OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.

The JOURNAL stands fairly and squarely on the Chicago platform, but will not hesitate to support and work for the election of candidates for the various offices to be voted for this fall no matter, whether they are Democrats, Populist or free silver Republicans, if endorsed by all the reform parties, conditional, however, that they advocate bi-metallicism the income tax law, opposition to national banks of issue, are opposed to the retirement of the greenbacks and treasury notes, favor government control of railroads, telegraph and telephone lines and the establishment of postal savings banking system, and also are opposed to the issuing of national bonds in time of peace.

Miss Ellen Gould of New York city during and since the war has donated for the relief of the suffering \$125,000. Though rich she knows how to use her wealth for the good of her fellow beings. She represents the true Christian of today.

It is said by the great dailies that Maj. General Nelson A. Miles is coming home to prefer charges against secretary of war Alger.

The National Currency convention will take place at the Exposition at Omaha as one of the special features Sept. 13-14 and 15.

Sept. 2nd has been designated as the day when the Modern Woodman of America will invade and take charge of the Trans-Mississippi Exposition at Omaha.

Emperor Nicholas of Russia, has issued a note to the powers of the world asking for an international peace congress looking to the reduction of the armies and navies of the world. What does it mean? Does it mean that the millennium is soon to be ushered in and that "old serpent, which is the devil and satan" to be bound a thousand years? That he should be cast into the bottomless pit, that he should deceive the nations no more for a thousand years.

Attorney General Smythe has been requested by the Commercial club of Omaha to commence legal proceedings to compel the Adams, American, Pacific Southern, United States and Wells Fargo express companies to pay the war revenue tax, which they have been making the patrons of the several companies pay it.

That shows what the corporations will do to maintain the honor and dignity of this great and glorious republic as that same class of people told us in 1896.

The democrats of this representative district, who claim to have authority to call a convention evidently propose to do what they can to prevent a union of the reform forces by either not making a call at all or waiting until the populists have nominated a candidate and then call a convention to put up a democrat to be defeated in the interests of the republican party. Though it may not be so, yet their acts point that way and indicate Hanocratic politics.

The conventions of the three reform parties of the 2nd congressional district nominated Hon. G. M. Hitchcock, as their candidate for congress.

The JOURNAL believes that no better man could have been found if elected, to represent the peoples interest at the national capital than editor Hitchcock of the World-Herald. No body has done more for the interests of the people of Nebraska, in various ways than he has and the honor now bestowed on him, is unhesitating and one well merited.

Ohio democrats at their state convention a few days ago at Dayton, did not mince matters in their platform of resolutions regarding the financial theory, and paying a glowing tribute to Hon. W. J. Bryan, that matchless leader of democracy from Nebraska, when it says:

We particularly endorse the financial plank of the Chicago platform, declaring for the free and unlimited coinage of silver and gold at the legal ratio of 16 to 1 independent of any and all other nations.

We are proud of the patriotic conduct in peace and war of that great leader William J. Bryan, and we favor his re-nomination for president in 1900.

The republican party of South Dakota, in their state convention held at Mitchell last Friday declared unequivocally in favor of the single gold standard. Thus one by one the republican conventions in the several states of the Union, (except Utah) are being forced by the administration to take a stand on the financial question in their platforms that cannot be misconstrued or that gives an uncertain sound. Hence the free silver republicans, who two years ago thought McKinley was a benefactor, find the mask he wore then is being gradually removed.

Three new trusts are now being formed in Wall street, whose combined capital aggregate somethings like \$425,000,000. Following will show what a trust forming administration is doing for the people.

Iron & Steel Trust	\$200,000,000.
Wheat & Flour Trust	\$150,000,000.
The Chemical Acid Trust	\$75,000,000.
Total	\$425,000,000.

We learn that editor Goods of the Valentine Democrat has purchased the Western News plant together with the mailing list and good will, which we presume will be consolidated with the former, and which will no doubt very materially enlarge the business and circulation Brer Goods' paper at least we sincerely hope the deal will be a profitable one in more ways than one.

The Republican leaders made a great howl early in the spring about wheat leaving silver away behind saying that W. J. Bryan was talking through his hat in 96-7 but they are not talking much now.

Not-with-standing the United States army has been able to whip Spain a plenty, in remembrance of the Maine and the starving to death of hundreds of thousands of the Cubans, yet, through the incompetency and criminal negligence of the officials at Washington, or their subordinates, either in the departments or in the army at the front our brave boys who were willing to volunteer and take up arms in the war just closed for the sake of maintaining the honor and dignity of the greatest nation and republic on earth have been permitted to die of pestilence fevers; want of proper care and food. And if what we read in the great dailies is only partly true, the investigation that is to take place soon by order of the authorities at Washington, it is liable to reveal one of the worst war scandals in the history of nations, as General Miles, head of all of the armies of the nation (except the president), and secretary of war R. A. Alger have their war paint still on and we may expect some wonderful disclosures regarding the conduct of the war and the caring for our sick and wounded. If there had been more patriotism displayed down at Washington and less political favoritism until after the war was over at least, the humiliating scandal about to be heralded broad cast over the world by an official investigation at Washington would have been averted, but as it is the U. S. government officials will now be a laughing stock to all nations.

### Voters of Sioux County Attention!

During the two years of 1895 and 96 the public schools of Sioux county re-elected from the republican state administration for school the sum \$1599.14.

During 18 months under the state administration of demo-pop rule ending June 30th, the public schools of Sioux county received on school apportionment the sum of \$1955.38. Hence it will be seen that the reform administration has increased the school fund of Sioux county in 18 months of \$356.24 MORE than was paid to the public schools of Sioux county by the republican administration during the two years 1895 and 1896. The average semi-annual apportionment for the republican years '95-'96 is \$344.53, and the average for 18 months under demo-pop rule is \$651.79 hence if the apportionment for the last half of '98—which makes a parallel term of two years with that of the republicans—will make the average of \$651.79, and in all probability will be much better, Sioux county would be ahead \$1025.02.

Can it be possible the people of Sioux county would be willing to reinstate in power down at Lincoln next November the republican party who failed to do their duty toward our public schools when the resources of the country were just as good then as they have been since? Certainly, the election of president McKinley did not have anything to do with the apportionment of Sioux county's school apportionment.

President McKinley and his cabinet have accepted invitations and will visit Omaha and the great Exposition Oct. 10-15.

Maj. General Nelson A. Miles is to be tried by court martial. Everything now bids fair to some of the officials of the war department having their own characters aired as well as that of Genl. Miles.

The same influences are at work in this congressional district insisting that the democrats ought to put up a democratic candidate that is working in this representative district with no other motive in view than to divide the reform forces, well knowing the republicans will stand no show to elect their candidates unless they succeed in getting up a three cornered fight and the JOURNAL is sorry to believe that some who call themselves democrats are lending the opposing forces a helping hand.

If such daily papers as the Chicago Tribune, Minneapolis Journal, Minneapolis Tribune, Boston Herald, Buffalo, Enquirer, and News, all republican; and Omaha World-Herald, Denver News and New York Journal democratic, are reliable, Sec. Alger is guilty of incompetency and criminal neglect in the way the soldiers have been treated both in camp and on the field of battle and he deserves to be impeached. If he is not guilty he should order an investigation of the charges and put the blame where it belongs.

## A CRITICAL TIME

DURING THE BATTLE OF SANTIAGO.

Sick or Well, a Rush Night And Day.

The packers at the Battle of Santiago de Cuba were all heroes. Their heroic efforts in getting ammunition and rations to the front saved the day.

B. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says:

"We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Dr. J. E. Phinney.

### Beautiful Easter Lilies or Fairy Lillies.

Florida is the home of the famous Easter Lily. During the blooming season, in some places, the ground is almost white with their beautiful, lily white flowers, and thousand of them are picked by the colored children and carried to market. Before coming north I had a fine lot of the lily bulbs dug, and brought them with me; they make lovely house plants and are sure to bloom. Any one who would like two or three of these lily bulbs can have them by sending a stamp to pay postage. You are indeed very welcome to send as I can get more when I return to Florida next fall.
