—Honious Wills, who has been at work on the range near Casper during the summer came down on a visit and doubtless to attend court next Monday. He will return in about two weeks. —With this issue of the JOURNAL C. H. Grewell will inscribe his name among its many readers for the ensuing year at least. —The unveiling ceremony of the monument erected in memory of Burt Dew, by the Woodman of the World, will take place at the cemetery on Sunday, Sept. 25, 1898. Invitations are extended to the public in general to be present and witness the ceremony.

—The first snow of the season fell last Friday night. Probably two inches fell but by 9 o'clock a. m., it had all disappeared. It is said by those who are old residents and ought to know, it was the first snow to come so early in September. It did not freeze however during the night.

—The party on the little Cottonwood valley, in Sioux county, who stole the wire off the Cora Smith place and the lumber off the Joe Crail place had better return the same inside of ten days or he will be brought before the fall term of the district court, as the neighbors are getting tired of such petty thieving.—Crawford Bulletin.

—Fred Knott, the Gilchrist farmer, was after the JOURNAL reporter for the first of the week, with his car on for saying last week, we understand that his office had only three patrons but by referring him to our worthy postmaster, A. John Marsteller of this place received a complimentary vote in the democratic convention but was not a candidate. —Hon. Raum of Sioux county as the chairman of this representative district that privilege having been accorded to Mr. Gerlach by the populist convention, as it has always been a custom of that party. Some Plain Facts. Grave errors, injustice, wrongs of greater or less degree, arise from lack of knowledge of the truth, and more frequently from deception. The most infamous case on record of deception and injustice is the attempt to demonetize silver as a money of final redemption in the United States. There is no learned judge, skilled lawyer, or court of justice that is capable of reconciling the effort with the constitutional laws that govern the issue of money in this country. The people have been deceived, officials in power, chosen to administer justice under the laws, have ignored their sworn duty, and given aid to the scheme that has paralyzed industry, reduced property values one-half, and beggared millions. There is no authority of law, either specific or by inference, by which gold alone is made the only money with which to discharge debts, either public or private. The effort to make it so is unconstitutional and a national calamity. Plain and ample information, facts, and truth, concerning this almost successful scheme to corner the wealth of the people, is now being printed in the Cincinnati Enquirer, a newspaper which the combined power of money has failed to muzzle or buy. The Weekly Enquirer is only 75c. a year. The address is Enquirer Company, Cincinnati, O.
