Geo. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.

The JOURNAL stands fairly and squarely on the Chicago platform, but will not hesitate to support and work for the election of candidates for the various offices to be voted for this fall no matter, whether they are Democrats, Populist or free silver Republicans, if endorsed by all the reform parties, conditional, however, that they advocate bi-metallicism the income tax law, opposition to national banks of issue, are opposed to the retirement of the greenbacks and treasury notes, favor government control of railroads, telegraph and telephone lines and the establishment of postal savings banking system, and also are opposed to the issuing of national bonds in time of peace.

It is earnestly requested that a full delegation be sent from each county, as many matters of importance will come up at this meeting and a permanent organization will be effected.

The representation is based upon the vote cast for Hon. J. J. Sullivan for Supreme Judge at the general election of 1897 viz: One delegate at large and one for each 100 votes or majority fraction thereof which gives the following by counties:

Box Butte.....6
Brown.....4

With this issue the 10th year of the Journals existence will expire.

The war department at Washington, expects any hour to hear of the fall of Manila.

Twenty-five Chambers of commerce along the sea coast of Spain have declared for peace.

The fusionists win in California. Congressman James G. Maguire was nominated for governor.

The 3rd Nebraska volunteers, Col. Bryan's regiment left Omaha for Jacksonville Fla., last Monday evening.

Porto Rico is the next point of attack by the U. S. land and naval forces which will doubtless take place within a fortnight.

There is every indication of an uprising in Spain among Don Carlists and the Wyleries combined, so say the special dispatches from Madrid.

By the surrender of Santiago and all eastern Cuba 24,000 Spanish troops become prisoners of war to the military authorities of Uncle Sam.

G. M. Hitchcock and the Exposition managers at Omaha have displayed their good will in behalf of the country editors in granting them free season passes.

Idaho, is another state to formally announce through the Populists of that state that they favor united action by the three reform parties in the fall campaign.

Commodore Watson now has his sailing orders for the coast of Spain, and will proceed at once on his mission to teach that haughty and arrogant nation, another costly lesson unless peace be declared sooner.

Maj. Genl. Nelson A. Miles, commander-in-chief of the land and naval forces of the United States arrived on the scene of action at Santiago in time to receive the honor as one of the heroes as Com. Sampson did at the time Com. Schley was just completing the destruction of Cervera's fleet.

The Illinois Democracy who held their state convention at Springfield July 12th have declared their allegiance to Hon. W. J. Bryan as the matchless leader of the nation democracy for the free and unlimited coinage of silver at the present legal ratio; the endorsement of the war against Spain and protest against territorial expansion.

George Gould in order to evade the war tax, claims that the \$5,000,000 bequeathed to him by his father was not a gift but a salary of \$500,000, a year for a period of ten years. Thus it will be seen that the rich will find some way if possible to get out of paying their just share of the war taxes, yes, and all other taxes. The poor man must pay it.

Dr. E. Benjamin Andrews, president of Brown university of R. Island, was elected superintendent of the Chicago schools on the 13th inst., receiving 13 votes out of 19 which composed the board of directors. He is the same Prof. Andrews, who was requested to resign as president of that university by the gold monometallists in '96-7, because of the Professor's free silver proclivities.

Double Drowning.

The startling news of a double drowning, reached town yesterday at noon. It was reported to have occurred on Lone Tree a dry creek four or five miles west of Chadron.

At once men and teams sped for the scene of the drowning with ropes and hooks to assist in recovering the bodies.

The story of the drowning told by the grief stricken women was about as follows: A party consisting of Mr. and Mrs. Wm. Thompson, Henry and Theodore and Miss Lena Thompson, all of Lakeside Nebraska. Mrs. F. A. Allen and Miss Lou Swayer, of Cedar Rapids, Ia., Miss Ella Watson Aurelia, Iowa; Mrs. Carrie Thompson Wintest Ia.; and they had been to Sylvan Lake S. D. on an outing trip. They were returning from the north and the team in the lead carrying Mr. and Mrs. Wm. Thompson and his brother Henry and sister Miss Lena.

Coming to the dry creek not more than a hundred yards or so from the Dakota Junction depot, they discovered it containing back water from White river and the ladies asked to get out of the buggy and the gentlemen let them alight and then drove into the water little dreaming its depth or lurking danger. The ladies started to go around on the railroad track and were not to exceed fifty feet from the men when the team buggy and men plunged into a hole that afterwards measured fourteen feet deep. They all went down together. Mrs. Thompson last saw her husband

clinging to the bows of the vehicle and as he could swim, she believes he was held by some fastening. His brother Henry could not swim and floated off down with the tide water. He rose and sank three times and the last time Mrs. Thompson who ran along the waters edge could almost reach him.

Mrs. Thompson was Miss Lulu Kendall until just a month ago yesterday, and she is a sister to E. S. Kendall late of the "Recorder," and was a student in the Academy in this city last year.

After the drowning, the ladies helpless in despair turned and walked to W. A. Birdsall with the awful story. Help followed the spreading of the news and at 4:20 one of the bodies was recovered.

The second section conveying the baggage and the other five members of the party came along and in sight of the scene of the calamity about the middle of the afternoon only to find a large party in search of the drowned men.

The drowned men were brothers, aged 25 and 17 years respectively.

The ladies were brought to town and every care and comfort given them at the home of A. S. Mossman, where Mrs. Thompson is known and esteemed.

At 5:20 o'clock the body of the younger brother was recovered. Though the drag nets were in use till long after midnight the body of the married man was not recovered till 6:30 this morning.

The team was first taken out.—The (Chadron) News.
