guthrie from Judge Westover Tuesday he intimated that the spring term of court might possibly be adjourned over till fall on account of attorney A. G. Fisher and Col. Maher who will in all probability be called away on military duty. A. G. Fisher being captain of the Chadron state militia and Col. Maher being an officer of the Nebraska national guards.

The Chadron boys, who a few weeks ago formed themselves into a company of state militia with the expectation of being located at Ft. Robinson during hostilities between this nation and Spain have been ordered to report for duty at Lincoln today. The boys will drill thirty days at the capitol city after which they will probably be sent to the south to help thresh the ground with the murderous Spaniards. Capt. Fisher and his brave little company of frontiersmen may before their return be able to understand the real full meaning of the expression of Gen. W. T. Sherman, "War is hell." It is to be hoped that the brave boys of Chadron may all be spared to return home safe and sound.

Last Sunday the Johnson family and mother of ye editor took an outing down to the canyons north of Harrison. After driving down Sowbelle canyon and stopping at the sawmill and taking in the sights near Perry Whites, we directed our course farther down the canyon and stopped for a couple of hours at the residence of Mr. and Mrs. Nutto's where we were entertained right royally, after the inner man had been regaled on one of the finest and most wholesome dinners it has been the good fortune of this hungry editor and his family to partake of in Sioux county the outing party then directed its course down Monroe canyon this being our first glimpse of this canyon suffice it say while all admired its beauty, yet the entire party were unanimous in voting for their first love viz: Sowbelle canyon. To the lover of wild romantic scenery the JOURNAL would direct them invariably to view, aside from the far famed peaks of the Rockies, or even the lesser peaks of the White, the Blue, the Black, or the Green mountains, and give low into the Sioux county ravines and canyons, but should their ambition lead them higher, then ye editor would direct them towards the lofty summit of Castle Butte, and his many other minor peaks of which our own county the Sioux is so justly proud for the JOURNAL scribe is proud to claim our beloved Nebraska as his Alma Mater and as to hospitality none can compare with our Sioux county people, but pardon us we have turned aside from our original narration, but as our time and space are limited we will close by saying we arrived home later than our intention was when we left our cottage on Drexel Boulevard at 9:30 in the morning, our tourists lunch still in our basket owing to the generous hospitality of our kind friends Mr. and Mrs. Nutto and the Misses Nutto.

Frank Tinkham and Jack Kreidler expect to leave for Laramie peak tomorrow.

No nicer spring weather can be found in any country than we have been having for the past week.

George Gerlach will accompany Tinkham and Kreidler to their Laramie peak mines when they go.

Jerry Walls moved his family to the Canyon last Friday, where they will live for the summer.

M. J. Biewert left on a trip to Lincoln on business last Monday night. Mr. Biewert will return today or tomorrow.

B. F. Thomas removed his family to Crawford Monday of this week where they will be located for the present at least.

A dispatch from Washington announces that the issue of postage stamps commemorative of the Trans-Mississippi Exposition will soon be ready for distribution.

Mrs. Thos. Dunn left for Guthrie, Wyo., where her husband has been engaged in business for the past two months. Their little babe, whose life was almost spared of this past winter is doing nicely.

Frank Johnson and family who have been living in J. W. Sherrills house back of the court house during the winter, moved out to the William Noreisch place last Thursday and Friday, which Frank has rented for four years.

Henry Wirtz, who lives out in the rhenuberts of Harrison, when he came to town last Saturday, wanted to know if it was true that the Alfalfa 15 had been captured by the American grubs.

One of Two Ways.
The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.
Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the waste, like the bladder, was created for one purpose, and if not doctor-ed too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or some trouble of some sort. The error is usually ordered and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilmor's Swamp-Root, the great kidney and bladder remedy is soon realized. If you need a medicine you should have the best. At drug stores fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the SIOUX COUNTY JOURNAL and send your address to Dr. Kilmor & Co., Burlington, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Our country's Hops, Prof. John R. Gray July 15, 30-1AL.

There will be a teachers social July 22. Teachers are requested to come prepared to give a literary program Aug 5. Examination Aug 5 and 6. I hope everyone, residing in Sioux county, will manifest their interests in the cause of education, by their attendance at this Institute, or by visiting at least one day. A special invitation is extended to members of a school-board to come and visit us, and encourage the teachers to greater efforts than ever before, by showing an appreciation of their efforts in giving them their hearty support.

It is only right and just, that the teachers, who spend their time and money each year that they may be better prepared themselves for their work in the school-room, should have a first choice in our public schools. However the sole aim and end of right education is not just to teach school. The true aim of right education is to assist in the development of all the mental and physical powers. The end of right education is the complete development of those powers. I hope to meet many others at this Institute besides those who expect to teach school. Visitors will receive a hearty welcome.
